Rational Egoism A Selective And Critical History:

Rational Egoism Robert Shaver,1999 This book is an extensive history and evaluation of rational egoism **Kantian and Sidgwickian Ethics** Tyler Paytas,Tim Henning,2020-06-10 Immanuel Kant and Henry Sidgwick are towering figures in the history of moral philosophy Kant's views on ethics continue to be discussed and studied in detail not only in philosophy but also theology political science and legal theory Meanwhile Sidgwick is emerging as the philosopher within the utilitarian tradition who merits the same meticulous treatment that Kant receives As champions of deontology and consequentialism respectively Kant and Sidgwick disagree on many important issues However close examination reveals a surprising amount of consensus on various topics including moral psychology moral epistemology and moral theology This book presents points of agreement and disagreement in the writings of these two giants of philosophical ethics The chapters will stimulate discussions among moral theorists and historians of philosophy by applying cutting edge scholarship on each philosopher to shed light on some of the more perplexing arguments and views of the other and by uncovering and examining points of agreement between Sidgwick and Kant as possible grounds for greater convergence in contemporary moral philosophy This is the first full length volume to investigate Sidgwick and Kant side by side It will be of major interest to researchers and advanced students working in moral philosophy and its history **The 17th and 18th Centuries** Frank N.

Magill,2013-09-13 Each volume of the Dictionary of World Biography contains 250 entries on the lives of the individuals who shaped their times and left their mark on world history This is not a who's who Instead each entry provides an in depth essay on the life and career of the individual concerned Essays commence with a quick reference section that provides basic facts on the individual's life and achievements The extended biography places the life and works of the individual within an historical context and the summary at the end of each essay provides a synopsis of the individual's place in history All entries conclude with a fully annotated bibliography [The Shorter Routledge Encyclopedia of Philosophy](#) Edward

students and general readers alike Global Journalism Ethics Stephen J.A. Ward,2010-03-26 An argument for a new system of ethics in journalism that will take into account its global reach and impact *Economics, Sustainability, and Democracy* Christopher L. Nobbs,2013 This text argues that the major economic problems of the present century involve issues of public goods and common pool resources with which orthodox economic theory based as it is on private markets is ill equipped to deal *Sidgwickian Ethics* David Phillips,2011-07-01 Henry Sidgwick s *The Methods of Ethics* is one of the most important books in the history of moral philosophy But it has not hitherto received the kind of sustained scholarly attention its stature merits David Phillips aims in *Sidgwickian Ethics* to do something that has surprisingly not been done before to interpret and evaluate the central argument of the *Methods* in a way that brings out the important conceptual and historical connections between Sidgwick s views and contemporary moral philosophy Sidgwick distinguished three basic methods utilitarianism egoism and dogmatic intuitionism And he focused on two conflicts between utilitarianism and dogmatic intuitionism and between utilitarianism and egoism Sidgwick believed he could largely resolve the conflict between utilitarianism and dogmatic intuitionism but could not resolve the conflict between utilitarianism and egoism Phillips suggests that the best way to approach Sidgwick s ideas is to start with his views on these two conflicts and with the metaethical and epistemological ideas on which they depend Phillips interprets and largely defends Sidgwick s non naturalist metaethics and moderate intuitionist moral epistemology But he argues for a verdict on the two conflicts different from Sidgwick s own Phillips claims that Sidgwick is less successful than he thinks in resolving the conflict between utilitarianism and dogmatic intuitionism and that Sidgwick s treatment of the conflict between utilitarianism and egoism is more successful than he thinks in that it provides the model for a plausible view of practical reason Phillips s book will be of interest to two different groups of readers to students seeking a brief introduction to Sidgwick s most important ideas and a guidebook to the *Methods* and to scholars in ethics and the history of ideas concerned with Sidgwick s seminal contribution to moral philosophy The Virtuous Physician James A. Marcum,2012-01-03 Although modern medicine enjoys unprecedented success in providing excellent technical care many patients are dissatisfied with the poor quality of care or the unprofessional manner in which physicians sometimes deliver it Recently this patient dissatisfaction has led to quality of care and professionalism crises in medicine In this book the author proposes a notion of virtuous physician to address these crises He discusses the nature of the two crises and efforts by the medical profession to resolve them and then he briefly introduces the notion of virtuous physician and outlines its basic features Further virtue theory is discussed along with virtue ethics and virtue epistemology and specific virtues especially as they relate to medicine The author also explores the ontological priority of caring as the metaphysical virtue for grounding the notion of virtuous physician and two essential ontic virtues care and competence In addition to this he examines the transformation of competence into prudent wisdom and care into personal radical love to forge the compound virtue of prudent love which is sufficient for defining the virtuous physician Lastly two

clinical case stories are reconstructed which illustrate the various virtues associated with medical practice and it is discussed how the notion of virtuous physician addresses the quality of care and professionalism crises

