Selected and Edited by Constance and Jack Glenn**, 1988 **Robert Motherwell**, 2002 **Robert Motherwell** Mary Ann Caws, 2013-06-01 Robert Motherwell was by far the most intellectual and articulate of the Abstract Expressionists This book written by a friend of the artist the well known writer and critic Mary Ann Caws examines Motherwell's way of thinking and writing in relation to his paintings The artist American by birth yet simultaneously American and European in his way of visualizing and vocalizing artistic and philosophical traditions always worked between these two poles and it is this tension that imbues his oeuvre with its particular intensity The author bases her analysis of Motherwell on the artist's own writings and readings as well as on extensive conversations and interviews with him She considers his work and interests in relation to those of other Abstract Expressionists as well as to the work of the Surrealists Her book highlights his deep attraction to France and French literature and art and his concern with the idea of elegy and the tragedy of the Spanish Civil War His singularly American spirit provided him with a manner of painting and thinking unique among the Abstract Expressionists as well as with a distinctive and highly personal filter through which to interpret his fascination with European literature and history The Prints of Robert Motherwell Stephanie Terenzio, Robert Motherwell, Dorothy C. Belknap, 1991 This magnificent volume provides a definitive study of the great Abstract Expressionist artist's work as a printmaker This long awaited third edition documents and reproduces all his graphic work to 1990 covering more than 450 prints The text includes an extensive series of interviews with master printers and publishers **Robert Motherwell On Paper** Robert Motherwell, 1997 The Abstract Expressionist artist Robert Motherwell 1915 1991 was best known as a painter but he also created a remarkable body of works on paper The drawings prints and collages in this book show a more intimate side of his visual sensibility they reveal the very personal handwriting of the artist as he responded to the subtleties of paper both as a medium and a material Motherwell was in fact a most extraordinary draftsman as this volume testifies Reproduced in color and in a generous format are more than a hundred of the artist's finest works on paper The book is published to accompany an exhibition at the Miriam and Ira D Wallach Art Gallery at Columbia University an exhibition that was conceived and developed in discussions with the artist during the final year of his life For this celebration of Motherwell's creative legacy David Rosand has gathered a distinguished group of contributors Together their essays on different aspects of Motherwell's work create a complex picture

Moderns concludes with a summary of the manners in which the economic aesthetic psychological and anthropological revisions enabled precisely these myths to be taken up as a mirror of modern consciousness The book will appeal to all readers interested in the classical tradition and its continuing relevance and especially to scholars of Classics and modern literatures The Collected Writings of Robert Motherwell Robert Motherwell,1999 Writings on art from 1941 to 1988

Joycean Cultures, Culturing Joyces Vincent John Cheng,Kimberly J. Devlin,Margot Norris,1998 This volume presents a cultural criticism that analyzes the politics art fashion and constructions of the body inscribed and transcribed in the Joycean text The essays illustrate the dynamic interaction of art culture and criticism They simultaneously explore the impact that Joyce s own culture both high and low had on his art while assessing Joyce s reciprocal influence on our own contemporary culture Following the paths of a long and pluralistic tradition of Joyce criticism the new methodologies in this volume create or culture a new Joyce for the nineties **The Life of Forms in Art** Brandon Taylor,2020-10-01 What is form in modern art How could a work of art achieve its organic life in a world increasingly dominated by mechanism by new technology In this new book Brandon Taylor proposes that biology and the life sciences themselves supplied many of the analogies and metaphors by which modern artists were guided For the creative giants of the period Picasso Mir Kandinsky Strzeminiski Dal Arp Motherwell and Pollock as well as less known figures such as Taeuber Erni and Kobro questions of living form loomed large in studio conversation in the press and in the writings of the artists themselves In a book rich in new research and fresh thinking a well known art historian proposes six modalities of organic and vital life that pervade the radical experiments of modern art the organic the biomorphic the ambiguous the monstrous the dialectical and the liquid Annual Bibliography of Modern Art Museum of Modern Art (New York, N.Y.).
