to show you a little of both Many of the things that we discuss are through observations and stories from people that have been there and done that We truly hope that you enjoy reading our somewhat comic romp through the world of matchmaking in cyber space as much as we enjoyed creating it On line dating can be interesting and fun but all of the stars have to align perfectly for that to happen Finding that perfect someone is not the norm its kind of like winning the lottery You run the ball hopper and see what pops out Maybe if youre lucky youll get a winner but more often than not youll get a loser This is both a man and a womans perspective about Internet Dating and relationships **Online Connections** Susan B.
