Seeing through Nature:

Seeing through Texts Francis X. Clooney, SJ, 1996-07-03 Seeing through Texts invites us into the world of south Indian Hinduism through a study of 100 songs of the Tiruv ymoli the great masterpiece of the ninth century Hindu saint Sa k pan These unique songs dedicated to the Hindu god Vi u K a lead us through poetic and imaginative philosophical and moral reflections on the nature of the self and the world ancient myths and temple worship and the mystical moods of longing desire and love in which one seeks loses and finds again the God who loves us first The book is also a study of the interpretation of the Tiruv ymoli in the traditional Hindu rivai ava commentaries of the twelfth fourteenth centuries as well as a comparative theological study which explores the implication of the songs and their commentaries for readers from outside the rivai ava tradition

Seeing Through the Veil Suzanne Conklin Akbari, 2004-01-01 During the later Middle Ages new optical theories were introduced that located the power of sight not in the seeing subject but in the passive object of vision This shift had a powerful impact not only on medieval science but also on theories of knowledge and this changing relationship of vision and knowledge was a crucial element in late medieval religious devotion In Seeing through the Veil Suzanne Conklin Akbari examines several late medieval allegories in the context of contemporary paradigm shifts in scientific and philosophical theories of vision After a survey on the genre of allegory and an overview of medieval optical theories Akbari delves into more detailed studies of several medieval literary works including the Roman de la Rose Dante's Vita Nuova Convivio and Commedia and Chaucer's dream visions and Canterbury Tales The final chapter Division and Darkness centres on the legacy of allegory in the fifteenth century Offering a new interdisciplinary synthetic approach to late medieval intellectual history and to major works within the medieval literary canon Seeing through the Veil will be an essential resource to the study of medieval literature and culture as well as philosophy history of art and history of science
