Lost Women of Rock Music Helen Reddington,2016-09-17 In Britain during the late 1970s and early 1980s a new phenomenon emerged with female guitarists bass players keyboard players and drummers playing in bands Before this time women s presence in rock bands with a few notable exceptions had always been as vocalists This sudden influx of female musicians into the male domain of rock music was brought about partly by the enabling ethic of punk rock anybody can do it and partly by the impact of the Equal Opportunities Act But just as suddenly as the phenomenon arrived the interest in these musicians evaporated and other priorities became important to music audiences Helen Reddington investigates the social and commercial reasons for how these women became lost from the rock music record and rewrites this period in history in the context of other periods when female musicians have been visible in previously male environments Reddington draws on her own experience as bass player in a punk band thereby contributing a fresh perspective on the socio political context of the punk scene and its relationship with the media The book also features a wealth of original interview material with key protagonists including the late John Peel Geoff Travis The Raincoats and the Poison Girls **Networking Divas** Monica Sparks,2013-09-25 Being that the book cover is pink one may assume that this book is for women only and since the author is a woman this must be a great resource to help women develop in business and personal matters correct My friends your assumptions are only partially correct from the start I can promise you two things 1 This book is filled empowering information It is a resource and tool for any gender and any age 2 Real men do wear pink Before you read any further please allow me to share a brief educational moment with you I would like to clear the air and show you the relationship between men and their direct connection to the diva status Divas female and Divos male do exist Originating from a rich heritage and musical culture directly related to the Opera Divas and Divos were the grandest stars with the most beautiful voices en wikipedia org wiki Diva A few years ago I was asked to give the graduation address at a high school My good friend I affectionately call Aunt Star went with me for moral support On the way she was listening to my speech to make sure that I did not bore the young adults I had to speak to Just before I was introduced she turned to me and said Are you ready Ms Diva For a brief moment I thought humis THAT what you really think of me What a cheap shot just before I go on stage She then smiled and said Life has taught you many lessons you know who you are and can now share your experiences to help others
