Robert A Taft Ideas Tradition Party In:

Robert A. Taft Clarence E. Wunderlin,2005-04-07 Robert A Taft the son of president and chief justice William H Taft was one of the twentieth century s most prominent conservative American legislators First and foremost a consummate politician Taft viewed the Republican party as the nation s most effective political instrument of progress Daniel Webster Donald A. Rakestraw,2021-09-09 Few names in American history are more recognizable than that of Daniel Webster No one would deny that Webster s substantive domestic achievements assured his prominent place in American history and that his virtual embodiment of nation and union guaranteed his rank among the most significant personalities of the Jacksonian era It can however be argued that his domestic resum that garnered him the title Defender of the Constitution is rivaled by an impressive international one that yielded far reaching results for a nation still struggling to find a respectable position among the Atlantic powers In fact his adroit handling of his signature accomplishment with Lord Ashburton earned him the additional title of Defender of Peace Webster s foreign policy achievements are too often given short shrift falling victim to the textbook author s inclination to hold Webster to the dominant domestic narrative that would ultimately see the nation fractured Donald A Rakestraw focuses on Webster s critical diplomatic efforts efforts that produced a legacy that ranges from the delineation of America s northeastern boundary with Canada to the prevention of a serious rupture with Britain from the advancement of national commercial expansion in the Pacific and East Asia to the establishment of a long lived model for U S extradition policy from his successful intervention on behalf of the so called Santa Fe prisoners in Mexico to his role in promoting a crucial Anglo American rapprochement **Brent Scowcroft** David F. Schmitz,2011-03-16 As National Security Advisor to President Gerald Ford advisor to President Ronald Reagan and as National Security Advisor to President George H W Bush Brent Scowcroft was at the center of the ongoing debate over how to shape American foreign policy in the post war world As David F Schmitz makes clear in his new biography Scowcroft was a realist in his outlook on American foreign policy and an heir to the Cold War internationalism that had shaped that policy since 1945 During his most important service as George H W Bush s national security advisor Scowcroft sought to work with like minded Republicans and Democrats to construct a post Cold War foreign policy that would provide consistency and stability to American policymaking in a rapidly changing international environment defend the internationalist position from challenges and criticisms and buffer the conduct of diplomacy from the turbulence of domestic politics The type of bi partisan cooperation and internationalism that marked the pre Vietnam War years served as Scowcroft s guide to how to defend American interests and promote U S values and institutions globally While not always successful Scowcroft provided a consistent internationalist voice in the midst of change **Eisenhower and Adenauer** Steven Brady,2010-01-01 This book addresses the US West German alliance in the 1950s during which time Dwight Eisenhower was in the White House and Konrad Adenauer in the Federal Chancery This is a unique multi lateral multi archival work that analyzes the dilemmas and ultimate

successes of the Cold War alliance that was most crucial for Western Europe during the early years of the Cold War

Crucible of Power Howard Jones, 2009 Employing a narrative approach that uncovers the tangled and often confusing nature of foreign affairs *Crucible of Power* focuses on the personalities security interests and post war Cold War tendencies behind the formulation and implementation of U S foreign policy since 1945 The book includes updated coverage of the Bush administration s foreign policy with particular emphasis on the Middle East Selections from key foreign policy documents appear in each chapter

Harry Hopkins Christopher D. O'Sullivan, 2014-10-30 One of the most controversial figures of the New Deal Era Harry Hopkins elicited few neutral responses from his contemporaries Millions admired him and believed the New Deal agencies he headed had rescued them from despair but many of President Roosevelt s enemies passionately hated him and derisively called him the world s greatest spender or FDR s left wing Rasputin Hopkins was a paradoxical man a trained social worker who enjoyed the company of the swells attending cocktail parties and gambling at the track Once the quintessential New Dealer during World War II he single mindedly devoted himself to aiding the allies downplaying his previous commitment to social reform and rupturing his friendship with Eleanor Roosevelt among others He was sickly and underweight yet a profane and blunt spoken man lacking in any outward affectations of charisma Still FDR curiously saw Hopkins who moved into the White House on the very day that Germany invaded France in May 1940 as his most suitable successor the New Deal s legatee a possible Democratic nominee for president Much of what FDR accomplished would never have been possible without Hopkins whom the press described as not only FDR s most trusted official but also his most intimate personal friend Analyzing Hopkins role in wartime diplomacy and his personal relationships with the twentieth century s most indispensable leaders historian Christopher O Sullivan offers enormous insight into the most controversial aspects of FDR s foreign policy the New Deal Era and the beginning of modern American history

