Asian American past and an ideal jumping off point for more targeted research *The Present and Future of Symbolic Interactionism* Andrea Salvini, Joseph A. Kotarba, Bryce Merrill, 2012 *Rebel populism* Philip Proudfoot, 2022-05-17 Workers from the Syrian diaspora have maintained a presence in Lebanon for decades building multimillion dollar apartment complexes toiling for backbreaking hours in grocery stores From the mid 2000s liberalising reforms saw accelerating levels of poverty among workers often paid as low as 20 per day Instead of opportunity workers faced the prospect of indefinite economic exile the unending drudgery of hard labour and a constant struggle to make ends meet But in 2011 revolution came to Syria Rural towns and villages exploded in revolt but even those workers who remained in Beirut found means to protest at a distance Their movement which this book identifies as rebel populism represents an early instance of an increasingly common global contentious political formation a form of mass politics that emerges not via a charismatic orator or developed ideological convictions but through the weaving together of grievances aimed at the ruling class *Climate Trauma* E. Ann Kaplan, 2015-12-04 Each month brings new scientific findings that demonstrate the ways in which human activities from resource extraction to carbon emissions are doing unprecedented perhaps irreparable damage to our world As we hear these climate change reports and their predictions for the future of Earth many of us feel a sickening sense of d j vu as though we have already seen the sad outcome to this story Drawing from recent scholarship that analyzes climate change as a form of slow violence that humans are inflicting on the environment Climate Trauma theorizes that such violence is accompanied by its own psychological condition what its author terms Pretraumatic Stress Disorder Examining a variety of films that imagine a dystopian future renowned media scholar E Ann Kaplan considers how the increasing ubiquity of these works has exacerbated our sense of impending dread But she also explores ways these films might help us productively engage with our anxieties giving us a seemingly prophetic glimpse of the terrifying future selves we might still work to avoid becoming Examining dystopian classics like *Soylent Green* alongside more recent examples like *The Book of Eli* Climate Trauma also stretches the limits of the genre to include features such as *Blindness* *The Happening* *Take Shelter* and a number of documentaries on climate change These eclectic texts allow Kaplan to outline the typical blind spots of the genre which rarely depicts climate catastrophe from the vantage point of women or minorities Lucidly synthesizing cutting edge research in media studies psychoanalytic theory and environmental science Climate Trauma provides us with the tools we need to extract something useful from our nightmares of a catastrophic future **Framing Law and Crime** Caroline Joan "Kay" S. Picart, Michael Hviid Jacobsen, Cecil Greek, 2016-04-01 This cutting edge edited collection brings together 17 scholarly essays on two of cinema and television's most enduring and powerful themes law and crime With contributions by many of the most prominent scholars in law sociology criminology and film *Framing Law and Crime* offers a critical survey of a variety of genres and media integrating descriptions of technique with critical analysis and incorporating historical and socio political critique The first set of essays brings together accounts of the history of the Law and Cinema Movement the groundbreaking

genre of post apocalyptic fiction and the policy setting genesis of a Canadian documentary The second section of the book turns to the examination of a range of international or global films with an eye to assessing the strengths frailties and possible functions of law as depicted in fictional cinema After an international focus in the second section the third section focuses on law and crime in American film and television inclusive of both fictional and documentary modes of narration This section s expansion beyond film narratives to include television series attempts to broaden the scope of the edited collection in terms of media discussed it is also a nod to how the big screen although still a dominant force in American popular culture now has to compete to some extent with the small screen for influence over the collective American popular cultural imaginary The fourth section titled brings together various chapters that attempt to instantiate how a Gothic Criminology could be useful as an interpretative framework in analyzing depictions of law and crime in film and television The fifth and final section covers issues of pedagogy epistemology and ethics in relation to moving images of law and crime Merging wide ranging analyses with nuanced scholarly interpretations Framing Law and Crime examines key concepts and showcases original research reflecting the latest interdisciplinary trends in the scholarship of the moving image It addresses not only scholars but also fans and will heighten the appreciation of connoisseurs and newcomers to these topics alike Gender Innovation and Migration in Switzerland Francesca Falk,2018-11-21 This open access book analyses migration and its relation to socio political transformation in Switzerland It addresses how migration has made new forms of life possible and shows how this process generated gender innovation in different fields the changing division of work the establishment of a nursery infrastructure access to higher education for women and the struggle for female suffrage Seeing society through the lens of migration alters the perspective from which our past and thus our present is told and our future imagined

