

LOST VOYAGES

TWO CENTURIES of SHIPWRECKS
in the APPROACHES to NEW YORK

by **BRADLEY SHEARD**

Lost Voyages Two Centuries Of Shipwrecks In The Approaches To New York

Thomas Barthel

Lost Voyages Two Centuries Of Shipwrecks In The Approaches To New York:

Lost Voyages Bradley Sheard, 1998 In a Tokyo in the not too distant future a young girl studies diligently with ambitions of soon attending space academy If things work out just right her future may very well be among the stars as well And yet every time she looks up to the stars there is a sense of melancholy in her heart A sadness surrounds Asumi as space exploration itself has profoundly impacted her life for as long as she can remember But she is not alone A young man wearing a lion s mask is always beside her He speaks of the constellations and galaxies as if he they were like home He knows what it is like to love the stars slightly bitter and yet always so warm and inviting Truth is he has gone through much of Asumi is just experiencing And now in spirit he will forever be with Asumi guiding her on her path to space **Sport Diver** ,1998-05

Disaster At Sea William Flayhart, 2005-03-22 Flayhart delivers a gripping chronicle of mishap and mayhem filled with danger and heroism and rich with detail *Sea Power* A colorful and deadly history of ocean liner disasters from the mid nineteenth century to the present *Disaster at Sea* is a chronicle of the most frightening episodes in the maritime history of the North Atlantic From 1850 to the present day the Atlantic has been home to hundreds of ocean liners and cruise ships each more lavish than the last all of them symbols of wealth and luxury Perhaps this is why readers have always been fascinated by the lives of these ships and their deaths Many of us know the stories of the *Titanic* and the *Lusitania* Both tragedies caused tremendous loss of life even as they made the ships immortal But there are many little known accounts of extraordinary survivals at sea such as the *Inman* and *International* liner *City of Chicago* that jammed her bow into an Irish peninsula in 1892 but stayed afloat long enough for all to be rescued or the *City of Richmond* that survived a dangerous fire in 1891 and a year earlier the *City of Paris* whose starboard engine exploded at full speed in the mid Atlantic and yet miraculously still made port Often such tales are forgotten even if the ship sank In 1898 the *Holland America* liner *Veendam* hit a submerged wreck and sank at sea but all lives were saved so this vessel s dramatic story seemed less important in maritime history than incidents involving human loss As recently as 2000 the *Sea Breeze I* sank off the East Coast of the United States while on a positioning voyage but all her crew members were rescued in a heroic effort by U S Coast Guard helicopters These stories and many others are dramatic and acclaimed maritime scholar William Flayhart has spent much of the last forty years in search of material from which to create colorful narratives Author of *The American Line 1871 1902* and coauthor of *Majesty at Sea* and the first edition of *QE2* Flayhart retells classic ocean liner disaster stories while bringing to light never before published but compelling episodes in man s ongoing battle with the sea Originally published in hardcover under the title *Perils of the Atlantic* **Opening the East River** Thomas Barthel, 2021-09-14 After the Civil War the New York City s East River was a massive unsolved and dangerous navigation problem A major waterway into and out of the Harbor where customs revenue equaled 42 percent of the U S Government s income the river s many hindrances centered around Hell Gate included whirlpools rocks and reefs These combined with swirling currents and powerful tides led to deaths

cargo losses and destruction of vessels Charged with clearing the river General John Newton of the Army Corps of Engineers went to work with the most rudimentary tools for diving mining lighting pumping and drilling His crews worked for 20 years using a steam drilling scow of his own design and a new and perilous explosive nitroglycerine In 1885 Newton destroyed the nine acre Flood Rock with 282 730 pounds of high explosives The demolition was watched by tens of thousands This book chronicles the clearing of the East River and the ingenuity of the Army engineer whose work was praised by the National Academy of Sciences

Claimed by the Sea - Long Island Shipwrecks Adam M. Grohman,2008-06-02 Claimed by the Sea Long Island Shipwrecks provides an intimate look at eleven shipwrecks and maritime disasters that occurred in the waters of New York and Long Island Diver researcher and author Adam Grohman dives into the archives to explore the histories of various wrecks including the Savannah Lexington U S S Ohio Circassian Seawanhaka Oregon Louis V Place General Slocum U S S San Diego Andrea Doria and the Gwendoline Steers The chapters provide an in depth history of the vessel the circumstances surrounding their eventual demise and subsequent exploration by divers and explorers Claimed by the Sea is heavily illustrated and contains extensive footnotes source listings and several appendices including a glossary of nautical and diving terminology Claimed by the Sea is an excellent opportunity for armchair historians and seasoned underwater explorers to dip beneath the waves of history to explore the tragedy and triumph of man versus the sea

