London Uncanny Clive Bloom, 2025-02-20 From Kensington to the East End under candlelight gas lamp and then neon signs London is both a bustling physical metropolis and a stirring psychic encounter The most depraved depictions of London in fiction film poetry television and theatre have irrevocably merged with the reality of its dark history creating a phantasmagoria defined by murder vice and the unnatural In this panoptic look at the capital at its most eerie and macabre Clive Bloom takes a tour of Gothic London's uncanny literature arcane events and its infamous and imagined geographies From David Bowie to T S Eliot Thomas de Quincey to Aleister Crowley the prophetess Joanna Southcott to the ghosts of Abba and the worlds of Neil Gaiman and Clive Barker these are the figures that populate a city lost in fog and blind alleys where the dead can be raised the living sacrificed and the clandestine thrive Suturing together fact and fantasy London Uncanny presents the urban landscape of the capital as a space of wonder and madness haunted by its past and haunting the present Stalking through disease and degeneracy death and murder spiritualism lunacy and the occult Bloom crafts a singular integrated concept of a London where dreams and nightmares meet *Victorian Religious Discourse* J. Nixon, 2004-08-20

This collection of essays attempts to address the disparate historical and critical ways religion informs the literature and culture of nineteenth century England showing how a representative group of major Victorians negotiated its impact The collection attempts to present Victorian religious discourse not as monologic but as dialogic if not protean It seeks to make available new understandings of nineteenth century British literature as well as to elucidate the extent to which religious discourse is vested in Victorian cultural thoughts and practice The New Blackwell Companion to The City Gary Bridge, Sophie Watson, 2011-02-23 This book considers the state of the city and contemporary urbanisation from a range of intellectual and international perspectives The most interdisciplinary collection of its kind Provides a contemporary update on urban thinking that builds on well established debates in the field Uses the city to explore economic social cultural environmental and political issues more broadly Includes contributions from non Western perspectives and cities An
