

Reluctant Imperialists?

- Other than staying briefly in coastal forts for slaves and supplies, the European powers had avoided Africa. It was the last Continent to be divided amongst the European powers - even though it was the closest. Why was that?
 - List as many reasons as you can!

Reluctant Imperialists

Ian Hill Nish

Reluctant Imperialists:

Reluctant Imperialists Pt1 V1 C.J. Lowe,2014-05-01 First published in 2001 This is part of the Foreign Policies of Great Power series this is Volume I of British Foreign Policy from 1878 to 1902 and focuses on the reluctant imperialists The work was published in two parts with the dividing line being 1902 **The Reluctant Imperialists** C. J. Lowe,1967 **The Reluctant Imperialists** C.J. Lowe,2013-10-08 First Published in 2001 The Reluctant Imperialists British Foreign Policy 1878 1902 Volume II focuses on the documents whose purpose is less to define what policy was than to give students some idea of the dialogue that lay behind it Choose Your Weapons Douglas Hurd,2013-03-28 Noisy popular liberal interventionism Or a more conservative diplomatic approach concentrating on co operation between nations This is the debate that lies at the heart of modern politics and Hurd traces its most interesting and influential exponents He starts with Canning and Castelreagh in post Waterloo Britain to a generation later the victory of the interventionist Palmerston over Aberdeen then to Salisbury Imperialism and Grey European balance of power and finally to Eden and Bevin who combined to lay the foundations of a post war compromise That delicate balance has served its purpose for over half a century but as we enter a new era of terrorism and racial conflict the old questions and divisions are re surfacing *The Reluctant Imperialists* Cedric James Lowe,1967 The Reluctant Imperialists Imanuel Geiss,2002 **The Reluctant Imperialists** Cedric James Lowe,1967 **The Reluctant Imperialists** C. J. Lowe,1967 **Reluctant Imperialists Pt1 V1** C.J. Lowe,2014-05-01 First published in 2001 This is part of the Foreign Policies of Great Power series this is Volume I of British Foreign Policy from 1878 to 1902 and focuses on the reluctant imperialists The work was published in two parts with the dividing line being 1902 Censorship and Propaganda in World War I Eberhard Demm,2019-05-30 This book demonstrates how people were kept ignorant by censorship and indoctrinated by propaganda Censorship suppressed all information that criticized the army and government that might trouble the population or weaken its morale Propaganda at home emphasized the superiority of the fatherland explained setbacks by blaming scapegoats vilified and ridiculed the enemy warned of the disastrous consequences of defeat and extolled duty and sacrifice The propaganda message also infiltrated entertainment and the visual arts Abroad it aimed to demoralize enemy troops and stir up unrest among national minorities and other marginalized groups The many illustrations and organograms provide a clear visual demonstration of Demm s argument **The Presidency of James K. Polk** Paul H. Bergeron,1987 James K Polk was one of the strongest and most active presidents ever to occupy the office In the nineteenth century only Jefferson Jackson and Lincoln matched his overall leadership and domination of national government Bergeron s crisp insightful narrative shows how and why Polk achieved such stature and yet failed to attract the kind of popular support or retrospective recognition granted other presidential luminaries A native of North Carolina Polk prepared for the presidency by honing his leadership skills as a seven term congressman speaker of the house and governor of Tennessee Bergeron s summary and analysis of those years shed light on the foundations of the presidency that followed

He provides fresh new perspectives on Polk's relationship with his cabinet, his skirmishes with Congress over domestic economic legislation and the curse of presidential patronage. But perhaps the most fascinating portions of this study are devoted to Polk's role as the western expansionist. By the end of his term the United States had acquired enormous territories in the Southwest and far West. Bergeron demonstrates that Polk adroitly used both war and diplomacy to acquire and protect these lands. When the annexation of Texas led to the outbreak of war with Mexico, Polk was forced to become commander in chief of the American forces. In contrast, the potentially explosive dispute with Great Britain over Oregon's borders was settled through purely diplomatic means. Norman A. Graebner, in *America's Top Ten Presidents*, declares Polk's achievements in diplomacy were among the most remarkable in American history. Drawing upon a careful review of the extensive literature on our eleventh president as well as Polk's personal diary, Bergeron has written a significant and balanced reassessment of the Polk presidency. In the process, he has also created a revealing portrait of a complex man who led the nation with imperial determination tempered with compassion, generosity, and even humor.

Italian Foreign Policy 1870-1940 C.J. Lowe, F. Marzari, 2013-10-15. This is Volume VIII of eleven in a collection of works on Foreign Policies of the Great Powers. Originally published in 1975 and looks at the policies of Italy from 1870 to 1940, including topics from independence to alliance, Mancini, Robilant, the Crispi period, the Prinetti-Barrère agreement, War during 1914 and 15, Mussolini, Italo-French relations, The Rome-Berlin Axis, and the war in 1940.

The Fear of Invasion David G. Morgan-Owen, 2017-07-07. *The Fear of Invasion* presents a new interpretation of British preparation for war before 1914. It argues that protecting the British Isles from invasion was the foundation upon which all other plans for the defence of the Empire were built up. Home defence determined the amount of resources available for other tasks, and the relative focus of the Army and Navy as both played an important role in preventing an invasion. As politicians were reluctant to prepare for offensive British participation in a future war, home defence became the means by which the government contributed to an ill-defined British grand strategy. The Royal Navy formed the backbone of British defensive preparations. However, after 1905, the Navy came to view the threat of a German invasion of the British Isles as a far more credible threat than is commonly realised. As the Army became more closely associated with operations in France, the Navy thus devoted an ever greater amount of time and effort to safeguarding the vulnerable east coast. In this manner, preventing an invasion came to exert a very insidious effect on the Navy by the outbreak of war in 1914. This book explains how and why this came to pass and what it can tell us about the role of government in forming strategy.

