Road To Disappearance A History Of The C

Michael C. Steiner

Road To Disappearance A History Of The C:

Regionalists on the Left Michael C. Steiner, 2015-02-02 Nothing is more anathema to a serious radical than regionalism Berkeley English professor Henry Nash Smith asserted in 1980 Although regionalism in the American West has often been characterized as an inherently conservative backward looking force regionalist impulses have in fact taken various forms throughout U S history The essays collected in *Regionalists on the Left* uncover the tradition of left leaning western regionalism during the 1930s and 1940s Editor Michael C Steiner has assembled a group of distinguished scholars who explore the lives and works of sixteen progressive western intellectuals authors and artists ranging from nationally prominent figures such as John Steinbeck and Carey McWilliams to equally influential though less well known figures such as Angie Debo and Am rico Paredes Although they never constituted a unified movement complete with manifestos or specific goals the thinkers and leaders examined in this volume raised voices of protest against racial environmental and working class injustices during the Depression era that reverberate in the twenty first century Sharing a deep affection for their native and adopted places within the West these individuals felt a strong sense of avoidable and remediable wrong done to the land and the people who lived upon it motivating them to seek the root causes of social problems and demand change *Regionalists on the Left* shows also that this radical regionalism in the West often took urban working class and multicultural forms Other books have dealt with western regionalism in general but this volume is unique in its focus on left leaning regionalists including such lesser known writers as B A Botkin Carlos Bulosan Sanora Babb and Joe Jones Tracing the relationship between politics and place across the West *Regionalists on the Left* highlights a significant but neglected strain of western thought and expression

Gettysburg Requiem Glenn W. LaFantasie, 2006 William C Oates is best remembered as the Confederate officer defeated at Gettysburgs Little Round Top losing a golden opportunity to turn the Union s flank and win the battle and perhaps the war Now Glenn W LaFantasie bestselling author of *Twilight at Little Round Top* has written a gripping biography of Oates a narrative that reads like a novel Here then is a richly evocative story of Southern life before during and after the Civil War based on first time and exclusive access of family papers and never before seen archives

A Brutal Reckoning Peter Cozzens, 2023-04-25 The story of the pivotal struggle between the Creek Indians and an insatiable young United States for control over the Deep South from the acclaimed historian and prize winning author of *The Earth is Weeping* The Creek War is one of the most tragic episodes in American history leading to the greatest loss of Native American life on what is now U S soil What began as a vicious internal conflict among the Creek Indians metastasized like a cancer The ensuing Creek War of 1813 1814 shattered Native American control of the Deep South and led to the infamous Trail of Tears in which the government forcibly removed the southeastern Indians from their homeland The war also gave Andrew Jackson his first combat leadership role and his newfound popularity after defeating the Creeks would set him on the path to the White House In *A Brutal Reckoning* Peter Cozzens vividly captures the young Jackson describing a