Religious Offence and Human Rights Lorenz Langer,2014-07-10 Should international law be concerned with offence to religions and their followers Even before the 2005 publication of the Danish Mohammed cartoons Muslim States have endeavoured to establish some reputational protection for religions on the international level by pushing for recognition of the novel concept of defamation of religions This study recounts these efforts as well as the opposition they aroused particularly by proponents of free speech It also addresses the more fundamental issue of how religion and international law may relate to each other Historically enforcing divine commands has been the primary task of legal systems and it still is in numerous municipal jurisdictions By analysing religious restrictions of blasphemy and sacrilege as well as international and national norms on free speech and freedom of religion Lorenz Langer argues that on the international level at least religion does not provide a suitable rationale for legal norms **The Soul of Judaism** Bruce D Haynes,2018-08-14 A study of the history of Black Jews in the United States and the counter narratives they have put forward as they stake their claims to Jewishness The Soul of Judaism offers the first exploration of the full diversity of Black Jews including bi racial Jews of both matrilineal and patrilineal descent adoptees black converts to Judaism and Black Hebrews and Israelites who trace their

Jewish roots to Africa and challenge the dominant western paradigm of Jews as white and of European descent Blending historical analysis and oral history Haynes showcases the lives of Black Jews within the Orthodox Conservative Reconstruction and Reform movements as well as the religious approaches that push the boundaries of the common forms of Judaism we know today He illuminates how in the quest to claim whiteness American Jews of European descent gained the freedom to express their identity fluidly while African Americans have continued to be seen as a fixed racial group This book demonstrates that racial ascription has been shaping Jewish selfhood for centuries Pushing us to reassess the boundaries between race and ethnicity it offers insight into how Black Jewish individuals strive to assert their dual identities and find acceptance within their respective communities Putting to rest the simplistic notion that Jews are white and that Black Jews are therefore a contradiction the volume argues that we can no longer pigeonhole Black Hebrews and Israelites as exotic militant and nationalistic sects outside the boundaries of mainstream Jewish thought and community life The volume spurs us to consider the significance of the growing population of self identified Black Jews and its implications for the future of American Jewry University Press Books Selected for Public and Secondary School Libraries ,2002 **The Ten Lost Tribes** Zvi Ben-Dor Benite,2013-11 In The Ten Lost Tribes Zvi Ben Dor Benite shows for the first time the extent to which the search for the lost tribes of Israel became over two millennia an engine for global exploration and a key mechanism for understanding the world Twentieth-century American Cultural Theorists Paul Hansom,2001 This award winning series systematically presents career biographies of writers from all eras and all genres through volumes dedicated to specific types of literature and time periods **Writer's Guide to Book Editors, Publishers, and Literary Agents, 2003-2004** Jeff Herman,2002 The Key to Unlocking Your Writing Success This ultimate writer s reference connects you to who s who in the publishing industry Inside you ll find the names addresses phone numbers and e mail and Web addresses for hundreds of top editors and agents plus essays from industry insiders who reveal the secrets to big time success With the most up to date information on an industry that s constantly changing this new edition offers everything you need to get past the slush piles and into the hands of the real players in the publishing field including how to write attention grabbing book proposals and thrive off rejection Now you hold the keys to getting published **Jeff Herman's Guide to Book Publishers, Editors & Literary Agents** Jeff Herman,2003 A guide to the names and specialties of American and Canadian publishers editors and literary agents includes information on the acquisition process and on choosing literary agents **Sociological Abstracts** Leo P. wie in vielen anderen Ländern Besonders in der kolonialen Sphäre wo die verschiedenen Ethnien direkt miteinander konfrontiert werden drängt sich die Nutzung der neuen Kategorie auf Im deutschen Kolonialreich bleiben aber auch traditionelle Denkweisen einflussreich Die Rassenkonzepte befinden sich in einem ständigen Kampf mit ihnen Brennpunkte der Auseinandersetzung sind das befürwortete oder zurückgewiesene Verbot der Rassenmischehe und die Behandlung der Mischlingsfrage Beide Probleme sind eingebettet in die grundsätzliche Debatte um Kolonialherrschaft und Rassentrennung Aus dem Inhalt H Gruner Zum Stellenwert des Rassismus im Spektrum der Kolonialideologien C Marx Siedlerkolonien J Zimmerer Die arassische Privilegiengesellschaft H Sippel Rechtspolitische Ansätze zur Vermeidung einer Mischlingsbevölkerung A Honold Der Exot und sein Publikum **American Book Publishing Record**, 2001 Absent Rebels: Criticism and Network Power in 21st Century Dystopian Fiction Annika Gonnermann, 2021-04-19 Absent Rebels Criticism and Network Power in 21st Century Dystopian Fiction focuses on the relationship between literary dystopia network power and neoliberalism explaining why rebellion against a dystopian system is absent in so many contemporary dystopian novels Also this book helps readers understand modern power mechanisms and shows ways how to overcome them in our own daily lives
