Seeking Peace Notes And Conversations Along The Way:

Seeking Peace Johann Christoph Arnold, 1998 Seeking Peace Arnold's fifth book explores many facets of humankind's ageless search for peace. It plumbs a wealth of spiritual traditions and draws on the wisdom of some exceptional and some very ordinary people who have found peace in surprising places.

Understanding Peace Michael Allen Fox, 2013-11-12 Understanding Peace: A Comprehensive Introduction fills the need for an original contemporary examination of peace that is challenging, informative, and empowering. This well-researched, fully documented, and highly accessible textbook moves beyond fixation on war to highlight the human capacity for nonviolent cooperation in everyday life and in conflict situations. After deconstructing numerous ideas about war and explaining its heavy costs to humans, animals, and the environment, discussion turns to evidence for the existence of peaceful societies. Further topics include the role of nonviolence in history, the nature of violence and aggression, and the theory and practice of nonviolence. The book offers two new moral arguments against war and concludes by defining peace carefully from different angles and then describing conditions for creating a culture of peace. Understanding Peace brings a fresh philosophical perspective to discussions of peace and also addresses down-to-earth issues about effecting constructive change in a complex world. The particular strength of Understanding Peace lies in its commitment to reflecting on and integrating material from many fields of knowledge. This approach will appeal to a diverse audience of students and scholars in peace studies, philosophy, and the social sciences, as well as to general interest readers.

The Right Road Gwen Wagstrom Halaas, 2004-01-01 Many clergy are in startlingly bad health. Not only do they regularly report depression, stress, and serious family and financial problems; they also exhibit higher than normal incidences of obesity, high cholesterol levels, inactivity, high blood pressure, and heart disease. How effective can professionals in ministry be with such debilities and vulnerabilities? Are clergy too busy helping others to take care of themselves? Gwen Halaas's caring and savvy book addresses clergy health directly. Clergy have a spiritual as well as physical need to care for themselves to live to the fullest, to ensure that they enjoy the life and gifts God gave them. Building her brief practical book around the wellness wheel, Halaas emphasizes not just healthy eating but a whole array of life-affirming choices for clergy. Halaas provides the tools for clergy to choose growth and well-being over burnout and decline. With this practical and upbeat volume, clergy can begin to put their own lives in perspective and keep themselves in training for a godly life. 1 Timothy 4:7

The Fourfold Gospel, Volume 2 John DelHousaye, 2021-10-08 In the spirit of Ludolph of Saxony c. 1295-1378 and Ignatius of Loyola 1491-1556, *The Fourfold Gospel* invites the reader into the mystery of God's redemption in Jesus Christ. All the parallel passages in the Gospels are glossed together along with the unique material using a medieval interpretive approach called the Quadriga or the acronym PaRDeS. In Hebrew, meditating on the literal, canonical, moral, and theological senses of Scripture offers a scaffolding for the spiritual formation of the reader. This volume focuses on the summoning and purgative stage of discipleship: the Sermon on the Mount as well as participating in Christ's healing of creation.

Omumu - the Igbo Life-value Peter Chidi Okuma, 2009 In 1998 a group of scholars with Catholic Anglican and Jewish background gathered at a symposium to review *Humanae vitae* 30 years after its publication On the 40 year anniversary of *Humanae vitae* in 2008 the issues raised in that controversial encyclical letter still border and affect humans especially in the light of modern scientific and biotechnological development This book is a contribution to that debate in the sense of being unbiased and from an African perspective meant to balance the sense and insensibilities from both polarities of the world It is an X ray through a hermeneutical anthropological Weltanschauung worldview of the Igbo of Southeastern Nigeria

Doxa Jeremy McKim, 2007-04-01 In a day when our churches look like country clubs with slick marketing campaigns Jeremy McKim urges us away from a democratized kingdom of self and toward the kingdom of God We have settled for safe and comfortable churchgoing while God beckons us toward risky and uncomfortable kingdom living With *Doxa* McKim shows that God s invitation is greater and more terrifying than any in all of history Why is ignoring God the riskiest thing you could possibly do today Is God intent on crushing your ego What is so unpatriotic and humiliating about worshiping God Why might a worthwhile churchgoing experience have little or nothing to do with our satisfaction Why is prayer a life threatening activity Allow yourself to be troubled and moved to action by these and other questions as you enter into a provocative and practical ten week journey of transformation discovery and kingdom advancement Discover that God has graciously chosen to display his glory in those who would simply hear and do Become the adopted son or daughter of the King whose unshakable kingdom is moving forward with or without you and answer his call to enter and participate in that kingdom

Picking Up the Pieces Samuel Cyuma, 2012-05-22 In the last ten years of the 20th century the world was twice confronted with unbelievable news from Africa First there was the end of Apartheid in South Africa Who would have thought that such a change would be possible without bloodshed But the miracle happened due to responsible political and Church leaders and as a result of the unique processes organized through the Truth and Reconciliation Commission under the leadership of Archbishop Desmond Tutu The second unbelievable experience from Africa was of a rather different and awfully shocking nature the mass killings in Rwanda This event soon developed into a real genocide and created a wave of horror around the world There political and Church leaders had been unable to prevent this crime against humanity
