**Christopraxis** Andrew Root, 2014 Since the late 1970s practical theology has had a significant voice and influence in the academy While many have seen great hope and potential in this work not everyone has agreed Some for instance have examined the conversation and found by focusing on the concrete and lived experiences of humanity by and large practical theology has not had the theological vision to present frameworks for understanding concrete and lived experience with divine action So argues Andrew Root who in Christopraxis seeks to reset the entire edifice of practical theology on a new foundation While not minimizing practical theology's commitment to the lived and concrete Root argues that practical theology has neglected deeper theological underpinnings and seeks to create a practical theology that seeks to be fully post modern post Aristotelian and that in seeking to attend to doctrines such as divine action and justification is properly and fully theological **Elasticized Ecclesiology** Ulrich Schmiedel, 2017-01-17 This study confronts the current crisis of churches In critical and creative conversation with the German theologian Ernst Troeltsch 1865 1923 Ulrich Schmiedel argues that churches need to be elasticized in order to engage the other Examining contested concepts of religiosity community and identity Schmiedel explores how the closure of church against the sociological other corresponds to the closure of church against the theological other Taking trust as a central category he advocates for a turn in the interpretation of Christianity from propositional possession to performative project so that the identity of Christianity is done rather than described Through explorations of classical and contemporary scholarship in philosophy sociology and theology Schmiedel retrieves Troeltsch's interdisciplinary thinking for use in relation to the controversies that encircle the construction of community today The study opens up innovative and instructive approaches to the investigation of the practices of Christianity past and present Eventually church emerges as a work in movement continually constituted through encounters with the sociological and the theological other [The Millennial Harbinger Abridged](#) , 1902 **Suffering and the Vulnerable Rule of God** Kathleen McManus, OP, 2022-04-25 How is the reign of God revealed through the suffering experience of women and the marginalized That is the question Kathleen McManus seeks to answer She employs the Lukan image of the bent over woman standing up straight as the paradigm for all who are marginalized because of gender sexual orientation or race Her viewpoint arises from encounters with individuals and communities who suffer exclusion negation

diminishment and violence in relation to a patriarchal church in a still patriarchal world Engaging Edward Schillebeeckx's method of negative contrast experience McManus explores what may be known in the space of encounter between the institutional church and these suffering others and draws out latent possibilities for mutual conversion and transformation She reflects on the meaning of Schillebeeckx's insight into the superior power of God's defenseless vulnerability in creation and on the cross and asks what it might mean for the church to embody the vulnerable rule of God in its own structures doctrines symbols and rituals

**Contemporary Review**, 1896      **Engraved Upon the Heart** Hwarang Moon, 2015-07-17

How does liturgy impact the formation of faith The Protestant Church has traditionally emphasized human reason and doctrinal knowledge But there is another method with great formative power participation in liturgy Human beings gain important knowledge not only through traditional cognitively focused learning but also through practice and participation And because knowledge is wholistic an inability to express an idea in language does not necessarily signify an absence of knowledge This book shows how liturgy transmits knowledge that transcends human reason We repeat the liturgy in weekly public worship and its contents are inscribed on our minds and bodies Contrary to common belief this is also true for children and cognitively challenged individuals They may be unable to verbally express the contents of their faith in a way that satisfies normal adult expectations but these two groups of people are capable of rich religious experiences This book explores how welcoming them into experience and practice of worship and sacrament can benefit children cognitively challenged church members their families and the church community as a whole and makes us all a more inclusive community in Christ
