Revolt Of Netherlands:

The Origins and Development of the Dutch Revolt Mr Graham Darby, Graham Darby, 2003-09-02 The Dutch revolt against Spanish rule in the sixteenth century was a formative event in European history The Origins and Development of the Dutch Revolt brings together in one volume the latest scholarship from leading experts in the field to illuminate why the Dutch revolted the way events unfolded and how they gained independence In exploring the desire of the Dutch to control their own affairs it also questions whether Dutch identity came about by accident The book makes the most recent research available in English for the first time focusing on the role of the aristocracy religion the towns and provinces the Spanish perspective finance and ideology Texts Concerning the Revolt of the Netherlands E. H. Kossman, A. F. Mellink, 1974 Professor Kossman and Dr Mellink gather together the threads of the complicated story and analyse some of the major theoretical problems discussed by sixteenth century Netherlands **The History of the Revolt of the Netherlands (Esprios Classics)** Friedrich von Schiller, *The Dutch Revolt Through Spanish Eyes* Yolanda Rodríguez Pérez, 2008 Historical and literary works from the Spanish Golden Age offer a wealth of information about the Spanish view of the conflict in the Netherlands during the Dutch Revolt and the ensuing Eighty Years War 1568 1648 The war in the cold north was to become a fixed component in the lives of the Spaniards of the Golden Age for many years This book reconstructs the images that the Spanish had of the Netherlands and its inhabitants These images are inextricably intertwined with the picture that the Spanish constructed of themselves as participants in the conflict This book follows the developments of these images from the construction of an image of the enemy that reached a climax between 1621 and 1648 and then gradually faded away Which images and representations circulated the most and where did they come from Which rhetoric was used to present them to the public and in which genres and contexts were they disseminated and preserved On the basis of a varied collection of sources war chronicles and plays as well as pamphlets poems historical works and prose writings the author illustrates the appearance of the Netherlands through Spanish eyes during the course of the Eighty Years War The Revolt of the Netherlands, 1555-1609 Pieter Geyl, 1966 *Queen Elizabeth and the Revolt of the Netherlands* Charles Wilson, 2022-09-23 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1970 **The Dutch Revolt** Geoffrey Parker, 1977 **The Origins and Development of the Dutch Revolt** Graham Darby, 2001 Bringing together the latest scholarship and research from leading experts in the field this study examines the Dutch revolt against Spanish rule in the sixteenth century *William of Orange and the Revolt of the Netherlands, 1572-84* K.W. Swart, 2017-05-15 The figure of Prince William of Orange 1572 84 dominates the political landscape of the sixteenth century Netherlands and in many ways personifies the Dutch revolt against

Spanish hegemony Yet despite the European significance of his struggle there has not been a major English language study of William since C V Wedgwood's biography published in 1944 As such scholars will welcome this publication of Koen Swart's distinguished and authoritative biography of the first of the hereditary stadholders of the United Provinces Originally available only in Dutch this edition provides an English speaking audience for the first time with a detailed account of William's role in the Dutch Revolt that reflects the vast amount of scholarship undertaken in the field of European political and religious history over the last few decades In the book Swart explores the means by which William established his rule in Holland and Zeeland in the 1570s and provides an analysis of William's relations with the provincial states the States General and the towns and the creation of a new system of government and finance Within this framework of national history he is always careful to locate the subject in its broad international context thus adding to our wider understanding of this turbulent period Moreover Swart avoids the uncritical glorification of William evident in some previous works and asks searching and pertinent questions concerning the wisdom of William's decisions such as that to break up the pre 1572 unity of the Habsburg Netherlands In so doing Swart provides a much more balanced view than has hitherto been available that not only takes Protestant views into account but also contemplates the Revolt from the perspective of the Catholic population and shows sympathy for Charles V's and Philip II's predicament In so doing this book provides the most important revision of William for a century and will undoubtedly have repercussions upon many studying the history of Europe in the age of Reformations Published posthumously this book also includes introductory material written by leading scholars H F K van Nierop M E H N Mout J Israel and A C Duke

Habsburg Communication in the Dutch Revolt Monica Stensland, 2012 De politieke denkbeelden van de rebellen in de Opstand voorheen de Tachtigjarige Oorlog zijn al langer onderwerp van wetenschappelijk onderzoek Dit boek richt zich echter op het grotendeels onbesproken verhaal van het Habsburgse regime en zijn lokale aanhangers Hoe dachten zij over het conflict en hoe reageerden zij op de beschuldigingen van de opstandelingen De auteur heeft een verscheidenheid aan mondelinge schriftelijke en theatrale media onderzocht om te ontdekken hoe het regime gebruikmaakte van de verschillende communicatiekanalen Daarnaast is de reactie van gewone mensen op het conflict en op de tegenstrijdige berichtgeving in de publieke sfeer onderzocht
