Sculptures of Kashmir, 600-1200 A.D. Bansilal Malla, 1990 **Sculptures of Kashmir (600-1200 A.D.)** Bansilal Malla (művészettörténész), 1990 *Vaiṣṇava Art and Iconography of Kashmir* Bansilal Malla, 1996

Vaiṣṇavism played a very significant role in socio-religious and artistic expressions of Kashmir in ancient and medieval periods. Vaiṣṇavism carved its due place in the minds of the people in the valley with equal amount if not more than that of Buddhism and Saivism. In general, the religion of Vishnu in the Kashmir valley shared the pan-Indian notion yet in certain aspects it maintained its individualistic approach. Such differences are noted in the texts as well as in the artistic expressions of the valley. The present book deals with the various facets of Vaiṣṇavism in Kashmir with particular reference to the Vaiṣṇava icons and art. The book deals with Para-vyūha and Vibhava aspects of Vishnu as well as with composite and syncretic aspects of the god. Attention has also been paid to the minor Vaiṣṇavite deities including the personification of Vishnu's attributes. There has been a dearth of a comprehensive study on Vaiṣṇava art and iconography of Kashmir and this book is likely to fill the gap.

Criminal Interrogation with the Lie Detector LeMoyne Snyder, 1943 *Women and Society in Early Medieval India* Anjali Verma, 2018-07-16

This book examines women and society in India during 600-1200 CE through epigraphs. It offers an analysis of inscriptional data at the pan-India level to explore key themes including early marriage, deprivation of girls from education, property rights, widowhood, and sat as well as women in administration and positions of power. The volume also traces gender roles and agency across religions such as Hinduism and Jainism, the major religions of the times, and sheds light on a range of political, social, economic, and religious dimensions. A panoramic critique of contradictions and conformity between inscriptional and literary sources, including pieces of archaeological evidence against traditional views on patriarchal stereotypes, as also regional parities and disparities, the book presents an original understanding of women's status in early medieval South Asian society. Rich in archival material, this book will be useful to scholars and researchers of ancient and medieval Indian history, social history, archaeology, epigraphy, sociology, cultural studies, gender studies, and South Asian studies.

Objects of Translation Finbarr Barry Flood, 2022-07-12

Objects of Translation offers a nuanced approach to the entanglements of medieval elites in the regions that today comprise Afghanistan, Pakistan, and north India. The book, which ranges in time from the early eighth to the early thirteenth centuries, challenges existing narratives that cast the period as one of enduring hostility between monolithic Hindu and Muslim cultures. These narratives of conflict have generally depended upon premodern texts for their understanding of the past. By contrast, this book considers the role of material culture and highlights how objects such as coins, dress, monuments, paintings, and sculptures mediated diverse modes of encounter during a critical but neglected period in South Asian history. The book explores modes of circulation among them: looting, gifting, and trade, through which artisans and artifacts traveled, remapping cultural boundaries usually imagined as stable and static. It analyzes the relationship between mobility and practices of

cultural translation and the role of both in the emergence of complex transcultural identities Among the subjects discussed are the rendering of Arabic sacred texts in Sanskrit on Indian coins the adoption of Turko Persian dress by Buddhist rulers the work of Indian stone masons in Afghanistan and the incorporation of carvings from Hindu and Jain temples in early Indian mosques Objects of Translation draws upon contemporary theories of cosmopolitanism and globalization to argue for radically new approaches to the cultural geography of premodern South Asia and the Islamic world **Buddhist**

The Valley of Kashmir Aparna Rao, 2008 The Valley of Kashmir long famous around the world for its unparalleled natural scenic beauty also has a rich cultural heritage with religious tolerance and amity among people belonging to different religious faiths as its core The arrival of Islam in the late fourteenth century and its interaction with an ancient Shaiva tradition resulted in the emergence of a liberal version of the faith It was a turning point in Kashmir's history Popular culture grew rich with folk tale song dance and music and with what craftsman could weave stitch and shape with their nimble fingers When self rule came in 1947 it was overshadowed by armed intervention to secure the accession of the state of Jammu Kashmir to Pakistan The dispute over the issue is still unresolved Within the Valley years of opportunistic policies pursued by Delhi and corruption and misgovernance by Srinagar proved to be fertile soil for the eruption of a violent jihadi secessionist movement around 1980 that drove the Hindu minority into exile tore apart the composite culture and resulted in large scale loss of life and property There are signs visible today that the utter futility of the path of violence which engendered counter violence has dawned on some of its votaries These and other issues are addressed in this volume by a galaxy of scholars including Kashmiris from India France Germany the UK and the USA under the thoughtful editorship of Aparna Rao who sadly died before the work could be placed with a publisher Throughout the preparation of this volume Rao worked in consultation with Professor T N Madan The result is a book rich in information insights and interpretations that entitle it to stand alongside Walter Lawrence's classic work *The Valley of Kashmir* 1985 from which its title is borrowed

Ruthless Compassion Robert N. Linrothe, 1999 The historical development of Esoteric Buddhism in India is still known only in outline A few verifiably early texts do give some insight into the origin of the ideas which would later develop and spread to East and Southeast Asia and to Tibet However there is another kind of evidence which can be harnessed to the project of reconstructing the history of Esoteric Buddhist doctrines and practice This evidence consists of art objects mainly sculpture which survive in significant numbers from the 6th to the 13th century *Encyclopaedia of Indian Mysticism* Sadhu Santideva, 2002-07 **South Asian Archaeology ...** Association of South Asian Archaeologists in Western Europe. cave temple sites of India with thirty four major Buddhist Hindu and Jain monuments of the late sixth to tenth centuries A D
This book describes the Buddhist caves at Ellora and places them in the context of Buddhist art and iconography Ellora s
twelve Buddhist cave temples dating from the early seventh to the early eighth centuries preserve an unparalleled one
hundred year sequence of architectural and iconographical development They reveal the evolution of a Buddhist mandala at
sites in other regions often considered peripheral to the heartland of Buddhism in eastern India At Ellora the mandala
ordinarily conceived as a two dimensional diagram used to focus meditation is unfolded into the three dimensional program
of the cave temples themselves enabling devotees to walk through the mandala during worship The mandala s development
at Ellora is explained and its significance is considered for the evolution of Buddhist art and iconography elsewhere in India