brilliant but harsh military commander with unbridled ambition a taste for cruelty and a fraught sense of honor and duty Jackson would not have won the war without the help of Native American allies yet he denied their role and even insisted on their displacement together with all the Indians of the American South in the Trail of Tears A conflict involving not only white Americans and Native Americans but also the British and the Spanish the Creek War opened the Deep South to the Cotton Kingdom setting the stage for the American Civil War yet to come No other single Indian conflict had such significant impact on the fate of America and A Brutal Reckoning is the definitive book on this forgotten chapter in our history *The Civil War and Reconstruction in Indian Territory* Bradley R. Clampitt, 2015-12 In Indian Territory the Civil War is a story best told through shades of gray rather than black and white or heroes and villains Since neutrality appeared virtually impossible the vast majority of territory residents chose a side doing so for myriad reasons and not necessarily out of affection for either the Union or the Confederacy Indigenous residents found themselves fighting to protect their unusual dual status as communities distinct from the American citizenry yet legal wards of the federal government *The Civil War and Reconstruction in Indian Territory* is a nuanced and authoritative examination of the layers of conflicts both on and off the Civil War battlefield It examines the military front and the home front the experiences of the Five Nations and those of the agency tribes in the western portion of the territory the severe conflicts between Native Americans and the federal government and between Indian nations and their former slaves during and beyond the Reconstruction years and the concept of memory as viewed through the lenses of Native American oral traditions and the modern evolution of public history These carefully crafted essays by leading scholars such as Amanda Cobb Greetham Clarissa Confer Richard B McCaslin Linda W Reese and F Todd Smith will help teachers and students better understand the Civil War Native American history and Oklahoma history *The Color of the Land* David A. Chang, 2010 *Color of the Land Race Nation and the Politics of Landownership in Oklahoma 1832-1929* **Caught in the Maelstrom** Clint Crowe, 2017-07-19 Incredibly detailed and well documented San Francisco Book Review a revelatory history of the actions of five Indian Nations during the Civil War The sad plight of the Five Civilized Tribes the Cherokee Choctaw Creek Muscogee and Seminole during America's Civil War is both fascinating and often overlooked in the literature From 1861-1865 the Indians fought their own bloody civil war on lands surrounded by the Kansas Territory Arkansas and Texas Clint Crowe's magisterial *Caught in the Maelstrom* The Indian Nations in the Civil War reveals the complexity and the importance of this war within a war and explains how it affected the surrounding states in the Trans Mississippi West and the course of the broader war engulfing the country The onset of the Civil War exacerbated the divergent politics of the five tribes and resulted in the Choctaw and Chickasaw contributing men for the Confederacy and the Seminoles contributing men for the Union The Creeks were divided between the Union and the Confederacy while the internal war split apart the Cherokee nation mostly between those who followed Stand Watie a brigadier general in the Confederate Army and John Ross who threw his majority support behind the Union cause Throughout Union and Confederate

authorities played on divisions within the tribes to further their own strategic goals by enlisting men signing treaties encouraging bloodshed and even using the hard hand of war to turn a profit Crowe s study is grounded upon a plethora of archival resources newspapers diaries letter collections and other accounts Caught in the Maelstrom examines every facet of this complex and fascinating story in a manner sure to please the most demanding reader Worlds the Shawnees Made Stephen Warren,2014 Worlds the Shawnees Made Migration and Violence in Early America **When the Wolf Came** Mary Jane Warde,2013-07-01 Winner of the 2014 Oklahoma Book Award for nonfiction Winner of the 2014 Pate Award from the Fort Worth Civil War Round Table When the peoples of the Indian Territory found themselves in the midst of the American Civil War squeezed between Union Kansas and Confederate Texas and Arkansas they had no way to escape a conflict not of their choosing and no alternative but to suffer its consequences When the Wolf Came explores how the war in the Indian Territory involved almost every resident killed many civilians as well as soldiers left the country stripped and devastated and cost Indian nations millions of acres of land Using a solid foundation of both published and unpublished sources including the records of Cherokee Choctaw and Creek nations Mary Jane Warde details how the coming of the war set off a wave of migration into neighboring Kansas the Red River Valley and Texas She describes how Indian Territory troops in Unionist regiments or as Confederate allies battled enemies some from their own nations in the territory and in neighboring Kansas Missouri and Arkansas And she shows how post war land cessions forced by the federal government on Indian nations formerly allied with the Confederacy allowed the removal of still more tribes to the Indian Territory leaving millions of acres open for homesteads railroads and development in at least ten states Enhanced by maps and photographs from the Oklahoma Historical Society s photographic archives When the Wolf Came will be welcomed by both general readers and scholars interested in the signal public events that marked that tumultuous era and the consequences for the territory s tens of thousands of native peoples **History's Memory** Ellen Fitzpatrick,2004-10-25 This reinterpretation of a century of American historical writing challenges the notion that the politics of the recent past alone explains the politics of history Fitzpatrick offers a wise historical perspective on today s heated debates and reclaims the long line of historians who tilled the rich and diverse soil of our past **The Settlement of America** James A. Crutchfield,Candy Moutlon,Terry Del Bene,2015-03-26 First Published in 2015 This encyclopaedic collection includes Volumes 1 A L and 2 M Z as well as essays on the settlement of America It can be argued that the westward expansion occurred only one week after the English landfall at Jamestown Virginia on May 14 1607 Beginning on May 21 Captain John Smith one of the colonization company s leaders and twenty one companions made their way northwest up the James River for some 50 or 60 miles 80 or 96 km
