Sulla Lynda Telford,2014-02-11 Lucius Cornelius Sulla is one of the central figures of the late Roman Republic Indeed he is often considered a major catalyst in the death of the republican system the ambitious general whose feud with a rival Marius led to his marching on Rome with an army at his back leading to civil war and the terrible internecine bloodletting of the proscriptions In these things and in his appropriation of the title of dictator with absolute power he set a dangerous precedent to be followed by Julius Caesar a generation later Lynda Telford believes Sulla's portrayal as a monstrous brutal tyrant is unjustified While accepting that he was responsible for much bloodshed she contends that he was no more brutal than many of his contemporaries who have received a kinder press Moreover even his harshest measures were motivated not by selfish ambition but by genuine desire to do what he believed best for Rome The author believes the bias of the surviving sources and modern biographers has exaggerated the ill feeling towards Sulla in his lifetime After all he voluntarily laid aside dictatorial power and enjoyed a peaceful retirement without fear of assassination The contrast to Caesar is obvious Lynda Telford gives a long overdue reappraisal of this significant personality considering such factors as the effect of his disfiguring illness The portrait that emerges is a subtle and nuanced one her Sulla is very much a human not a monster

Philo of Alexandria: On the Contemplative Life Joan E. Taylor,David M. Hay,2020-11-09 On the Contemplative Life is known for its depiction of a philosophical group of Jewish men and women known as the Therapeutae Yet the reasons for their depiction have been little understood In the first commentary on the treatise in English for over 100 years the social cultural and political background of the times in which Philo lived are shown to be crucial in understanding Philo's purposes

As Alexandrian Jews were vilified and attacked Philo went to Rome to present the case for his community faced with intense opposition. Side-stepping direct confrontation Philo here cleverly presents the Therapeutae as the pinnacle of excellence, most especially in their communal meal while ridiculing his accusers in a stinging parody of a festive banquet. House & Garden, 2003. *Pompeii's Ashes* Eric Moormann, 2015-03-10. Although there are many works dealing with Pompeii and Herculaneum, none of them try to encompass the entire spectrum of material related to its reception in popular imagination. *Pompeii's Ashes* surveys a broad variety of such works ranging from travelogues between ca. 1740 and 2010 to 250 years of fiction including stage works, music, and films. The first two chapters provide an in-depth analysis of the excavation history and an overview of the reflections of travelers. The six remaining chapters discuss several clearly defined genres: historical novels with pagan tendencies and those with Christians and Jews as protagonists; contemporary adventures; time-traveling; mock manuscripts; and works dedicated to Vesuvius. *Pompeii's Ashes* demonstrates how the eternal fascination with the oldest still running archaeological projects in the world began, developed, and continues until now. The Material Life of Roman Slaves Sandra R. Joshel, Lauren Hackworth Petersen, 2015-10-01. *The Material Life of Roman Slaves* is a major contribution to scholarly debates on the archaeology of Roman slavery. Rather than regarding slaves as irretrievable in archaeological remains, the book takes the archaeological record as a key form of evidence for reconstructing slaves' lives and experiences. Interweaving literature, law, and material evidence, the book searches for ways to see slaves in the various contexts to make them visible where evidence tells us they were in fact present. Part of this project involves understanding how slaves seem irretrievable in the archaeological record and how they are often actively if unwittingly left out of guidebooks and scholarly literature. Individual chapters explore the dichotomy between visibility and invisibility and between appearance and disappearance in four physical and social locations: urban houses, city streets and neighborhoods, workshops, and villas.
