Secrets Of The Deep:

Secrets of a Father's Heart Duane Swilley, 2015-05-22 In a world where so many people grow up without a father it is very important that everyone is exposed to a father's heart. Whenever my father would come to see me in some athletic church or musical event I would always play my best. There was something about a father's supporting, caring and loving you that brings the best out in you. In this story we see the real heart of a father. A father's heart is always relational and it is always about restoration. A father's heart cannot really be taught to you. A father's heart has to be shown by example in front of you. Then there can be an impartation in your life where you can take on the mantle of a true father. The Power of Divine Secrets David Bamidele Kehinde, 2022-05-25 The title of the book. While countless texts discuss planetary

dignity house placements and yogas very few explore the secretive role of Nakshatras within the Dasamsa D10 the chart of karma and professional destiny in shaping billionaires and empire builders The sutras and examples shared here are distilled from deep observation meditation and research into patterns found in the lives of those who have risen beyond ordinary success Every billionaire leaves a trail not only in the marketplace but also in the heavens The same planetary codes that guided their destiny can serve as lamps for those who seek to understand or align with cosmic abundance This book is not meant to glorify wealth alone but to uncover how karma desire Rahu discipline Saturn expansion Jupiter and refinement Venus play their parts in the cosmic chessboard of fortune Wealth in the astrological sense is never only money it is influence legacy resources and the ability to create value for the world Each sutra in this book is a seed a subtle truth that can be meditated upon compared against real charts and integrated into predictive practice Just as the ancients encoded wisdom in short mantras these sutras are meant to awaken intuitive understanding in the reader not to be taken as mechanical rules The chart examples presented are kept anonymous not to protect privacy alone but to remind us that wealth's blueprint transcends names and faces The cosmic code repeats itself whether in the life of a global industrialist a tech visionary or a financier In the end may this work inspire readers not only to study the secrets of billionaires but also to apply these insights in their own journey toward purpose prosperity and service to the greater good For when we understand how nakshatras shape wealth in the D10 we understand that abundance itself is a divine force flowing through chosen channels to uplift the collective Saket Shah
