Newsom,1979 Struggles for Political Change in the Arab World Lisa Blaydes,Amr Hamzawy,Hesham Sallam,2022-10-11 The advent of the Arab Spring in late 2010 was a hopeful moment for partisans of progressive change throughout the Arab world Authoritarian leaders who had long stood in the way of meaningful political reform in the countries of the region were either ousted or faced the possibility of political if not physical demise The downfall of long standing dictators as they faced off with strong willed protesters was a clear sign that democratic change was within reach Throughout the last ten years however the Arab world has witnessed authoritarian regimes regaining resilience pro democracy movements losing momentum and struggles between the first and the latter involving regional and international powers This volume explains how relevant political players in Arab countries among regimes opposition movements and external actors have adapted ten years after the onset of the Arab Spring It includes contributions on Egypt Morocco Kuwait Saudi Arabia Syria Algeria Sudan Lebanon Iraq Jordan Yemen and Tunisia It also features studies on the respective roles of the United States China Iran and Turkey vis vis questions of political change and stability in the Arab region and includes a study analyzing the role of Saudi Arabia and its allies in subverting revolutionary movements in other countries *Russia's Unfinished Revolution* Michael McFaul,2001 Michael McFaul traces Russia s tumultuous political history from Gorbachev s rise to power in 1985 through the 1999 resignation of Boris Yeltsin in favor of Vladimir Putin **Reexamining Economic and Political Reforms in Russia, 1985-2000** Vladimir Gel'man,Dmitry Travin,Otar Marganiya,2014-06-25 Reexamining Economic and Political Reforms in Russia 1985 2000 Generations Ideas and Changes analyzes the impact of generational changes and ideational changes on major political and economic reforms conducted in Russia during the late twentieth century This book examines

how the policy agenda was shaped by the ideas of the generations representatives for the sixties and seventies. Representatives of the generation of sixties conducted reforms from 1985 to 1991 and invested major efforts in political liberalization but did not pay enough attention to economic reforms. On the other hand the reformers from the generation of seventies who were in charge of policy making from 1991 to 1998 were genuinely oriented toward market building but rather insensitive to the democratization of the political regime. This book explores how these differences in ideational agendas produced inconsistent and controversial outcomes from both stages of reforms.

Islam and Political Reform in Saudi Arabia Mansoor Jassem Alshamsi, 2012-06-12 This book examines the link between Islamic thought jurisprudence on the one hand and political action on the other. It shows how reformism is deeply rooted in Islamic tradition and how Sunni scholars have become activists for change in Saudi Arabia.

Political Change and Public Culture in Post-1990 Nepal Michael J. Hutt, Pratyoush Onta, 2017 This book explores various domains of the Nepali public sphere in which ideas about democracy and citizenship have been debated and contested since 1990. It investigates the ways in which the public meaning of the major political and sociocultural changes that occurred in Nepal between 1990 and 2013 was constructed, conveyed and consumed. These changes took place against the backdrop of an enormous growth in literacy, the proliferation of print and broadcast media, the emergence of a public discourse on human rights and the vigorous reassertion of linguistic, ethnic and regional identities. Scholars from a range of different disciplinary locations delve into debates on rumours, ethnicity and identity, activism and gender to provide empirically grounded histories of the nation during one of its most important political transitions.

Revolution, Revolt and Reform in North Africa Ricardo Laremont, 2013-07-31 Providing an account of the recent revolutions or reform movements that constituted part of the Arab Spring, this book focuses on these transformative processes in a North African context. Whilst the longer term outcomes of the Arab Spring revolts are not entirely clear, the revolutionary or reform processes in North Africa are further along than the events taking place in the Levant or the Arabian Peninsula. Elections having now been held in the post-revolutionary, post-revolt states, understanding and examining North African events has become critical as the countries in question are part of *Mare Nostrum*. Events in North Africa inevitably have effects in Europe. Using examples from Tunisia, Egypt, Libya, Morocco and Algeria, *Revolution, Revolt and Reform in North Africa* provides an insider scholar's account of these recent revolutions or reform movements. One of the first attempts at undertaking an analysis of possible transitions to democracy in the region, this book is a valuable resource for students and researchers with an interest in the Middle East, Political Science or contemporary affairs in general.

Heywood, 1998-01-19 This is a book about political values: socialist, nationalist, liberal and democratic values in five former communist countries: Russia, Ukraine, Hungary, Slovakia and the Czech Republic. Based on eleven surveys involving extended interviews with 7350 members of the public and 504 Members of Parliament, it provides an authoritative account of the extent to which politicians and the public in East Central Europe and

the Former Soviet Union have rejected communist ideals and adopted nationalist and or liberal democratic values
