## **Revelatory Text Interpreting The New Testament As Sacred Scripture:**

**The Revelatory Text** Sandra Marie Schneiders, 1999 In this book Schneiders investigates the meaning of the theological claim that the Bible is the Word of God and the church's book along with the implications of these claims for biblical interpretation She then examines the historical literary and religious spiritual dimensions of the New Testament Schneiders puts her theory to a test in a feminist interpretation of John 4 She argues that the comprehensive object of biblical interpretation is not merely information but transformation and that an adequate hermeneutical theory must include a wide range of exegetical and critical methods within a theologically and philosophically adequate understanding of scripture as sacred text From publisher's description *An Introduction to the New Testament* Raymond E. Brown, 2015-08-01 From the experience of a lifetime of scholarship preaching teaching and writing Raymond E Brown covers the entire scope of the New Testament with ease and clarity He walks readers book by book through the basic content and issues of the New Testament While a wealth of information is contained in these pages the work's most impressive features are the basic summaries of each book a historical overview of the ancient Greco Roman world discussions of key theological issues and the rich supplementary materials such as illustrative tables maps bibliographies and appendixes Using this basic data Brown answers questions raised by today's readers relates the New Testament to our modern world and responds to controversial issues such as those raised by the Jesus Seminar Every generation needs a comprehensive reliable Introduction to the New Testament that opens the biblical text to the novice Raymond E Brown's *An Introduction to the New Testament* is the most trustworthy and authoritative guidebook for a generation seeking to understand the Christian Bible Universally acknowledged as the dean of New Testament scholarship Father Brown is a master of his discipline at the pinnacle of his career Who else could cover the entire scope of the New Testament with such ease and clarity This gifted communicator conveys the heartfelt concern of a beloved teacher for his students as he walks the reader through the basic content and issues of the New Testament Those opening to the New Testament for the first time and those seeking deeper insights could not ask for more in a primer to the Christian Bible **Theological Interpretation of Scripture as Spiritual Formation**

, 2022-12-19 Academic expertise is essential But have you ever wondered how it itself is spiritually formative This book coming from an interdisciplinary assortment of scholars shows how the exegetical methods of Theological Interpretation of Scripture TIS are themselves spiritually formative This book provides a diverse collection of essays that focus on theological interpretative methods that result in a unique transformational experience not achieved through historical critical or grammatical historical approaches alone Renowned thinkers such as biblical scholar Ben Witherington III historical theologian Mark Elliott and theologian Arthur Sutherland offer new works that explore how reading theologically can transform theology cultures and individuals These new studies focus on the theological exegesis of such thinkers as Mother Teresa Thomas Aquinas Ignatius of Antioch and Clement of Alexandria The collection also includes several important and

timely pieces that show how theological interpretation leads to moral formation within diverse cultural groups including African American and Latinx communities

**The Bible and Science** Vincent Smiles, 2011-06-01 Confusing paradox surrounds the Bible Some look to it as the definition of reality and deny science others see science alone as the arbiter of truth and deny the Bible Both extremes are merely symptoms of a still wider debate on the place of ancient spiritual wisdom in a science dominated world Following the Reformation and Enlightenment the Western world gained great power but lost its spiritual bearings This book draws on numerous sources ancient and modern to examine what the missteps were that have brought us to a point of such confusion and in doing so argues cogently against the modern philosophy of scientific materialism With the aid of biblical stories and imagery it suggests how we might find our way back to balance where ancient wisdom and modern science can together shed light on humans and their encompassing reality Vincent Smiles is professor of theology at Saint John's University Collegeville Minnesota

Eugene Boring, 2012-10-13 This thoroughly researched textbook from well respected scholar M Eugene Boring presents a user friendly introduction to the New Testament books Boring approaches the New Testament as a historical document one that requires using a hands on critical method Moreover he asserts that the New Testament is the church's book in that it was written selected preserved and transmitted by the church Boring goes on to explore the historical foundation and formation of the New Testament within the context of pre Christian Judaism and the world of Jesus and the early church He then examines the individual books of the New Testament providing helpful background information and methods for interpretation and revealing the narrative substructure found within each of the Gospels and Letters This volume includes helpful illustrations charts notes and suggestions for further reading Sections are laid out in a well organized manner to help students navigate the content more easily

