of the Early Nation

A CALL FOR SOCIO-POLITICAL REFORM

DONNA R. BONTATIBUS

Seduction Novel Of The Early Nation

Rochelle Raineri Zuck

Seduction Novel Of The Early Nation:

The Seduction Novel of the Early Nation Bontatibus, Donna, 1995 **The Seduction Novel of the Early Nation** Donna R. Bontatibus, 1999 The novels of Susanna Rowson Tabitha Tenney Hannah Webster Foster and Judith Sargent Murray and their use of the seduction plot reveals a complex set of social and political problems experienced by middle class women of the early nation Using these novels Bontatibus shows a strong link between women's status in America and the American Revolution's failure to free women from neocolonialist oppression **BOOK JACKET** *This Violent Empire* Carroll Smith-Rosenberg, 2012-12-01 This Violent Empire traces the origins of American violence racism and paranoia to the founding moments of the new nation and the initial instability of Americans national sense of self Fusing cultural and political analyses to create a new form of political history Carroll Smith Rosenberg explores the ways the founding generation lacking a common history governmental infrastructures and shared culture solidified their national sense of self by imagining a series of Others African Americans Native Americans women the propertyless whose differences from European American male founders overshadowed the differences that divided those founders These Others dangerous and polluting had to be excluded from the European American body politic Feared but also desired they refused to be marginalized incurring increasingly enraged enactments of their political and social exclusion that shaped our long history of racism xenophobia and sexism Close readings of political rhetoric during the Constitutional debates reveal the genesis of this long history **The Women's National Indian Association** Valerie Sherer Mathes, 2015-04-15 Mathes's edited volume the first book to address the history of the WNIA comprises essays by eight authors on the work of this important reform group **Murder in a Mill Town** Bruce Dorsey, 2023 History as true crime Murder in a Mill Town tells a story of sex religion and violence delving into the nation's first trial of the century Illuminating how the young American nation confronted sexual violence abortion suicides mobs fake news conspiracy politics and sensational popular culture its plots and twists echo from the past into the present **Transatlantic Sensations** John Cyril Barton, Kristin N. Huston, a Preface by David S. Reynolds, 2016-02-24 Bringing together sensation writing and transatlantic studies this collection makes a convincing case for the symbiotic relationship between literary works on both sides of the Atlantic Transatlantic Sensations begins with the prehistories of the genre looking at the dialogue and debate generated by the publication of sentimental and gothic fiction by William Godwin Susanna Rowson and Charles Brockden Brown Thus establishing a context for the treatment of works by Louisa May Alcott Mary Elizabeth Braddon Dion Boucicault Wilkie Collins Charles Dickens George Lippard Charles Reade Harriet Beecher Stowe and George Thompson the volume takes up a wide range of sensational topics including sexuality slavery criminal punishment literary piracy mesmerism and the metaphors of foreign literary invasion and diseased reading Concluding essays offer a reassessment of the realist and domestic fiction of George Eliot Charlotte Yonge and Thomas Hardy in the context of transatlantic sensationalism emphasizing the evolution of the genre throughout the century and mapping a new

transatlantic lineage for this immensely popular literary form The book's final essay examines an international kidnapping case that was a journalistic sensation at the turn of the twentieth century *Afterlives of the American Revolution* Emma Stapely, 2024-02-29 This book challenges the historical common sense that the American Revolution terminated in the birth of the United States Prevailing narratives of the Revolutionary period rest on the assumption that the war ended with the Treaty of Paris in 1783 Yet from London to Philadelphia and from the Six Nations trans Appalachian homelands to the shores of Sierra Leone the decades after the treaty's signing roil with accounts that disturb the coherence of this chronological division Insurgent Remains assembles a counter archive of textual and visual materials ranging from popular seduction tales and political cartoons to the writings of self-liberated African Americans that furnishes alternative visions of revolutionary historical experience as an ongoing negotiation with violence and contingency The book argues that the minor temporalities and political literacies registered in this archive cannot be accommodated by the progressive plot of nationalist history in which the war figures as a contest of only two sides Tory Whig British American Loyalist Patriot Instead they become legible as remains traces of attachments modes of collective association and unresolved struggles that bear insurgent political potential in their own right

Divided Sovereignities Rochelle Raineri Zuck, 2016-08-01 In eighteenth and nineteenth century debates about the constructions of American nationhood and national citizenship the frequently invoked concept of divided sovereignty signified the division of power between state and federal authorities and or the possibility of one nation residing within the geopolitical boundaries of another Political and social realities of the nineteenth century such as immigration slavery westward expansion Indigenous treaties and financial panics amplified anxieties about threats to national state sovereignty Rochelle Raineri Zuck argues that in the decades between the ratification of the Constitution and the publication of Sutton Griggs's novel *Imperium in Imperio* in 1899 four populations were most often referred to as racial and ethnic nations within the nation the Cherokees African Americans Irish Americans and Chinese immigrants Writers and orators from these groups engaged the concept of divided sovereignty to assert alternative visions of sovereignty and collective allegiance not just ethnic or racial identity to gain political traction and to complicate existing formations of nationhood and citizenship Their stories intersected with issues that dominated nineteenth century public argument and contributed to the Civil War In five chapters focused on these groups Zuck reveals how constructions of sovereignty shed light on a host of concerns including regional and sectional tensions territorial expansion and jurisdiction economic uncertainty racial ethnic and religious differences international relations immigration and arguments about personhood citizenship and nationhood

New World Courtships Melissa M. Adams-Campbell, 2015-10-22 Feminist literary critics have long recognized that the novel's marriage plot can shape the lives of women readers however they have largely traced the effects of this influence through a monolithic understanding of marriage *New World Courtships* is the first scholarly study to recover a geographically diverse array of eighteenth and nineteenth century novels that actively compare marriage

practices from the Atlantic world These texts trouble Enlightenment claims that companionate marriage leads to women s progress by comparing alternative systems for arranging marriage and sexual relations in the Americas Attending to representations of marital diversity in early transatlantic novels disrupts nation based accounts of the rise of the novel and its relation to the marriage plot It also illuminates how and why cultural differences in marriage mattered in the Atlantic world and shows how these differences might help us to reimagine marital diversity today This book will appeal to scholars of literature women s studies and early American history

Rape and Sexual Power in Early America Sharon Block, 2006 In a comprehensive examination of rape and its prosecution in British America between 1700 and 1820 Block analyzes the legal social and cultural implications of more than nine hundred documented incidents of sexual coercion and hundreds more extralegal commentaries found in almanacs newspapers broadsides and other print and manuscript sources She demonstrates that public definitions of rape were based less on what actually happened than on who was involved Early Americans treatment of rape she argues both enacted and helped to sustain the social racial gender and political hierarchies of a New World and a new nation

Yeah, reviewing a book **Seduction Novel Of The Early Nation** could increase your close connections listings. This is just one of the solutions for you to be successful. As understood, realization does not suggest that you have fabulous points.

Comprehending as with ease as bargain even more than supplementary will find the money for each success. next-door to, the broadcast as capably as perspicacity of this Seduction Novel Of The Early Nation can be taken as without difficulty as picked to act.
