Art of the 20th century Dorothea Eimert, 2016-03-09 The 20th century was a revolutionary period in art history In the span of a few short years Modernism exploded into being disrupting centuries of classical figurative tradition to create something entirely new This astoundingly thorough survey of art's modern era showcases all of the key artistic movements of the 20th century from Fauvism to Pop Art featuring illustrative examples of some of the most renowned works of the era along with illuminating companion essays by expert critics and art historians A vivid window into the collective psyche of the modern world's great artists Art of the 20th Century is a must have for any fan of contemporary art

Robert Combas, 2009 *With Pleasure* Anna Katz, 2019-01-01 A timely and expansive survey of a groundbreaking American art movement that overturned aesthetic hierarchies in a riot of color and ornamentation The Pattern and Decoration movement emerged in the 1970s as an embrace of long dismissed art forms associated with the decorative Pioneering artists such as Miriam Schapiro 1923 2015 Joyce Kozloff b 1942 Robert Kushner b 1949 and others appropriated patterns frequently from non Western decorative arts to produce intricate often dizzying or gaudy designs in media ranging from painting sculpture and collage to ceramics installation art and performance

This dazzling book showcases an astonishing array of works by more than 40 artists from across the United States examining the movement's defiant adoption of art forms traditionally viewed as feminine craft based or otherwise inferior to fine art. In addition to offering an overview of the Pattern and Decoration movement as it is commonly recognized, this volume considers artists of the period who are not typically associated with the movement. Rethinking the significance of patterns and the decorative in postwar American art, this panoramic view provides new insights into abstraction, feminism, and installation art. Essays explore the movement's feminist methods and values, including Miriam Schapiro's femmage practice, its impact on contemporary abstract painting, and its relationship to postmodern architecture and design. Artist biographies, an exhibition history, and reprints of historically significant writings further establish *With Pleasure* as the most expansive publication on the subject.

The Hydrogen Jukebox Peter Schjeldahl, 2023-09-01 Baudelaire's famous description of the best criticism as entertaining and poetic, not coldly analytic, lives in the essays of Peter Schjeldahl. Schjeldahl self-consciously continues the modern tradition of art criticism crafted by poet-critics, providing a sharp perspective on individual artists, their work, art world events, and new creative directions. He challenges established views, and his infectious passion for art continually engages the reader. In essays on Rothko, Munch, Warhol, Dubuffet, Nauman, Sherman, Salle, de Kooning, Guston, Ruscha, and Koons, Schjeldahl skillfully juggles theory and analysis in exploring cultural context and technique. His writings, free of the contortions of some critical prose and characterized by a sustained focus on works of art, map the contemporary art scene in New York with occasional forays to Los Angeles and elsewhere, cataloguing the colorful personalities, cultural attractions, and ethical hazards of the art world. It's a fast fun trip with arguments that fold back upon themselves in surprising revelations and reversals of the author's opinion. There is never a dull moment for those with an eye on contemporary art. Baudelaire's famous description of the best criticism as entertaining and poetic, not coldly analytic, lives in the essays of Peter Schjeldahl. Schjeldahl self-consciously continues the modern tradition of art criticism crafted by poet-critics, provid

The Stories of the Mona Lisa Piotr Barsony, 2012-10-08 Dad, will you tell me a story? asks a little girl. Sure, artist Piotr Barsony responds. I'll tell you a story about a painting. And the Mona Lisa, the most beautiful painting in all the world, will be our subject. Thus begins the fascinating history of modern painting through what many consider the most famous work in the history of art, the Mona Lisa by Leonardo da Vinci. Piotr acts as the museum guide for his young daughter throughout the book, taking us on a journey through an imaginary museum. He describes famous art movements and artists, including impressionism, cubism, expressionism, fauvism, minimalism, surrealism, Monet, Manet, Cézanne, Picasso, Bacon, Pollock, and more. All of the most famous painters of the modern and contemporary art movements are explained with their own Mona Lisa portraits in their signature styles. Throughout the book, Piotr acts as a guide, explaining to his daughter and the reader each genre of paintings in a clear, simple, and entertaining way. By the end of the book, we discover that he's actually the artist who's been painting all those Mona Lisas, and the results are spectacular. *The Stories of the Mona Lisa* is the perfect book for any child who loves art.
