Louise Nevelson Laurie Lisle, 2016-03-08 Louise Nevelson one of the most important American sculptors of the twentieth century was a beautiful woman who lived so audacious a life that by the time of her death she was a legend both inside and outside the art world Born Leah Berliawsky in Czarist Russia in 1899 she grew up in Maine ostracized as a Jew and a foreigner At twenty she escaped to Manhattan as Mrs Charles Nevelson eventually leaving her husband for a life devoted to art She lived and loved with lusty abandon often in poverty and obscurity until she finally achieved fame and fortune at sixty This biography of a monstre sacre is a tale of hard tacks heroism and heedless swipes at those who dared to love her said Interview magazine Nevelson found inspiration in cubism primitive art and her own unconscious creating a rich iconography of images With black white or gold paint and perfect placement she transformed old pieces of wood picked up on the street into powerful sculptures In later years she appeared in mink eyelashes and flamboyant costumes all the while going to her studio every day before dawn to add to the astonishing body of work now in collections of museums around the world Laurie Lisle interviewed Nevelson before the artist s death in 1988 as well as her lovers family members artist friends and many others This biography provides fascinating insights and information discovered in archives and public records letters and diaries and the artist s own prose and poetry Now in a revised e book edition Louise Nevelson A Passionate Life is the only biography of this important American sculptor It is impressive in its thoroughness which nonetheless results in good reading by virtue of its interweaving of personal and professional information its eclectic introduction of psychological analysis and a phraseology that appreciates both the pain and the joy surrounding Nevelson s eccentric behavior according to Woman s Art Journal [Louise Nevelson \(videorecording\)](#), 1975 **Louise Nevelson: Light and Shadow** Laurie Wilson, 2016-12-16 The most complete biography of the iconic sculptor Louise Nevelson the groundbreaking artist and fixture of New York s art world based on hours of interviews the author conducted at the height of Nevelson s fame In 1929 Louise Nevelson was a disappointed housewife with a young son surrounded by New York s vibrant artistic community but unable to fully engage with it By 1950 she was an artist living on her own financially dependent on her family but she had received a glimmer of recognition from the establishment inclusion in a group show at the Whitney Museum of American Art In 1980 Nevelson celebrated her second Whitney retrospective Her work was held in public collections around the world her massive steel sculptures appeared in public spaces in seventeen states including the Louise Nevelson Plaza in New York City s Financial District The story of Nevelson s artistic spiritual even physical transformation she developed a taste for outrageous outfits and false eyelashes made of mink is dramatic complex and inseparable from major historical and cultural shifts of the twentieth century particularly in the art world Art historian and psychoanalyst Laurie Wilson brings a unique and sensitive perspective to Nevelson s story drawing on hours of interviews she conducted with Nevelson and her circle Over 100 images many of them drawn from personal archives and never before published make this the most visually and narratively

"American Women Artists, 1935-1970 " Helen Langa,2017-07-05 Numerous American women artists built successful professional careers in the mid twentieth century while confronting challenging cultural transitions shifts in stylistic avant gardism harsh political transformations and changing gender expectations for both women and men These social and political upheavals provoked complex intellectual and aesthetic tensions Critical discourses about style and expressive value were also renegotiated while still privileging

masculinist concepts of aesthetic authenticity In these contexts women artists developed their careers by adopting innovative approaches to contemporary subjects techniques and media However while a few women working during these decades have gained significant recognition many others are still consigned to historical obscurity The essays in this volume take varied approaches to revising this historical silence Two focus on evidence of gender biases in several exhibitions and contemporary critical writings the rest discuss individual artists complex relationships to mainstream developments with attention to gender and political biases cultural innovations and the influence of racial ethnic diversity Several also explore new interpretative directions to open alternative possibilities for evaluating women s aesthetic and formal choices Through its complex nuanced approach to issues of gender and female agency this volume offers valuable and exciting new scholarship in twentieth century American art history and feminist studies
