Gonzalez, 1997-08-26 While the Irish Literary Revival began around 1885 and ended somewhere between 1925 and 1940 the Irish Renaissance has continued to the present day and shows no sign of abating The period has produced some of the most important and influential figures in Irish literature some of whom are counted among the world s greatest authors The Revival saw a reestablishment of Ireland s literary connections with its Celtic heritage and writers such as William Butler Yeats and Lady Gregory drew heavily on the myths and legends of the past James Joyce boldly reshaped the novel and wrote short fiction of enduring value Contemporary Irish writers continue to be leading figures and include such authors as Brian Frigl Seamus Heaney and Eavan Boland Included in this reference book are alphabetically arranged entries for more than 70 modern Irish writers including Samuel Beckett William Trevor Patrick Kavanagh Medbh McGuckian Sean O Casey J M Synge and Nuala Ni Dhomhnaill Entries are written by expert contributors and reflect a broad range of perspectives Each entry contains a brief biography that summarizes the author s career a discussion of major works and themes an overview of the author s critical reception and a bibliography of primary and secondary works An introductory essay reviews the large and growing body of scholarship on modern Irish literature while an extensive bibliography concludes the volume Empire's Wake: Postcolonial Irish Writing and the Politics of Modern Literary Form Mark Quigley, 2013 Traces development of Irish literary modernism from the 1920s to the 1990s through the writings of James Joyce John Millington Synge Samuel Beckett Sean O Faolain Frank McCourt and the Blasket Island autobiographers Tomas O Crohan and Maurice O Sullivan Considers Irish literature in relation to Irish nationalism and aftermath of British empire **'To Banish Ghost and Goblin'** David Clark, Rubén Jarazo Álvarez, 2010-07-16 This book presents a series of essays on some of the most challenging issues which are facing Irish Studies scholars in the twenty first

century It aims to provide a variety of views on topics such as gender media the North and the revision of traditional approaches to Irish studies as seen by a number of scholars at the end of the first decade of the third millennium The breadth of scope is justified by the dynamic growth of the field over the last decade and points to the diverse academic and national backgrounds of the authors of the chapters and the enthusiasm with which the cultural concerns of the island of Ireland are tackled in other countries Writers from Austria Brazil Canada Germany and Spain provide original viewpoints on Irish topics which are as bold as they are refreshing The awareness of the unique situation of Ireland and her cultural practices has provided a scenario in which interest in the literature art film and other cultural manifestations is great and it is hoped that this volume will play a part in stimulating debate about some of the fascinating areas of Irish cultural matters discussed herein and will provide a useful work of reference for anyone interested in the rich and ample field of Irish Studies **A New History of Ireland Volume VII** J. R. Hill, 2003-12-04 A New History of Ireland is the largest scholarly project in modern Irish history In 9 volumes it provides a comprehensive new synthesis of modern scholarship on every aspect of Irish history and prehistory from the earliest geological and archaeological evidence through the Middle Ages down to the present day Volume VII covers a period of major significance in Ireland's history It outlines the division of Ireland and the eventual establishment of the Irish Republic It provides comprehensive coverage of political developments north and south as well as offering chapters on the economy literature in English and Irish the Irish language the visual arts emigration and immigration and the history of women The contributors to this volume all specialists in their field provide the most comprehensive treatment of these developments of any single volume survey of twentieth century Ireland **Rebel by vocation** Niall Carson, 2016-03-02 This is a comprehensive study of one of the most influential literary groups in post independence Ireland the writers and editors of the literary magazine The Bell Sean O Faolain and the generation of writers that matured in the shadows of W B Yeats and James Joyce dominated the literary landscape in Ireland in the build up to and during the Second World War This is their story as told through the history of one journal The Bell Working with previously unpublished archival material this study looks to illuminate the relationships disputes and loves of the contributors to Ireland's most important little magazine under the guiding influence of its founding editor Sean O Faolain In doing so it sheds new light on O Faolain's early influences and his attitude towards the Church and the state in Ireland *Five Irish Writers* John Hildebidle, 1989 Liam O Flaherty Kate O'Brien Elizabeth Bowen Sean O Faolain and Frank O'Connor as Hildebidle demonstrates all five authors saw in the Ireland that grew out of the events of 1916 1923 a nation that stifled the creative energies and bright hopes of its youth and their fiction can be seen as responding in diverse ways to that reality **Sean O'Faolain** Ernst Häberlin, 1975 **Irish Literature** Maureen O'Rourke Murphy, James MacKillop, 1987 Irish Literature Since 1800 Norman Vance, 2014-06-11 This book surveys Irish writing in English over the last two centuries from Maria Edgeworth to Seamus Heaney to give the literary student and the general reader an up to date sense of its variety and vitality and to indicate some of the ways in

which it has been described and discussed It begins with a brief outline of Irish history of Irish writing in Irish and Latin and of writing in English before 1800 Later chapters consider Irish romanticism Victorian Ireland W B Yeats and the Irish Literary Revival new directions in Irish writing after Joyce and the literature of contemporary Ireland north and south from 1960 to the present *Glocal Ireland* Juan F. Elices Agudo, Marisol Morales Ladrón Soledad, 2011-05-25 The transformations undergone by Ireland in the last decades have relocated the country within that liminal space of the local and the global The country of the deeply rooted rural traditions the severely religious impositions and the fragile economic system became in the 1990s a world referent due to its unprecedented and impressive growth However the emergence of the so called Celtic Tiger and the recognition that Ireland had become one of the most globalised nations in the Western world met a dramatic downfall that has left the country pre occupied with matters concerning its re positioning and re definition within a wider European framework The cultural and artistic productivity of this nation has also moved away from the topical insularity of the past adopting more transnational and universal subjects at the same time that it has struggled to retain its genuine values and its own signs of identity For in Ireland the more this global progress has grown to be unavoidable the more evocatively the local has befallen Therefore the editors of this volume contend that the global and the local should be understood not as opposed concepts but as two ends of a continuum of interaction Within this state of affairs this volume comprises a series of articles that revolve around the issue of glocality in Irish literature culture and cinema in order to disentangle the complexities that underlie this concept and which are inextricably related to the drastic changes undertaken by Ireland in the years before and after the economic boom and posterior bailout