Sport Diver,1998-09

Hidden Warships Nicholas A. Veronico,2015-07-07 A photo filled tour of wrecked warships around the world with their stories recounted in a wonderfully clear and lively style Seattle Post Intelligencer Sunk by enemy fire scuttled or run aground the number of World War II era battleships cruisers submarines and other warships that ended their service on the bottom of the world s oceans and seas is enormous In the decades since the conflict wreck hunters have pored over historical records and combed the world s oceans to find their remains Now you too can see them up close without getting your feet wet In Hidden Warships naval historian Nicholas A Veronico details the history recovery and preservation of these sunken combat ships including accounts from the divers and restorers who have worked with them Beginning with the Japanese midget submarines that attacked Pearl Harbor and continuing into the modern era including the 2006 sinking of the postwar aircraft carrier USS Oriskany Veronico provides rich detail on each noteworthy vessel including over 150 photographs ship specifications geographic coordinates and more For the enthusiast who wants an even more complete experience the book concludes with a list of preserved ships an Internet resource guide and a suggested reading list to continue the exploration Whether you plan on visiting these historic sites yourself or simply enjoy their compelling stories Hidden Warships will guide you above the surface and underwater through some of the most famous relics of World War II naval warfare A tantalizing selection of sunken vessels including many recent discoveries Naval History Magazine

Sinkable Daniel Stone,2022-08-16 From the national bestselling author of The Food Explorer a fascinating and rollicking plunge into the story of the world s most famous shipwreck the RMS Titanic On a frigid April night in 1912 the world s

largest and soon most famous ocean liner struck an iceberg and slipped beneath the waves She had scarcely disappeared before her new journey began a seemingly limitless odyssey through the world's fixation with her every tragic detail Plans to find and raise the Titanic began almost immediately Yet seven decades passed before it was found Why And of some three million shipwrecks that litter the ocean floor why is the world still so fascinated with this one In *Sinkable* Daniel Stone spins a fascinating tale of history science and obsession uncovering the untold story of the Titanic not as a ship but as a shipwreck He explores generations of eccentrics like American Charles Smith whose 1914 recovery plan using a synchronized armada of ships bearing electromagnets was complex convincing and utterly impossible Jack Grimm a Texas oil magnate who fruitlessly dropped a fortune to find the wreck after failing to find Noah's Ark and the British Doug Woolley a former panty hose factory worker who has claimed since the 1960s to be the true owner of the Titanic wreckage Along the way *Sinkable* takes readers through the two miles of ocean water in which the Titanic sank showing how the ship broke apart and why and delves into the odd history of our understanding of such depths Author Daniel Stone studies the landscape of the seabed which in the Titanic's day was thought to be as smooth and featureless as a bathtub He interviews scientists to understand the decades of rust and decomposition that are slowly but surely consuming the ship It is expected to disappear entirely within a few decades He even journeys over the Atlantic during a global pandemic to track down the elusive Doug Woolley And Stone turns inward looking at his own dark obsession with both the Titanic and shipwrecks in general and why he spends hours watching ships sink on YouTube Brimming with humor curiosity and wit *Sinkable* follows in the tradition of Susan Orlean and Bill Bryson offering up a page turning work of personal journalism and an immensely entertaining romp through the deep sea and the nature of obsession [Reaping the Whirlwind](#) Dominic Etzold, 2023-08-23 The definitive history of submarine warfare off the North American coast in the summer of 1918 When America declared war on Germany in 1917 it unleashed a resumption of unrestricted submarine warfare off the North American coast Until now German naval records have not been extensively utilized in English language histories of this brief but intense period of naval combat in the Atlantic By studying and comparing both American and German archival sources author Dominic Etzold has constructed the first balanced narrative history of the operation that is equally engaging modern and revelatory **Sport Diver** ,1998-05

Sport Diver ,1998-03 **Blackwolf** Jon Coon,1999 Lurking beneath an ocean crevasse near the edge of the abyss *Blackwolf* a deadly high tech submarine waits to launch an attack of unimaginable horror [Dive Training](#) ,1998 *Sport Diver* ,2003-09 *Alert Diver* ,2000 **Sport Diver** ,1998-05 [Ocean News & Technology](#) ,1998 **Sport Diver** ,2003

[Bulletin of the Archaeological Society of Connecticut](#) Archaeological Society of Connecticut,2003 **After the Storm** John Rousmaniere,2002-04-17 An exploration of loss and survival by one of America's finest nautical writers *After the Storm* is John Rousmaniere's most ambitious work ever the unique expression of a master storyteller and authority on seamanship who has survived storms at sea Each of the book's stories of seafaring disaster many little known all exciting and of deep

human interest presents a broad human drama Rousmaniere tells of the hopes and choices that put these sailors in harm's way He takes readers into the gales themselves with authoritative knowledge of horrific weather and the split-second decisions that seamen must make Finally he explores the consequences of these disasters for survivors rescuers families communities and in some cases nations The pursuit of these elusive strands leads the reader deep into our ambivalent relationship with the sea as both destroyer and preserver
