Scripture, Reason, and the Contemporary Islam-West Encounter S. Kepnes, B. Koshul, 2007-08-06 The unique essays in this collection use the underlying allegiance to scripture in Islam Judaism and Christianity to underscore the deep affinities between the three monotheistic traditions while at the same time encouraging respect for the differences between the traditions to be preserved

Forgotten Scriptures Lee Martin McDonald, 2009-01-01 The early Christian church had a variety of Scriptures and other source material that informed their faith and shaped their thinking But after a few centuries the church decided to keep the twenty seven books of our present New Testament and to treat them as a canonical in faith and practice But what of the other books Many of them have survived and remain valuable for understanding the diversity of the early Christian church and the astounding claims of faith on which it was founded Learning about these ancient documents need not threaten the church's current orthodoxy and authority in fact learning about these texts can help today's Christians form a deeper understanding of the early church

Embodying Xuanzang Benjamin Brose, 2023 Xuanzang 600 602 664 was one of the most accomplished and consequential monks in the history of East Asian Buddhism Celebrated for his sixteen year pilgrimage from China to India his transmission and translation of hundreds of Buddhist texts and his training of a generation of masters in China Korea and Japan Xuanzang's life and legacy are the stuff of legend In the centuries after his death stories of his epic adventures and extraordinary accomplishments circulated in texts images songs and plays These mythic accounts recast the erudite pilgrim translator and court cleric as a magical monk who traveled not between China and India but between heaven and earth Beset by bloodthirsty demons this deified version of Xuanzang navigates the perilous paths of the netherworld to reach a pure land in the west His purpose is to acquire a cache of sacred scriptures with the power to safeguard the living and deliver the dead Along the way he is guided and protected by a mischievous monkey a lazy pig a demonic monk and a dragon horse This imaginative and compelling tale received its fullest and most influential treatment in the famous sixteenth century novel *Journey to the West* In this engaging exploration of the confluence of myth narrative and ritual Benjamin Brose uncovers the hidden histories of Xuanzang's many afterlives Beginning in the eleventh century and continuing to the present day devotees have summoned Xuanzang and his band of misfit pilgrims to perform exorcisms guide the spirits of the dead and possess the bodies of insurgents Embodying Xuanzang traces the postmortem travels of China's greatest pilgrim and reveals the narrative and performative roots of China's best known novel

George Browne, 2023-04-25 Reprint of the original first published in 1859 The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost *Indigenous Theology and the Western Worldview*

(*Acadia Studies in Bible and Theology*) Randy S. Woodley, 2022-04-19 This volume by a Cherokee teacher former pastor missiologist and historian brings Indigenous theology into conversation with Western approaches to history and theology Written in an accessible conversational style that incorporates numerous stories and questions this book exposes the weaknesses of a Western worldview through a personal engagement with Indigenous theology Randy Woodley critiques the worldview that undergirds the North American church by dismantling assumptions regarding early North American histories and civilizations offering a comparative analysis of worldviews and demonstrating a decolonized approach to Christian theology Woodley explains that Western theology has settled for a particular view of God and has perpetuated that basic view for hundreds of years but Indigenous theology originates from a completely different DNA Instead of beginning with God created humanity it begins with God created place Instead of emphasizing individualism it emphasizes a corporateness that encompasses the whole community of creation And instead of being about the next world it is about the tangibility of our lived experiences in this present world The book encourages readers to reject the many problematic aspects of the Western worldview and to convert to a worldview that is closer to that of both Indigenous traditions and Jesus The Report of the British and Foreign Bible Society British and Foreign Bible Society, 1902 Vols 1 64 include extracts from correspondence

The History of the British and Foreign Bible Society George Browne, 1859 *The History of the British and Foreign Bible Society* George Browne (Independent Minister.), 1859 Scripture Geography; Or, A Companion to the Bible Thomas Tucker Smiley, 1842 *The Western Time of Ancient History* Alexandra Lianeri, 2011-03-31 This book examines the conceptual and temporal frames through which modern Western historiography has linked itself to classical antiquity In doing so it articulates a genealogical problematic of what history is and a more strictly focused reappraisal of Greek and Roman historical thought Ancient ideas of history have played a key role in modern debates about history writing from Kant through Hegel to Nietzsche and Heidegger and from Friedrich Creuzer through George Grote and Theodor Mommsen to Momigliano and Moses Finley yet scholarship has paid little attention to the theoretical implications of the reception of these ideas The essays in this collection cover a wide range of relevant topics and approaches and boast distinguished authors from across Europe in the fields of classics ancient and modern history and the theory of historiography **Bible Society record**, 1920 **Hitchcock's New and Complete Analysis of the Holy Bible** Roswell Dwight Hitchcock, 1870 **The Holy Bible in Modern English, Containing the Complete Sacred Scriptures of the Old and New Testaments** Ferrar Fenton, 1925 **Babylon Under Western Eyes** Andrew Scheil, 2016-01-01 Babylon under Western Eyes examines the mythic legacy of ancient Babylon the Near Eastern city which has served western culture as a metaphor for power luxury and

exotic magnificence for more than two thousand years Sifting through the many references to Babylon in biblical classical medieval and modern texts Andrew Scheil uses Babylon s remarkable literary ubiquity as the foundation for a thorough analysis of the dynamics of adaptation and allusion in western literature Touching on everything from Old English poetry to the contemporary apocalyptic fiction of the Left Behind series Scheil outlines how medieval Christian society and its cultural successors have adopted Babylon as a political metaphor a degenerate archetype and a place associated with the sublime Combining remarkable erudition with a clear and accessible style Babylon under Western Eyes is the first comprehensive examination of Babylon s significance within the pantheon of western literature and a testimonial to the continuing influence of biblical classical and medieval paradigms in modern culture Mercer Dictionary of the Bible Watson E. Mills, Roger Aubrey Bullard, 1990 Jesus Christ in History and Scripture highlights two related bases for the current revolution in Jesus studies 1 a critically chastened world view that is satisfied with provisional results and 2 a creative or poetic use of the sources of study of Jesus