Trust Thomas W. Simpson, 2023 Thomas W Simpson addresses the fundamental question why should I trust He argues that social norms of trustworthiness resolve a tension between the thought that our trust should be based on the evidence you have for someone s trustworthiness and the thought that someone s word is normally enough to settle for you whether you should trust them

John Stuart Mill and the Art of Life Ben Eggleston, Dale Miller, David Weinstein, 2011 The Art of Life is John Stuart Mill s name for his account of practical reason In this volume eleven leading scholars elucidate this fundamental but widely neglected element of Mill s thought Mill divides the Art of Life into three departments Morality Prudence or Policy and aesthetics In the volume s first section Rex Martin David Weinstein Ben Eggleston and Dale E Miller investigate the relation between the departments of morality and prudence Their papers ask whether Mill is a rule utilitarian and if so whether his practical philosophy must be incoherent The second section contains papers by Jonathan Riley and Wendy Donner who explore the relation between the departments of morality and aesthetics They discuss issues ranging from supererogation to aesthetic pleasure and humanity s relationship with nature The papers in the third section consider the Art of Life s axiological first principle the principle of utility Elijah Millgram contends that Mill s own life refutes his claim that the Art of Life has a single axiological first principle Philip Kitcher maintains that Mill has a dynamic axiology requiring us to continually refine our conception of the good In the final section three papers address what it means to put the Art of Life into practice Robert Haraldsson locates an Art of Ethics in On Liberty that is in tension with the Art of Life Nadia Urbinati plumbs the classical roots of Mill s view of the good life Finally Colin Heydt develops Mill s suggestion that we regard our own lives as works of art

The Development of Ethics, Volume 3 Terence Irwin, 2009-09-10 This book is a selective historical and critical study of moral philosophy in the Socratic tradition with special attention to Aristotelian naturalism It discusses the main topics of moral philosophy as they have developed historically including the human good human nature justice friendship and morality the methods of moral inquiry the virtues and their connexions will freedom and responsibility reason and emotion relativism subjectivism and realism the theological aspect of morality The first volume discusses ancient and mediaeval moral philosophy The second volume examines early modern moral philosophy from the 16th to the 18th century This third volume continues the story up to Rawls s Theory of Justice A comparison between the Kantian and the Aristotelian outlook is one central theme of the third volume The chapters on Kant compare

Kant both with his rationalist and empiricist predecessors and with the Aristotelian naturalist tradition Reactions to Kant are traced through Hegel Schopenhauer Nietzsche and Kierkegaard Utilitarian and idealist approaches to Kantian and Aristotelian views are traced through Sidgwick Bradley and Green Mill and Sidgwick provide a link between 18th century rationalism and sentimentalism and the 20th century debates in the metaphysics and epistemology of morality These debates are explored in Moore Ross Stevenson Hare C I Lewis Heidegger and in some more recent meta ethical discussion This volume concludes with a discussion of Rawls with special emphasis on a comparison of his position with utilitarianism intuitionism Kantianism naturalism and idealism Since this book seeks to be not only descriptive and exegetical but also philosophical it discusses the comparative merits of different views the difficulties that they raise and how some of the difficulties might be resolved It presents the leading moral philosophers of the past as participants in a rational discussion in which the contemporary reader can participate

The Cosmos of Duty Roger Crisp, 2015-06-04 Roger Crisp presents a comprehensive study of Henry Sidgwick's *The Methods of Ethics* a landmark work first published in 1874 Crisp argues that Sidgwick is largely right about many central issues in moral philosophy the metaphysics and epistemology of ethics consequentialism hedonism about well being and the weight to be given to self interest He holds that Sidgwick's long discussion of common sense morality is probably the best discussion of deontology we have And yet *The Methods of Ethics* can be hard to understand and this is perhaps one reason why though it is a philosophical goldmine few have ventured deeply into it What does Sidgwick mean by a method Why does he discuss only three methods What are his arguments for hedonism and for utilitarianism How can we make sense of the idea of moral intuition What is the role of virtue in Sidgwick's ethics Crisp addresses these and many other questions offering a fresh view of Sidgwick's text which will assist any moral philosopher to gain more from it

The Good Life and the Good State Katharina Nieswandt, 2025-01-14 There is no good human life outside of a state and the good state enables us to live well together so says Constitutivism the theory developed in this book Reinvigorating Aristotelian ideas the author asks in what sense citizens of modern populous and pluralistic societies share a common good While we can easily find examples of cooperation that benefit each member such as insurances the idea that persons could share a common good became puzzling with modernity a puzzlement epitomised in Margaret Thatcher's *What is society* There is no such thing This puzzlement the author argues results from our profoundly modern understanding of rational actions which we see as means toward outcomes If we allow that not only outcomes but also histories and identities can be good reasons for actions then it makes sense to see a person's good and the common good of their political community as constitutive of one another as Aristotle thought Building on this idea the author argues that in designing our institutions we also give ourselves an identity in other words we constitute ourselves as persons
