Excerpt from *Reveille in Washington 1860-1865* Uneasily in the Presidential chair sat James Buchanan of Pennsylvania like a nervous gentleman on a runaway horse longing for the ride to be over A commonplace politician of nearly seventy he was conscientious evasive and irresolute He was a staunch Democrat Southerners were his friends and closest political associates He had belatedly become aware that his allegiance might carry him into presiding over the disruption of his country General Scott's repeated advice to strengthen the Southern forts had no more effect on him than on his secessionist War Secretary Mr Floyd Mr Buchanan was not oblivious of the problem of the forts In conference with his divided Cabinet he was considering little else than the question of the policy to be pursued in Charleston harbor Major Robert Anderson stationed with a small garrison at Fort Moultrie was appealing to the Government to take a stand if it was intended to hold the forts Anderson begged for reinforcements Dreading a collision the President felt obliged to follow a policy so noncommittal that it produced the impression of being no policy at all However dull ears might be at the North Mr Buchanan had heard the roar of the deluge and to the induction into office of his successor Mr Lincoln he was looking forward with the keenest anticipation Washington was in a turmoil Its very existence as the Federal City seemed threatened Geographically the situation of the District of Columbia was precarious If the slave States of Virginia and Maryland were both to secede they would carry Washington with them Sympathy with secession was strong in a large group of the city's residents and it was feared that they would participate in any seditious enterprise Men in public life found their mail heavy with threats and warnings and General Scott's ears were soon ringing with stories of conspiracy About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works      **Reveille in Washington 1860-1865. fascinating reading for Civil War buffs local historians and those interested in the history of American military engineering

Distinguished Writing Awards As historian David W Bright noted in *Race and Reunion The Civil War in American Memory* No other historical experience in America has given rise to such a massive collection of personal narrative literature written by ordinary people This massive collection of memoirs recollections and regimental histories make up the history of the Civil War seen through the eyes of the participants This work is an overview of what Civil War soldiers and veterans wrote about their experiences It focusses on what veterans remembered what they were prepared to record and what they wrote down in the years after the end of the war In an age of increased literacy many of these men had been educated whether at West Point Harvard or other establishments but even those who had received only a few years of education chose to record their memories The writings of these veterans convey their views on the cataclysmic events they had witnessed but also their memories of everyday events during the war While many of them undertook detailed research of battles and campaigns before writing their accounts it is clear that a number were less concerned with whether their words aligned with the historical record than whether they recorded what they believed to be true This book explores these themes and also the connection between veterans writing their personal war history and the issue of veterans pensions Understanding what these veterans chose to record and why is important to achieving a deeper understanding of the experience of these men who were caught up in this central moment in American life

Reading the Man Elizabeth Brown Pryor, 2007-05-03 Pryor's biography helps part with a lot of stupid out there about Lee chiefly that he was somehow anti slavery Ta Nehisi Coates theatlantic.com An unorthodox critical and engaging biography Boston Globe Winner of The Lincoln Prize Robert E Lee is remembered by history as a tragic figure stoic and brave but distant and enigmatic Using dozens of previously unpublished letters as departure points Pryor produces a stunning personal account of Lee's military ability shedding new light on every aspect of the complex and contradictory general's life story Explained for the first time in the context of the young United States's tumultuous societal developments Lee's actions reveal a man forced to play a leading role in the formation of the nation at the cost of his private happiness

**Disgrace at Gettysburg** John F. Krumwiede, 2015-03-18 The Battle of Gettysburg was a scene of roiling chaos Thousands of casualties and an unexpected Union retreat left the field and its soldiers in utter confusion It was in the midst of this uproar that Brigadier General Thomas A Rowley U S A was arrested for drunkenness and disobedience But what really happened on that chaotic day and how did it affect Rowley and those around him in the years to come A military man for many years Rowley had served during the Mexican War and had worked his way up from second lieutenant to colonel When the fighting began at Fort Sumter he immediately offered his services to the Union Army This volume chronicles Rowley's life up to the July 1 1863 battle that ended his military career with particular attention to the events of that fateful day The author discusses the court martial's questionable guilty verdict and Rowley's reaction to it as

well as his role in a confrontation between Major General George Meade and G K Warren shortly after Lincoln and Stanton reversed the court martial's finding. Subsequent events in the careers of other participants including Lieutenant Colonel Rufus Dawes and Major General Abner Doubleday are also discussed. Sources include personal letters and diaries of the men who served with and under General Rowley. Pertinent information regarding the military rules of the period is provided in order to reveal how Rowley's case deviated from the norm. Finally, appendices provide a list of Rowley's commands, a roll of the court martial participants, and Rowley's personal defense statement. *General Wadsworth* Wayne Mahood, 2003-07-31
