verbal texts Authored by professional and nonprofessional contributors and published by Pravda in Moscow it produced state sanctioned satirical comment on Soviet and international affairs from 1922 onward Soviet citizens and scholars of the USSR recognized Krokodil as the most significant influential source of Soviet graphic satire Indeed the magazine enjoyed an international reputation and many Americans and Western Europeans regardless of political affiliation found the images pointed and witty Astoundingly the magazine outlived the USSR but until now has received little scholarly attention The Truth about the Killing of Daniel Yock ,1994 Records the campaign for a public hearing initiated by the Socialist Labour League into the death of Daniel Yock reports on the public hearing findings *The Rebel Scribe* Christopher Neal,2022-01-27 Carleton Beals was among America s most distinctive foreign correspondents His colorful combatively critical reporting of U S intervention in Latin America had a fearless energy and authority that won him millions of readers He interviewed the Nicaraguan rebel leader Sandino in the camp from which he fought thousands of U S marines in 1928 covered two revolutions in Cuba 1933 and 1959 and interpreted the Mexican Revolution for American readers Beals s dispatches and features appeared regularly in the Nation New Republic Current History and the Progressive and often in the New York Times Time magazine called him the best informed and the most awkward living writer on Latin America Forty books including chronicles political analysis and novels drawn mostly from his travels and wide ranging contacts in what he called America South made that characterization apt But Beals was also an eyewitness reporter on Mussolini s rise in Italy He wrote on U S topics too such as Louisiana s Huey Long and the environmental damage and rural migration in the 1930s caused by emerging agri business in America s South and West Many of his books were best sellers their evidence based assessments earning at least grudging respect even among those who took issue with his indictments of U S economic and government elites At once biography and analytical history The Rebel Scribe tells the story of a fiercely independent non conformist It probes Beals s interactions with political leaders democrats demagogues populists and revolutionaries and reveals how his ability to immerse himself in their societies gave his accounts a palpable authenticity and time has shown a prescience that is almost prophetic Christopher Neal s layered narrative traces how Beals identified patterns of political behavior and concepts that later became fully fledged schools of thought such as the idea of a Third World dependency theory U S neo imperialism and aspects of critical theory His story sheds light on the evolution of U S foreign policy and intervention from Mexico and Nicaragua in the 1920s to Cuba and Vietnam in the 1960s It reveals the fraught trail that faced and still faces contrarian journalists who challenge conventional assumptions while also showing how probing journalism drives change *Leon Trotsky and the Fate of Socialism in the 20th Century* David North,1998 **Encyclopedia of Case Study Research** Albert J.
