

THE BLACK CRIMINALITY 'MYTH'

Gilroy (1983):

*British Asians and African Caribbeans have historically learned to **resist** exploitation through their struggles against British Imperialism. Riots/demonstrations show them still resisting society, while black criminality is created through negative stereotyping and prejudice from the police.*

Seduction Of Crime Jack Katz, 1988-12-04 A chilling exploration of the criminal mind from juvenile delinquency to cold blooded murder. Cover subtitle: Black Men, Invisibility and Crime.
Martin Glynn, 2013-12-04 Past studies have suggested that offenders desist from crime due to a range of factors such as familial pressures, faith based interventions or financial incentives. To date little has been written about the relationship between desistance and racialisation. This book seeks to bring much needed attention to this under researched area of criminological inquiry. Martin Glynn builds on recent empirical research in the UK and the USA and uses Critical Race Theory as a framework for developing a fresh perspective about black men's desistance. This book posits that the voices and collective narrative of black men offers a unique opportunity to refine current understandings of desistance. It also demonstrates how new insights can be gained by studying the ways in which elements of the desistance trajectory are racialised. This book will be of interest both to criminologists and sociologists engaged with race, racialisation, ethnicity and criminal justice.
Race, Crime and the Criminal Justice System Joan Nordquist, 1997 **The ^A First Civil Right** Naomi Murakawa, 2014-07-10 In *The First Civil Right* is a groundbreaking analysis of root of the conflicts that lie at the intersection of race and the legal system in America. Naomi Murakawa inverts the conventional wisdom by arguing that the expansion of the federal carceral state, a system that disproportionately imprisons blacks and Latinos, was in fact rooted in the civil rights liberalism of the 1940s and early 1960s, not in the period after.
Copycat Crime Jacqueline B. Helfgott, 2023-07-27 Details the new phenomena of copycat crime inspired by technology and the hyperreality fueled in some people by digital culture and video games. Across her 30 year career in criminology, author Jacqueline Helfgott has watched with fascination and fear as the world has shifted from a place where one dimensional televised news each evening and newspapers bought each morning provided the only information on crimes and killings. Now nonstop instant global news coverage on 24 hour television and the internet enables people to see and replay not only crime, violence, terrorism and murder coverage provided by journalists in real time but also Facebook and YouTube feeds filmed by the criminals themselves while perpetrating the crimes. In this riveting text about the consequences of our technical, digital and cultural changes, Helfgott focuses on how these advances are perpetuating this era's new and more massively deadly acts. The book intertwines vignettes from current events, perpetrator statements, police reports and current research to show how copycat crimes are linked to media technology and our digital culture. Concluding with recommendations to reduce the criminogenic effects of media technology and digital culture, this book also includes an appendix listing technology and media influenced copycat crimes.