*Revelation, Scripture and Church* Richard R. Topping, 2016-04-08 How does God's involvement with the generation of Holy Scripture and its use in the life of the Christian church figure into the human work of Scripture interpretation This is the central question that this book seeks to address In critical conversation with the influential hermeneutic programs of James Barr Paul Ricoeur and Hans Frei Topping demonstrates how God's agency has been marginalized in the task of Scripture interpretation Divine involvement with the Bible is bracketed out Barr rendered in generic terms Ricoeur or left implicit Frei in these depictions of the hermeneutic field The result is that each of these hermeneutic programs is less than a realist interpretative proposal Talk of God is eclipsed by the terminal consideration of human realities Topping argues for the centrality of doctrinal description in a lively theological understanding of Scripture interpretation for the life of the church

**Spiritual Reading** Angela Lou Harvey, 2015-10-23 Reading Scripture is a spiritual practice at the very heart of the Christian faith But how is it possible to encounter God in reading the words of the Bible Does reading the Christian Bible require a different approach from how one may read other texts or writings What is required of the spiritual reader to read well Seeking to answer such questions Angela Lou Harvey provides a theological

exploration of the idea of spiritual reading in the context of the Western church today Drawing upon insights of theologians such as Karl Barth Henri de Lubac and Ellen F Davis the author suggests that the particulars of Christian belief profoundly shape the distinctive practice of the spiritual reading of the Bible *God and History in the Book of Revelation* Michael Gilbertson,2003-07-24 This is an interdisciplinary study which constructs a dialogue between biblical interpretation and systematic theology It examines how far a reading of the Book of Revelation might either support or question the work of leading theologians Wolfhart Pannenberg and Jürgen Moltmann on the theology of history exploring the way in which the author of Revelation uses the dimensions of space and time to make theological points about the relationship between God and history The book argues that Revelation sets the present earthly experience of the reader in the context of God's ultimate purposes by disclosing hidden dimensions of reality both spatial embracing heaven and earth and temporal extending into the ultimate future Dr Gilbertson offers a detailed assessment of the theologies of history developed by Pannenberg and Moltmann including their views on the nature of the historical process and the use of apocalyptic ideas in eschatology

**Beyond Dogmatism and Innocence** Anthony J. Godzieba,Bradford E. Hinze,2017 Behind every important development in Catholic doctrine and practice since the beginning of the modern period have been debates about the interpretation of Christianity's classic texts and traditions and their ideological and practical implications Over the past century there have been breakthroughs in retrieving the origins of beliefs and practices recovering the rich myriad and multifaceted literary forms and recognizing the ways these venerable traditions have been received applied and negotiated in the lives of reading audiences with their contrasting worldviews The essays in this volume by leading figures in Catholic theology suggest what might be called a third naivete that blends deeply contextual interpretations with a critical theological analysis of the roles of power and grace in church and society The abilities and skills to grapple with basic issues in hermeneutics and critical theory remain necessary and fundamental for Catholic theology At stake is nothing less than how the good news of God's salvation can be grasped and lived today This volume provides a trustworthy map and compass for negotiating these debates and options Contributors include Sandra M Schneiders Francis Schussler Fiorenza Robert J Schreiter John E Thiel Dominic Doyle Fernando F Segovia Andrew Prevot Ormond Rush Judith Gruber Susan Abraham Anthony J Godzieba and Bradford E Hinze

**Seized by Truth** Prof. Joel B. Green, 2010-09-01 We read the Bible and interpret Scripture in order to live in grace filled relation to God's divine purpose When we approach the Bible as Scripture author Joel Green takes seriously the faith statement that the Bible is our Book these scriptures are our Scripture We are not reading someone else's mail as though reading the Bible had to do foremost with recovering an ancient meaning intended for someone else and then translating its principles for use in

our own lives When we recall that we are the people of God to whom the Bible is addressed as Scripture we realize that the fundamental transformation is not the transformation of an ancient message into a contemporary meaning but rather the transformation of our lives by means of God's Word This means that reading the Bible as Scripture has less to do with what tools we bring to the task however important these may be and more to do with our own dispositions as we come to our engagement with Scripture We come not so much to retrieve facts or to gain information but to be formed and ultimately transformed Scripture does not present us with texts to be mastered but with a Word God's Word intent on mastering us on shaping our lives
