, 2016-09-07 Religious Experience Revisited explores a dilemma which has haunted the study of religion since William James Is religion rooted in experiences Is religion rooted in expressions How are experiences and expressions related The contributors to this international and interdisciplinary compilation explore the possibilities and the impossibilities of a hermeneutics of religion Combining theology and philosophy with biblical cultural historical and literary studies they examine how religious experiences and religious expressions have been entangled in the past and in the present These entanglements call for interdisciplinary conversations in which those who study experiences and those who study expressions can learn from each other in order to carve out important and instructive spaces for the study of religion [Military Review](#)

, 2000 *The American New Woman Revisited* Martha H. Patterson, 2008 In North America between 1894 and 1930 the rise of the New Woman sparked controversy on both sides of the Atlantic and around the world As she demanded a public voice as well as private fulfillment through work education and politics American journalists debated and defined her Who was she and where did she come from Was she to be celebrated as the agent of progress or reviled as a traitor to the traditional family Over time the dominant version of the American New Woman became typified as white educated and middle class the suffragist progressive reformer and bloomer wearing bicyclist By the 1920s the jazz dancing flapper epitomized her Yet she also had many other faces Bringing together a diverse range of essays from the periodical press of the late nineteenth and early twentieth centuries Martha H Patterson shows how the New Woman differed according to region class politics race ethnicity and historical circumstance In addition to the New Woman s prevailing incarnations she appears here as a gun wielding heroine imperialist symbol assimilationist icon entrepreneur socialist anarchist thief vamp and eugenicist Together these readings redefine our understanding of the New Woman and her cultural impact **Arkansas Business and**

Economic Review, 1975 **Revisiting "The Waste Land"** Lawrence Rainey, 2008-10-01 divThis groundbreaking book of literary detective work alters our understanding of T S Eliot s poetic masterpiece The Waste Land Lawrence Rainey not only resolves longstanding mysteries surrounding the composition of the poem but also overturns traditional interpretations of the poem that have prevailed for more than eighty years He shines new light on Eliot s greatest achievement and on the poem s place in the modern canon Far from the austere and sober monument to neoclassicism that admirers have praised The Waste Land turns out to be something quite different something grim and wild unruly and intractable violent and shocking and

radically indeterminate yet also deeply compassionate Rainey looks at how Eliot went about writing the poem and at the sequence in which he composed the parts Arriving at new insights into the poet's intentions Rainey unsettles tradition-bound views of the poem and shows us that *The Waste Land* is even stranger and more startling than we knew DIV **The Myth**

of Ham in Nineteenth-Century American Christianity S. Johnson, 2004-12-02 This monograph is an original study of what is commonly termed the American myth of Ham It examines black and white Americans' recourse to the biblical character of Ham as a cultural strategy for explaining racial origins Previous studies in the area have been restricted to associating the Hamitic idea with pro-slavery arguments whereas the thesis of this project reveals a fundamental irony: black American Christians who reinforced the meanings of illegitimacy by appealing to Ham as the ancestor of the race **An Ethos of Blackness** Vivaldi Jean-Marie, 2023-09-26 Rastafari is an Afrocentric social and religious movement that emerged among Afro-Jamaican communities in the 1930s and has many adherents in the Caribbean and worldwide today This book is a groundbreaking account of Rastafari demonstrating that it provides a normative conception of Blackness for people of African descent that resists Eurocentric and colonial ideas Vivaldi Jean-Marie examines Rastafari's core beliefs and practices arguing that they constitute a distinctively Black system of norms and values at once an ethos and a cosmology He traces Rastafari's origins in enslaved people's strategies of resistance Jamaican Revivalism and Garveyism showing how it incorporates ancestral religious traditions and emancipatory politics **An Ethos of Blackness** draws out the significance of practices such as avoiding technological exploitation of natural artifacts and the belief in living in harmony with the natural order Jean-Marie considers Rastafari's theology exploring its reinterpretation of biblical scriptures and its foundations in the rejection of Christianity's Eurocentrism and racism However he insists before Rastafari can fulfill its promise of liberation for people of African descent it must confront its failure to include women and redress sexism Through rigorous and sensitive reflections on Rastafari culture and cosmology this book offers deeply original insights into the Black theological imagination

Campaign Mode Michael John Burton, Daniel M. Shea, 2003 The pressures of contemporary electioneering force political professionals into campaign mode: a state of mind that merges a visceral drive to win elections with a deep-seated habit of strategic thinking Wise political professionals know the basic rules of electoral strategy and how to read the political terrain *Campaign Mode* examines the strategic histories of five successful congressional candidates: Ohio's Ted Strickland, Georgia's Bob Barr, California's Loretta Sanchez, Tennessee's Harold Ford Jr, and Pennsylvania's Rick Santorum The authors, both of whom have advised major political figures, combine original interviews, survey data, historical investigation, and first-hand observation of the candidates to reveal the inner workings of electoral politics They demonstrate that campaigns do matter and show readers how to think like political professionals **Revisiting Italy** Rebecca Butler, 2021-05-05 With the rise of mass tourism Italy became increasingly accessible to Victorian women travellers not only as a locus of artistic culture but also as a site of political enquiry Despite being outwardly denied a political voice in Britain many female tourists were

conspicuous in their commitment to the Italian campaign for national independence or Risorgimento 1815 61 Revisiting Italy brings several previously unexamined travel accounts by women to light during a decisive period in this political campaign Revealing the wider currency of the Risorgimento in British literature Butler situates once popular but now marginalized writers Clotilda Stisted Janet Robertson Mary Pasqualino Selina Bunbury Margaret Dunbar and Frances Minto Elliot alongside more prominent figures the Shelley Byron circle the Brownings Florence Nightingale and the Kemble sisters Going beyond the travel book she analyses a variety of forms of travel writing including unpublished letters privately printed accounts and periodical serials Revisiting Italy focuses on the convergence of political advocacy gender ideologies national identity and literary authority in women's travel writing Whether promoting nationalism through a maternal lens politicizing the pilgrimage motif or reviving gothic representations of a revolutionary Italy it identifies shared touristic discourses as temporally contingent shaped by commercial pressures and the volatile political climate at home and abroad
