Revolutionary At Home:

(vol. I-II) *Revolutionary and subversive movements abroad and at home* New York (State). Legislature. Joint Legislative Committee to Investigate Seditious Activities, 1920 *Taking the Revolution Home* Joyce Stevens, 1987 Problems faced by Aboriginal women discussed in articles appearing in *Women Today* *Sharing Secrets with Stalin* Bradley F. Smith, 1996 As engaging as it is astonishing this book provides extremely important revelations and striking pen portraits etched in acid of the main actors Certainly the sources are fabulous John Erickson author of *The Road to Stalingrad* A well written account filled with original material and documentation Good reading for anyone interested in the history of WWII intelligence Publishers Weekly starred review **Old Saybrook** Barbara J. Maynard, Tedd Levy, 2010 Named Saybrook after two early patentees Lord Saye and Sele and Lord Brook the small community of Old Saybrook has been shaped by its notable history and distinct geographical location at the mouth of the Connecticut River Deeply rooted in farming and fishing the town became a summer resort and tourist destination by the 1900s Through the years Old Saybrook's residents have made important contributions in government literature film architecture education science and technology The Counterinsurgent Imagination Joseph MacKay, 2023-01-05 Counterinsurgency the violent suppression of armed insurrection is among the dominant kinds of war in contemporary world politics Often linked to protecting populations and reconstructing legitimate political orders it has appeared in other times and places in very different forms and has taken on a range of politics in doing so How did it arrive at its present form and what generated these others along the way Spanning several centuries and four detailed case studies *The Counterinsurgent Imagination* unpacks and explores this intellectual history through counterinsurgency manuals These military theoretical and instructional texts and the practitioners who produced them made counterinsurgency possible in practice By interrogating these processes this book explains how counterinsurrectionary war eventually took on its late twentieth and early twenty first century forms It shows how and why counterinsurgent ideas persist despite recurring failures Citoyennes Annie Smart, 2011-12-23 In *Citoyennes* Annie Smart argues that many revolutionary and pre revolutionary works constructed a civic identity for women and portrayed the home as a site for both civic virtue and private subjectivity This interdisciplinary study offers a fresh interpretation of the role of women and the home in eighteenth century France and goes a long way to filling a gaping hole in the contemporary literature on the subject **Publications Relating to Various Aspects of Communism**, 1946 **One Day That Shook the Communist World** Paul Lendvai, 2010-12-16 On October 23 1956 a popular uprising against Soviet rule swept through Hungary like a force of nature only to be mercilessly crushed by Soviet tanks twelve days later Only now fifty years after those harrowing events can the full story be told This book is a powerful eyewitness account and a gripping history of the uprising in Hungary that heralded the future liberation of Eastern Europe Paul Lendvai was a young journalist covering politics in Hungary when the uprising broke out He knew the government officials and revolutionaries involved He was on

the front lines of the student protests and the bloody street fights and he saw the revolutionary government smashed by the Red Army In this riveting deeply personal and often irreverent book Lendvai weaves his own experiences with in depth reportage to unravel the complex chain of events leading up to and including the uprising its brutal suppression and its far reaching political repercussions in Hungary and neighboring Eastern Bloc countries He draws upon exclusive interviews with Russian and former KGB officials survivors of the Soviet backlash and relatives of those executed He reveals new evidence from closed tribunals and documents kept secret in Soviet and Hungarian archives Lendvai s breathtaking narrative shows how the uprising while tragic delivered a stunning blow to Communism that helped to ultimately bring about its demise One Day That Shook the Communist World is the best account of these unprecedented events *The French Revolution and Napoleon* Jean-Jacques Rousseau,Alexis de Tocqueville,Montesquieu,Charles Downer Hazen,2023-11-20 In *The French Revolution and Napoleon* readers are presented with a rich tapestry of reflections and analyses from some of the most influential thinkers of the 18th and 19th centuries This anthology interweaves diverse literary styles and perspectives ranging from philosophical treatises to historical narratives offering a comprehensive exploration of one of history s most tumultuous periods The significance of these works lies not only in their individual merits but in their collective portrayal of an era of radical change and their profound influence on the development of modern political thought Key pieces within the collection illuminate the complex interplay of ideology governance and individual liberty contributing to a deeper understanding of the revolutionary and Napoleonic eras The contributors Jean Jacques Rousseau Alexis de Tocqueville Montesquieu and Charles Downer Hazen represent a formidable cadre of scholars and political philosophers whose works have shaped not only the fabric of French political discourse but also the contours of global democratic ideals Their backgrounds spanning the Enlightenment to the aftermath of the revolution reflect a critical engagement with the principles of liberty equality and fraternity Together their writings sketch the philosophical underpinnings and political realities of a seminal period in Western history This anthology stands as a prime resource for students scholars and any reader with a keen interest in the ideological forces that have driven historical change It offers a unique opportunity to engage with the seminal thoughts and reflections that shaped the course of French and global history providing a multifaceted understanding of the events surrounding the French Revolution and the reign of Napoleon The collection is an invitation to traverse the intellectual landscapes of four of history s most astute observers whose diverse perspectives foster a rich dialogue on liberty governance and human rights Digital Convergence: The Information Revolution John Vince,Rae Earnshaw,2012-12-06 Although the computer s life has been relatively short it has brought about an information revolution that is transforming our world on a scale that is still difficult to comprehend This digital convergence is shaping society technology and the media for the next millennium Areas as diverse as home banking and shopping over the Internet WWW access over mobile phone networks and television systems such as Web TV which combine on line services with television But convergence is not just

