God's Plan for the End Times David G. Brown,2012-11-07 Through the unique format of this text David has given the

answers to nearly six hundred questions that have plagued many regarding the book of Revelation The product of his work is a book that addresses these concerns and amplifies the need for one to have a personal relationship with God The following is just a sample If Babylon was destroyed by the Persians how can it be destroyed again How important are truth and justice today But what is justice when it comes to God and us Just what does it mean to fear God Exactly who are the beast and false prophet When one thinks of heaven what is the picture that comes to mind How many people can heaven hold If over 2 000 years have passed without Christs return what assurance is there that He will return What in Heaven and on Earth Is Jesus Doing? James Mann,2018-08-09 Revelation is about the Lord Jesus Christ of the past present and future events Jesus is called the Beginning and the Last of all history On page 6 I have provided a puzzle as an outline to all of Revelation Study guides after commentaries for each chapter provide answers to difficult verses All attempts for practice applications are made for believers and warnings to those in doubt of God s stated future **A Testimony of Jesus Christ - Volume 1**

Anthony Charles Garland,2007 A Commentary on the Book of Revelation Volume 2 The author presents a detailed study of the Book of Revelation emphasizing prophetic themes from the rest of the Bible which find their fulfillment in Revelation To understand this controversial book the author explores the many connections between the visions seen by the Apostle John and previous prophetic revelation given to Old Testament prophets such as Daniel Ezekiel and others It is the author s conviction that an understanding of related passages elsewhere in the Bible is the most important key to unlocking the bewildering variety of interpretations which often accompany the study of the last book of the Bible The commentary is linked to a free companion internet course providing an additional 70 hours of audio instruction linked to almost 1 000 slides
