Old Japanese Marc Hideo Miyake, 2013-08-21 What did eighth century Japanese sound like How does one decode its complex script This book provides the definitive answers to these questions using an unprecedented range of data from the past and the present

A History of European Literature Walter Cohen, 2017-01-19 Walter Cohen argues that the history of European literature and each of its standard periods can be illuminated by comparative consideration of the different literary languages within Europe and by the ties of European literature to world literature World literature is marked by recurrent systematic features outcomes of the way that language and literature are at once the products of major change and its agents Cohen tracks these features from ancient times to the present distinguishing five main overlapping stages Within that framework he shows that European literatures ongoing internal and external relationships are most visible at the level of form rather than of thematic statement or mimetic representation European literature emerges from world literature before the birth of Europe during antiquity whose Classical languages are the heirs to the complex heritage of Afro Eurasia This legacy is later transmitted by Latin to the various vernaculars The uniqueness of the process lies in the gradual displacement of the learned language by the vernacular long dominated by Romance literatures That development subsequently informs the second crucial differentiating dimension of

European literature the multicontinental expansion of its languages and characteristic genres especially the novel beginning in the Renaissance This expansion ultimately results in the reintegration of European literature into world literature and thus in the creation of today's global literary system The distinctiveness of European literature is to be found in these interrelated trajectories

The Closed Hand Rebecca Riger Tsurumi, 2012 In her book *The Closed Hand Images of the Japanese in Modern Peruvian Literature* Rebecca Riger Tsurumi captures the remarkable story behind the changing human landscape in Peru at the end of the nineteenth century when Japanese immigrants established what would become the second largest Japanese community in South America She analyzes how non Japanese Peruvian narrators unlock the unspoken attitudes and beliefs about the Japanese held by mainstream Peruvian society as reflected in works written between 1966 and 2006 Tsurumi explores how these Peruvian literary giants including Mario Vargas Llosa Miguel Guti rrez Alfredo Bryce Echenique Carmen Oll Pilar Dughi and Mario Bellatin invented Japanese characters whose cultural differences fascinated and confounded their creators She compares the outsider views of these Peruvian narrators with the insider perceptions of two Japanese Peruvian poets Jos Watanabe and Doris Moromisato who tap personal experiences and memories to create images that define their identities The book begins with a brief sociohistorical overview of Japan and Peru describing the conditions in both nations that resulted in Japanese immigration to Peru and concluding in contemporary times Tsurumi traces the evolution of the terms Orient and Japanese Oriental and the depiction of Asians in Modernista poetry and in later works by Octavio Paz and Jorge Luis Borges She analyzes the images of the Japanese portrayed in individual works of modern Peruvian narrative comparing them with those created in Japanese Peruvian poetry The book concludes with an appendix containing excerpts from Tsurumi's interviews and correspondence in Spanish with writers and poets in Lima and Mexico City

Japan Patrick Smith, 2011-03-30 The Japanese are in the

process of re-creating themselves an endeavor they have undertaken at intervals throughout history always prompted by a combination of domestic and global forces. In this landmark book Patrick Smith asserts that a variety of forces—the achievement of material affluence, the Cold War's end, and the death of Emperor Hirohito—are now spurring Japan once again toward a fundamental redefinition of itself. As Smith argues, this requires of the West an equally thorough reevaluation of the picture we have held of Japan over the past half century. He reveals how economic overdevelopment conceals profound political, social, and psychological underdevelopment. And by refocusing on internal history and the Japanese character, Smith offers a new framework for understanding Japan and the Japanese as they really are. The Japanese, he says, are now seeking to alter the very thing we believe distinguishes them: the relationship between the individual and society. Timely, measured, and authoritative, this book illuminates a new Japan—a nation preparing to drop the mask it holds up to the West and to steer a course of its own in the world.

[Feminist Writings from Ancient Times to the Modern World](#) Tiffany K. Wayne, 2011-10-17

Collecting more than 200 sources in the global history of feminism, this anthology supplies an insightful record of the resistance to patriarchy throughout human history and around the world. From writings by Enheduana in ancient Mesopotamia (2350 BCE) to the present-day manifesto of the Association of Women for Action and Research in Singapore, *Feminist Writings from Ancient Times to the Modern World: A Global Sourcebook and History* excerpts more than 200 feminist primary source documents from Africa to the Americas to Australia. Serving to depict feminism as much broader and older than simply the modern struggle for political rights and equality, this two-volume work provides a more comprehensive and varied record of women's resistance cross-culturally and throughout history. The author's goal is to showcase a wide range of writers, thinkers, and organizations in order to document how resistance to patriarchy has been at the center of social, political, and intellectual history since the infancy of human civilization. This work addresses feminist ideas expressed privately through poetry, letters, and autobiographies, as well as the public and political aspects of women's rights movements.
