

CULTURAL BIAS

A cultural bias occurs when a person is inclined to interpret a situation from their own cultural perspective. This can cause conflict and misinterpretation of situations.

EXPLANATION

The formal term for our culturally-skewed perspective is ethnocentrism. It means that we think our cultural practices and customs are the correct standards that other cultures should follow. We naturally see our own culture as the 'anchoring point' (e.g. the norm), and all other cultures are judged as 'different'.

EXAMPLE

Sometimes, people have implicit cultural bias when hiring people. Many studies have shown that people from the dominant culture tend to have an advantage in job interviews due to their high cultural capital.
