Lotus Notes At Work:

Lotus Notes at Work David DeJean, Sally Blanning DeJean, Sally DeJean, 1991 Founders at Work Jessica Livingston, 2008-11-01 Now available in paperback with a new preface and interview with Jessica Livingston about Y Combinator

Founders at Work Stories of Startups Early Days is a collection of interviews with founders of famous technology companies about what happened in the very earliest days These people are celebrities now What was it like when they were just a couple friends with an idea Founders like Steve Wozniak Apple Caterina Fake Flickr Mitch Kapor Lotus Max Levchin PayPal and Sabeer Bhatia Hotmail tell you in their own words about their surprising and often very funny discoveries as they learned how to build a company Where did they get the ideas that made them rich How did they convince investors to back them What went wrong and how did they recover Nearly all technical people have thought of one day starting or working for a startup For them this book is the closest you can come to being a fly on the wall at a successful startup to learn how it s done But ultimately these interviews are required reading for anyone who wants to understand business because startups are business reduced to its essence The reason their founders become rich is that startups do what businesses do create value more intensively than almost any other part of the economy How What are the secrets that make successful startups so insanely productive Read this book and let the founders themselves tell you Understanding IBM Workplace Strategy and Products Ron Sebastian, Douglas W. Spencer, 2005-10

Annotation IBM Workplace represents an entire portfolio of IBM products new and existing that focuses on increasing people s productivity in a new way In this book IBM Software Live Program Director Douglas Spencer and Senior Lotus Consultant Ron Sebastian start with an introduction to people productivity in the context of IBM s On Demand Business vision Then the IBM Workplace strategy and products are described You will see how the underlying componentized software infrastructure of IBM Workplace provides the flexibility businesses need in the emerging on demand world You will see how many users without traditional desks such as an outbound sales force factory floor staff airline pilots etc can collaborate with others boosting the productivity of the entire organization trading partners and customers The authors then provide an overview of the key product lines that implement the IBM Workplace vision including IBM Workplace WebSphere Portal Lotus Notes and Domino and WebSphere Everyplace You will learn how the new IBM Workplace client technology for these products combines the rich user experience of client server with the cost characteristics of Web based applications giving users the best of both worlds In the final chapter the authors explore industry specific people productivity solutions tailored for the needs of specific industries including aerospace defense automotive banking financial markets consumer products electronics utilities government health care insurance life sciences retail and telecommunications etc The Foreword by IBM Software Group General Manager of Workplace Portal and Collaboration Software Michael D Rhodin provides an insider s perspective on the thinking behind IBM Workplace To help you stay current this book comes with your personal password for accessing the companion Web site
