A New Republic John Lukacs,2004-01-01 An eminent historian offers his views on American democracy In A New Republic one of America s most respected historians offers a major statement on the nature of our political system and a critical look at the underpinnings of our society American democracy says John Lukacs has been transformed from an exercise in individual freedom and opportunity to a bureaucratic system created by and for the dominance of special groups His book first published in 1984 as *Outgrowing Democracy* is now reissued with a new introduction in which Lukacs explains his methodology and a new final chapter which sums up Lukacs s thoughts on American democracy today Reviews of the earlier edition A rich subtle and often ingenious argument an eloquent provocative but disturbing book Edwin M Yoder Jr Washington Post Book World Mr Lukacs is an original and subtle historian and this book is an engaging intellectual surprise party I was continuously

enchanted by the play of his ideas by the sharpness of his distinctions and the acuteness of his descriptions Naomi Bliven New Yorker It has been a long time since Americans were offered such a provocative interpretation of their historical predicament We would be foolish not to examine it closely Laurence Tool Society *Russell Kirk* Bradley J.

Birzer,2015-11-09 Emerging from two decades of the Great Depression and the New Deal and facing the rise of radical ideologies abroad the American Right seemed beaten broken and adrift in the early 1950s Although conservative luminaries such as T S Eliot William F Buckley Jr Leo Strauss and Eric Voegelin all published important works at this time none of their writings would match the influence of Russell Kirk s 1953 masterpiece *The Conservative Mind* This seminal book became the intellectual touchstone for a reinvigorated movement and began a sea change in Americans attitudes toward traditionalism In *Russell Kirk* Bradley J Birzer investigates the life and work of the man known as the founder of postwar conservatism in America Drawing on papers and diaries that have only recently become available to the public Birzer presents a thorough exploration of Kirk s intellectual roots and development The first to examine the theorist s prolific writings on literature and culture this magisterial study illuminates Kirk s lasting influence on figures such as T S Eliot William F Buckley Jr and Senator Barry Goldwater who persuaded a reluctant Kirk to participate in his campaign for the presidency in 1964 While several books examine the evolution of postwar conservatism and libertarianism surprisingly few works explore Kirk s life and thought in detail This engaging biography not only offers a fresh and thorough assessment of one of America s most influential thinkers but also reasserts his humane vision in an increasingly inhumane time **The Janitor's Sons: A True**

Story of Hope, Shattered Dreams, and Winning Despite Adversity Gregory Collier,2014-02-20 Astonishing tear jerking and thought provoking *The Janitor's Sons* is a chilling and extraordinary inside look at urban life in America and its suburban contrast Gregory Collier tells the incredible true story of two brothers raised amongst the broad spectrum of social classes in Detroit Michigan and its posh suburbs It is a story of agony and ecstasy crime and punishment and choices that can impact one s entire life Somewhere in America is a young black male capable of becoming president of the United States or anything he desires However in an era when a college education is more important than ever he might not graduate from high school With *The Janitor's Sons* Gregory Collier draws a line in the sand and declares black males must not fail in school or in life America is too important **The Routledge Introduction to Ballet, its Culture and Issues** Jennifer Fisher,2024-12-24

As an introduction to ballet s history culture and meanings this book draws on the latest ballet scholarship to describe the trajectory of a dance form that has risen to global ubiquity and benefited from many diverse influences along the way Organized around themes the book explains how the manners style and hierarchies of ballet became such a strong part of its DNA It addresses the origins of ballet s aristocratic vocabulary and the ways in which it may be interpreted now incorporating meanings that range from the aesthetic to the spiritual and the political *The Routledge Introduction to Ballet* its Culture and Issues explores how dancers and audiences have experienced ballet how popular films have represented it
