

The background of the book cover is a photograph of railroad tracks stretching from the bottom center towards a bright, hazy horizon. The tracks are made of wooden ties and metal rails, and they converge as they recede into the distance. The sky is a mix of blue and orange, suggesting a sunrise or sunset. The overall mood is one of vastness and journey.

Sinclair Lewis Edith Wharton and Willa Cather through modernists like Franz Kafka and Samuel Beckett to wildly inventive postwar writers like Saul Bellow G nter Grass Mary McCarthy George Orwell Philip Roth and Gabriel Garc a M rquez Dickstein argues that fiction will always yield rich insight into its subject and that literature can also be a form of historical understanding Writers refract the world through their forms and sensibilities He shows how the work of these writers recaptures yet also transforms the life around them the world inside them and the universe of language and feeling they share with their readers Through lively and incisive essays directed to general readers as well as students of literature Dickstein redefines the literary landscape a landscape in which reading has for decades been devalued by society and distorted by theory Having begun with a reconsideration of realism the book concludes with several essays probing the strengths and limitations of a historical approach to literature and criticism

Willa Cather and Material Culture Janis P. Stout,2005-01-02 A compilation of essays focusing on the significance of material culture to Cather s work and Cather scholarship Willa Cather and Material Culture is a collection of 11 new essays that tap into a recent and resurgent interest among Cather scholars in addressing her work and her career through the lens of cultural studies One of the volume s primary purposes is to demonstrate the extent to which Cather did participate in her culture and to correct the commonplace view of her as a literary connoisseur set apart from her times The contributors explore both the objects among which Cather lived and the objects that appear in her writings as well as the commercial constraints of the publishing industry in which her art was made and marketed Essays address her relationship to quilts both personally and as symbols in her work her contributions to domestic magazines such as Home Monthly and Woman s Home Companion the problematic nature of Hollywood productions of her work and her efforts and successes as a businesswoman By establishing the centrality of material matters to her writing these essays contribute to the reclaiming of Cather as a modernist and highlight the significance of material culture in general to the study of American literature

Silent Film and the Formations of U.S. Literary Culture Sarah Gleeson-White,2024-05-14 Silent Film and the Formations of U S Literary Culture Literature in Motion argues that the emergence of motion pictures constituted a defining moment in U S literary history Author Sarah Gleeson White discovers what happened to literary culture both popular and higher brow when inserted into the spectacular world of motion pictures during the early decades of the twentieth century How did literary culture respond to and how was it altered by the development of motion pictures literature s exemplar and rival in narrative realism and enthrallment Gleeson White draws on extensive archival film and literary materials and unearths a range of collaborative cross media expressive and industrial practices to reveal the manifold ways in which early twentieth century literary culture sought both to harness and temper the reach of motion pictures

On the Divide David H. Porter,2008-12-01 On the Divide analyzes the iconic image that Cather helped develop for herself in contrast to the anonymous face she adopted for promotional activities and the very different private self she shared only with friends and family Delving into CatherOCOs correspondence

and the little known promotional material she produced anonymously David Porter provides new insight into the extent and direction of her control He also considers the contrasting influences of Mary Baker Eddy whose biography Cather ghostwrote and Sarah Orne Jewett on the author's emerging artistic persona The study goes on to explore the many ways in which these influences divide Cather's life found expression in her writing Extending from Cather's early stories to her final novel Porter's book documents the degree to which Cather's understanding of her own different and often conflicting sides and of her penchant for playing diverse roles enabled her as a novelist to create characters so torn so complex and so profoundly human