about technology It is also about services and new ways of doing business and of interacting with society Digital convergence heralds the Information Revolution Edited by John Vince and Rae Earnshaw this important new book on Digital Convergence The Information Revolution is an edited volume of papers bringing together state of the art developments in the Internet and World Wide Web and should be compulsory reading for all those interested in and working in those areas **History of**

Europe from the Commencement of the French Revolution in MDCCLXXXIX to the Restoration of the Bourbons in MDCCCXV Archibald Alison,1848 *Village-protective Immortal* Fei Zei,2020-09-09 At the south side of Liu Family Town

there was a ravine that the villagers talked about Willow Ditch Legend has it that Willow Ditch was very strange with ghosts everywhere and Yin and Yang in chaos When I was seven years old I was accidentally caught by a wild wolf and dragged into the willow tree ditch I did not expect to find out that I was destined to be the out of Ma Xian er of the Third Madam Chang who from then on went through endless tribulations finally cultivating into an immortal technique exorcising demons and reducing demons subjugating the White Immortal who did all sorts of evil and protecting the peace of Liu Town

Daughters of the American Revolution Magazine ,1924 **The French Revolution** Noah Shusterman,2013-10-15 The French Revolution was one of the greatest events in world history filled with remarkable characters and dramatic events From its beginning in 1789 to the Reign of Terror in 1793 94 and through the ups and downs of the Directory era that followed the Revolution showed humanity at its optimistic best and its violent worst it transformed the lives of all who experienced it The French Revolution Faith Desire and Politics offers a fresh treatment of this perennially popular and hugely significant topic introducing a bold interpretation of the Revolution that highlights the key role that religion and sexuality played in determining the shape of the Revolution These were issues that occupied the minds and helped shape the actions of women and men from the pornographic pamphlets about queen Marie Antoinette to the puritanical morality of revolutionary leader Maximilien Robespierre from the revolutionary catechisms that children learned and to the anathemas hurled on the Revolution from clandestine priests in the countryside The people who lived through the French Revolution were surrounded by messages about gender sex religion and faith concerns which did not exist outside of the events of the Revolution This book is an essential resource for students of the French Revolution History of Catholicism and Women and Gender

Women's Zionism Worldwide, 1897-1948 Mira Katzburg-Yungman,2025-06-01 Offering the first comprehensive historiographic exploration of women s roles in the Zionist movement worldwide this geographically wide ranging study explores the ideologies goals strategies activities accomplishments and failures of women s organizations and individuals in Europe the United States Latin America the Middle East and North Africa Covering the period from the inception of Zionism to the founding of Israel this volume sheds light on how women s unique mode of Zionism differed from that of men and how it influenced the Jewish community in Mandatory Palestine in Israel and the Zionist movement as a whole *The Battlefield and Beyond* Clayton E. Jewett,2012-05-16 Leading Civil War historians explore a tragic part of our nation s history through

the lenses of race gender leadership politics and memory the essays consider the fundamental issue of the Confederacy's failure and military defeat but also expose our nation's continuing struggles with race individual rights terrorism and the economy Dust jacket **American Revolution** John Fiske, 1898 **Red Hills** Andrew Hardy, 2003-03-31 Several million rural inhabitants of Vietnam's northern deltas made the decision to move during the twentieth century seeking to make new homes in the country's highlands This book offers a historical analysis of the political economy of migration stimulated by the French colonial and independent socialist states It shows how socialist policies especially changed the face of the highlands as settlers from the plains turned the hills red Rebirth as an immortal: changing fate against the will of heaven Karen Lee, 2011-07-04 The Fatty's message Only by learning to quietly preserve a childlike innocence in this world of petty intrigues and deceit can we truly possess a sense of tranquility peace happiness and joy Okay let's begin **Israel and the European Left** Colin Shindler, 2011-12-22 Why has the European Left become so antagonistic towards Israel To answer this question Colin Shindler looks at the struggle between Marxism Leninism and Zionism from the October Revolution to today Is such antagonism in opposition to the policies of successive Israeli governments Or is it due to a resurgence of anti-Semitism The answer is far more complex Shindler argues that the new generation of the European Left was more influenced by the decolonization movement than by wartime experiences which led it to favor the Palestinian cause in the post 1967 period Thus the Israeli drive to settle the West Bank after the Six Day war enhanced an already existing attitude but did not cause it Written by a respected scholar this accessible and balanced work provides a novel account and analytical approach to this important subject Israel and the European Left will interest students in international politics Middle Eastern studies as well as anyone who seeks to understand issues related to today's Left and the Arab Israeli conflict