FDR and the Jews Richard Breitman, 2013-03-19 A contentious debate lingers over whether Franklin Delano Roosevelt turned his back on the Jews of Hitler s Europe FDR and the Jews reveals a concerned leader whose efforts on behalf of Jews were far greater than those of any other world figure but whose moral leadership was tempered by the political realities of depression and war

Colin Powell Christopher D. O'Sullivan, 2009-04-16 Few figures in the past quarter century have played a more significant role in American foreign policy than Colin Powell He wielded power at the highest levels of the most important foreign policy bureaucracies the Pentagon the White House the joint chiefs and the state department As national security advisor in the Ronald Reagan administration chairman of the joint chiefs of staff under George H W Bush and Bill Clinton and secretary of state during George W Bush s first term he played a prominent role in four administrations Republican and Democrat spanning more than twenty years Powell has been engaged in the most important debates over foreign and defense policy during the past two decades such as the uses of American power in the wake of the Vietnam war the winding down of the Cold War and the quest for new paths for American foreign policy and the interventions in Panama 1989 and the Persian Gulf

1990 1991 During the Clinton era he was involved in the controversies over interventions in Bosnia and Somalia As America s top diplomat from 2001 to 2004 he helped shape the aims and goals of U S diplomacy after September 11 2001 and in the run up to the Iraq War In this exploration of Powell s career and character Christopher D O Sullivan reveals several broad themes crucial to American foreign policy and yields insights into the evolution of American foreign and defense policy in the post Vietnam post Cold War eras In addition O Sullivan explores the conflicts and debates between different foreign policy ideologies such as neo conservatism and realism O Sullivan s book not only explains Powell s diplomatic style it provides crucial insights into the American foreign policy tradition in the modern era **Douglas MacArthur** Russell D.

Buhite,2008-04-28 Buhite offers a trenchant evaluation of Douglas MacArthur s career in East Asia and his role in some of the most important military and diplomatic issues of the twentieth century Concise and highly readable this biography of one of the most influential and controversial agents of American foreign and military policy considers diplomatic fact in light of psychological insight A must read for those interested in diplomatic and military history **The Cold War** Spencer C.

Tucker,2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material *The*

Roots of Modern Conservatism Michael D. Bowen,2011 Between 1944 and 1953 a power struggle emerged between New York governor Thomas Dewey and U S senator Robert Taft of Ohio that threatened to split the Republican Party In *The Roots of Modern Conservatism* Michael Bowen reveals how this two man b **Congressional Giants** J. Michael

Martinez,2020-05-26 The Congress of the United States operates in the shadow of the American presidency which can make the legislative branch appear less important than the executive in our constitutional system of government And yet Congress is a co equal branch of government deriving its powers from Article I of the United States Constitution Love it or hate it the institution is a source of incredible power It behooves all Americans to learn more about Congress Although a single slender

volume cannot provide information on all there is to know about Congress it can begin the journey In Congressional Giants political scientist J Michael Martinez explores the careers and achievements of 14 influential leaders of Congress men who either held formal positions within the chambers of Congress such as speaker of the House of Representatives or Senate majority leader or who served on important committees to determine how they shaped the course of American history

