John Himmelfarb Michael Bonesteel, Linda Konheim Kramer, 2005 John Himmelfarb is a bold American artist who consistently ignores the boundaries between drawing and painting This comprehensive monograph also details his most recent work that includes the lyric paintings of the Inland Romance Series and linear calligraphic creations that challenge the heart and mind of the contemporary art lover 84 colour 50 illustrations **Robert Kipniss** Thomas Piché, Robert

Marter, 2011 Arranged in alphabetical order these 5 volumes encompass the history of the cultural development of America with over 2300 entries **Symbolism, Its Origins**

and Its Consequences Rosina Neginsky, 2010-08-11 The notion of the symbol is at the root of the Symbolist movement but this symbol is different from the way it was used and understood in the Middle Ages and Renaissance In the Symbolist movement a symbol is not an allegory The Belgian writer Maurice Maeterlinck defined its essence in an article that appeared on April 24 1887 in *L'Art moderne* He wrote that the notion of a symbol in the Symbolist movement is the opposite of the notion of the symbol in classical usage instead of going from the abstract to the concrete Venus incarnated in the statue represents love it goes from the concrete to the abstract from what is seen heard felt tasted and sensed to the evocation of the idea This volume attempts to give a glimpse into the power of the Symbolist movement and the nature of its fundamental and interdisciplinary role in the evolution of art and literature of the twentieth century It records the studies of a group of scholars who met and discussed these topics together for the first time in 2009 While illuminating the specificity of Symbolism in art architecture and literature in different European countries these articles also demonstrate the crucial role of French Symbolism in the development of the international Symbolist movement The authors hope that an expanding group a society of Art Literature and Music in Symbolism and Decadence ALMSD born out of the first meeting will continue to further this discussion at future conferences and in the printed conference proceedings **The Abstract Impulse** Marshall

N. Price, 2007 Comprised of nearly fifty paintings sculptures and works on paper *The Abstract Impulse* highlights artists in such critical movements as Abstract Expressionism Minimalism and Op Art Artists who are included are such canonical figures as Robert Motherwell Jasper Johns Helen Frankenthaler and Robert Mangold among others This publication together with its coinciding exhibition seeks to unveil the pluralistic ways in which abstraction developed after 1950 which will be

revealed by the grouping of the works stylistically and thematically into three general sections gesture geometry and introspection *German Expressionist Prints* Stephanie D'Alessandro,2003 The Specks Collection is noted for its high quality breadth and profound graphic power In celebration of the gift to the museum the collection is presented here for the first time in its entirety **Steve Tobin's Natural History** Donald Burton Kuspit,Steve Tobin,2003 This book assembles twenty years of work in dramatic color photographs a magnificent mid career survey of a remarkable sculptor who turns nature into art **HGAF Modern and Contemporary Art Auction Catalog #5031** Carrie Hunnicutt,2009-09