Nineteenth-Century Britain: A Very Short Introduction Christopher Harvie, Henry Colin Gray Matthew, 2000-08-10. Here is a sharp but subtle account of one hundred years of remarkable economic and social change and an even more remarkable political stability. Britain in 1789 was overwhelmingly rural, agrarian, and almost half Celtic. By 1914, when it faced its greatest test since the defeat of Napoleon, it was largely urban and English. The authors highlight the forces behind Britain's rise to its imperial zenith. The effects of the Industrial Revolution caused cities to swell enormously. London

for example grew from about 1 million people to over 6 million Abroad the British Empire was reaching its apex while at home the world came to marvel at the Great Exhibition *British Foreign Policy since 1945* Mark Garnett, Simon Mabon, Robert Smith, 2017-09-19 British Foreign Policy since 1945 brings a chronological approach to the study of British foreign policy since the Second World War in order to make the principal events and dynamics accessible within a broader historical and cultural context The key features included in this book a detailed chronological survey of developments in post war British politics an integrated discussion of foreign and domestic policy developments indicating connections and interlocking themes illustrations of British foreign policy drawn from popular culture analysis of Britain's role in the world particularly in regards to the UK's special relationship with the US and its decision to leave the EU a range of in text features including essay questions and seminar discussion topics This timely book will be essential reading for anyone interested in British politics foreign policy analysis and British history *Access to History The British Empire, c1857-1967 for AQA* Alan Farmer, 2018-08-06 Exam Board AQA Level AS A level Subject History First teaching September 2015 First exams Summer 2017 A level Give your students the best chance of success with this tried and tested series combining in depth analysis engaging narrative and accessibility Access to History is the most popular trusted and wide ranging series for A level History students This title Supports the content and assessment requirements of the 2015 A level History specifications Contains authoritative and engaging content Includes thought provoking key debates that examine the opposing views and approaches of historians Provides exam style questions and guidance for each relevant specification to help students understand how to apply what they have learnt This title is suitable for a variety of courses including AQA 1J The British Empire c1857 1967

Nineteenth-Century Europe Michael Rapport, 2018-08-11 A core introductory textbook that provides students with an overview of the key issues in Europe's long nineteenth century from the French Revolution in 1789 until the outbreak of the First World War in 1914 Telling the story of how Europeans entered politics in the fiery trials of revolution and industrialization the text opens with the French Revolution passes through the crucible of the 1848 Revolutions and ends with the emergence of mass movements socialist revolutionary nationalist and authoritarian which anticipated those of the twentieth century This is an ideal text for modules on Modern European History or Nineteenth Century Europe which may be offered at all levels of an undergraduate History or European Studies degree In addition it is a crucial resource for students who may be studying nineteenth century Europe for the first time as part of a taught postgraduate degree in Modern History or European Studies **Events That Formed the Modern World** Frank W. Thackeray, John E. Findling, 2012-05-31 This comprehensive five volume set contains readable essays that describe and interpret the most important global events since the European Renaissance some accompanied by related document excerpts and primary source materials What were the effects of the Age of Exploration on today's ethnic groups and social structure How did the development of moveable type pave the way for Facebook and Twitter Why is the Reformation so critical for understanding today's religious controversies

This set will help readers answer these questions by exploring the most significant historical events of the modern world This five volume set covers times from the Renaissance to the present Each volume focuses on a specific historic period and examines 12 events within those time frames that changed the world Each entry provides an introduction that lays out factual material in a chronological manner an in depth essay interpreting the event s significance and an annotated bibliography of the most important current works on the topic Select entries are followed by primary sources pertaining to the event under consideration such as diary entries Targeted to both general readers as well as entry level university students this book also directly supports high school and undergraduate curricula allowing students to identify and contextualize events in order to think critically about their causes aftermath and legacy **Collected Writings of Ian Nish**

Ian Hill Nish,2001 Selling the Congo Matthew G. Stanard,2012-01-01 Belgium was a small neutral country without a colonial tradition when King Leopold II ceded the Congo his personal property to the state in 1908 For the next half century Belgium not only ruled an African empire but also through widespread enduring and eagerly embraced propaganda produced an imperialist minded citizenry Selling the Congo is a study of European pro empire propaganda in Belgium with particular emphasis on the period 1908 60 Matthew G Stanard questions the nature of Belgian imperialism in the Congo and considers the Belgian case in light of literature on the French British and other European overseas empires Comparing Belgium to other imperial powers the book finds that pro empire propaganda was a basic part of European overseas expansion and administration during the modern period Arguing against the long held belief that Belgians were merely reluctant imperialists Stanard demonstrates that in fact many Belgians readily embraced imperialistic propaganda Selling the Congo contributes to our understanding of the effectiveness of twentieth century propaganda by revealing its successes and failures in the Belgian case Many readers familiar with more popular histories of Belgian imperialism will find in this book a deeper examination of European involvement in central Africa during the colonial era

Getting the books **Reluctant Imperialists** now is not type of inspiring means.