The Rise and Fall of Modern American Conservatism David Farber,2012-08-26 The story of modern conservatism through the lives of six leading figures The Rise and Fall of Modern American Conservatism tells the gripping story of perhaps the most significant political force of our time through the lives and careers of six leading figures at the heart of the movement David Farber traces the history of modern conservatism from its revolt against New Deal liberalism to its breathtaking resurgence under Ronald Reagan to its spectacular defeat with the election of Barack Obama Farber paints vivid portraits of Robert Taft William F Buckley Jr Barry Goldwater Phyllis Schlafly Ronald Reagan and George W Bush He shows how these outspoken charismatic and frequently controversial conservative leaders were united by a shared insistence on the primacy of social order national security and economic liberty Farber demonstrates how they built a versatile movement capable of gaining and holding power from Taft s opposition to the New Deal to Buckley s founding of the National Review as the intellectual standard bearer of modern conservatism from Goldwater s crusade against leftist politics and his failed 1964 bid for the presidency to Schlafly s rejection of feminism in favor of traditional gender roles and family values and from Reagan s city upon a hill to conservatism s downfall with Bush s ambitious presidency The Rise and Fall of Modern American Conservatism provides rare insight into how conservatives captured the American political imagination by claiming moral superiority downplaying economic inequality relishing bellicosity and embracing nationalism This concise and accessible history reveals how these conservative leaders discovered a winning formula that enabled them to forge a powerful and formidable political majority Some images inside the book are unavailable due to digital copyright restrictions

Narrative and the Making of US National Security Ronald R. Krebs,2015-08-25 Dominant narratives from the Cold War consensus to the War on Terror have often served as the foundation for debates over national security Weaving current challenges past failures and triumphs and potential futures into a coherent tale with well defined characters and plot lines these narratives impart meaning to global events define the boundaries of legitimate politics and thereby shape national security policy However we know little about why or how such narratives rise and fall Drawing on insights from diverse fields Narrative and the Making of US National Security offers novel arguments about where these dominant narratives come from how they become dominant and when they collapse It evaluates these arguments carefully against evidence drawn from US debates over national security from the 1930s to the 2000s and shows how these narrative dynamics have shaped the policies pursued by the United States

Age of Iron Colin Dueck,2020 In his latest book Age of Iron Colin Dueck explores the past present and future of Republican foreign policy nationalism He argues that American conservatives and Republican

presidents from Theodore Roosevelt onward have always struck balances between nationalist and internationalist impulses Dueck offers an assessment of the Trump administration's foreign policy including analysis of populist conservative political trends Finally he offers recommendations for current US national security policy based upon the recognition that the post Cold War Wilsonian moment is over

The Holocaust Averted Jeffrey S. Gurock, 2015-04-03 In *The Holocaust Averted* Jeffrey Gurock imagines what might have happened to the Jewish community in the United States if the Holocaust had never occurred and forces readers to contemplate how the road to acceptance and empowerment for today's American Jews could have been harder than it actually was

Hard Line Colin Dueck, 2010-09-05 Conservatives and liberals alike are currently debating the probable future of the Republican Party What direction will conservatives and republicans take on foreign policy in the age of Obama This book tackles this question

Tomorrow, the World Stephen Wertheim, 2020-10-27 How did the United States appoint itself as the world's supreme military power Stephen Wertheim delves into the archives of the US foreign policy elite to trace armed dominance to its origin in World War II He shows how officials and intellectuals suddenly chose to embrace perpetual dominance at the price of perpetual war

America in Retreat Bret Stephens, 2014 As Americans seek to withdraw from the world to tend to domestic problems America's adversaries spy opportunity Stephens argues for American reengagement abroad to check the ambitions of Russia China and Iran and help maintain the credibility of American security guarantees

In Defense of the Bush Doctrine Robert G. Kaufman, 2007-05-11 A foreign policy expert presents a thoughtful comprehensive case for the War on Terror a historically powerful support of Mr Bush and his doctrine Washington Times The terrorist attacks of September 11 2001 shattered the tranquil and prosperous optimism that had blossomed in the United States during the 1990s President George W Bush responded with a preemptive Global War on Terror This controversial strategy led the nation into protracted conflicts in Iraq and Afghanistan and ignited passionate debate about America's role in the world In *Defense of the Bush Doctrine* offers a vigorous argument for the principles of moral democratic realism that inspired the Bush administration's policy Conservative columnist Robert G Kaufman argues that the purpose of American foreign policy is to ensure the integrity and vitality of a free society and that America's grand strategy must be guided by the cardinal virtue of prudence Kaufman provides a broad historical context for America's post 9 11 foreign policy connecting the Bush Doctrine and other issues such as how the United States should deal with China to the deeper tradition of American diplomacy Drawing from positive lessons as well as cautionary tales from the past Kaufman concludes that moral democratic realism offers the most prudent framework for expanding the democratic zone of peace and minimizing threats to the United States
