 Germain Grisez has been a leading voice in moral philosophy and theology since the Second Vatican Council In this book such major thinkers as John Finnis Ralph McInerny and William E May consider issues in ethics metaphysics and politics that have been central to Grisez's work Grisez's reconsideration of the philosophical foundations of Christian moral teaching seeking to eliminate both legalistic interpretation and theological dissent has won the support of a number of leading Catholic moralists In the past decade moreover many philosophers outside of Catholicism have weighed carefully Grisez's alternatives to theories that have long dominated secular moral philosophy This book presents a broad spectrum of viewpoints on subjects ranging from contraception to capital punishment and considers such controversies as the scriptural basis of Grisez's work his interpretations of Aquinas and his new natural law theory The collection includes not only contributions from Grisez's supporters but also from critics of his thought from proportionalist Edward Collins Vacek SJ to the neo Thomist Ralph McInerny A reply by Grisez written with Joseph M Boyle Jr addresses the issues and viewpoints expressed while an afterword by Russell Shaw reviews Grisez's pioneering work and conveys a vivid sense of the philosopher's personality As Grisez's influence grows this volume will serve as an important touchstone on his contributions to moral and political philosophy and theology

Agape Gene H. Outka, 1977-09-10 This study is the most comprehensive account to date of modern treatments of the love commandment Gene Outka examines the literature on agape from Nygren's *Agape and Eros* in 1930 Both Roman Catholic and Protestant writings are considered including those of D Arcy Niebuhr Ramsey Tillich and above all Karl Barth The first seven chapters focus on the principal treatments in the theological literature as they relate to major topics in ethical theory The last chapter explores further the basic normative content of agape and discusses some of the most characteristic problems The book is in my judgment the best recent work in religious ethics Outka brings together analytic moral philosophy and theological ethics providing a masterly survey of views and issues arising in the past forty years I can think of few books of interest to scholars in both philosophy and theology but Outka's is one Unlike some scholars who are at home in continental theology Outka is also at home in secular analytic philosophy he brings them together in a mutually illuminating way Donald Evans Outka has mastered this vast literature on love and has brought a critical and clarifying analysis to bear upon it This is a most important book on a most important subject and brings the whole discussion into a new phase John

Macquarrie The first thing to be said about Outka's book quite simply is that it is excellent in fact it is probably the very best available book about contemporary Christian ethical theory The Humanities Association Review **The Encyclopædia Britannica** Hugh Chisholm, James Louis Garvin, 1926 *Traditional Christian Ethics* David W.
