Love Anthony Lisa Genova, 2012-09-25 From neuroscientist and New York Times bestselling author of *Still Alice* a beautifully written and poignant USA TODAY novel about autism friendship and unconditional love In an insightful deeply human story reminiscent of *The Curious Incident of the Dog in the Night Time* *Daniel Isn't Talking* and *The Reason I Jump* Lisa Genova offers a unique perspective in fiction the extraordinary voice of Anthony a nonverbal boy with autism Anthony reveals a neurologically plausible peek inside the mind of autism why he hates pronouns why he loves swinging and the number three how he experiences routine joy and love In this powerfully unforgettable story Anthony teaches two women

about the power of friendship and helps them to discover the universal truths that connect us all **Love is a Racket** John Ridley, 2003 In his first novel since *Stray Dogs* John Ridley offers up a brilliant noir farce about a small time con man who finally gets it right just before it all goes wrong Everything s a racket for Jeffty Kittridge a thirty seven year old ex wannabe scriptwriter living on the skids in Hollywood the two bit cons he pulls for spending money the way he convinces himself that he s not a drunk between every shot of booze he kicks back the way he tries to assure Dumas the local shark that he s just about to pay off his 15K debt Except he s not good at any of that He s been in jail twice and the state s got a bad attitude about seeing someone the third time that bug he just felt crawling up his neck is most likely the first installment of the DTs and Dumas recently delivered a fairly emphatic payment due reminder a couple of his goons busted two of Jeffty s fingers The fact is Jeffty s a loser big as they come and things aren t about to change up for him anytime soon I would ve felt near terminally depressed he tells us as his story begins to unfold but I was so used to my life all I felt was content Then he stumbles on salvation a dirt caked street hardened exquisitely beautiful young homeless woman named Mona Jeffty prefers to think of her as Angel who inspires both his love and the idea for the perfect con It s Jeffty s chance to hit it big and to be set for good in his new life with his new love The thing about love Jeffty declares is no matter how twisted or wrong or evil it never dies But as the momentum of the con carries him closer and closer to what he imagines will be a moment of blissed out consummation with his angel Mona Jeffty discovers there are some severe exceptions to his rule Smart edgy caustically funny *Love Is a Racket* puts John Ridley in a darkly comic league of his own *Love in America* Lawrence R. Samuel, 2019-11-22 Widely considered the most complex of human emotions romantic love both shapes and reflects core societal values its expression offering a window into the cultural zeitgeist In popular culture romantic love has long been a mainstay of film television and music The gap between fictitious narratives of love and real life ones is however usually wide American s expectations of romance and affection often transcend reality Tracing the history of love in American culture this book offers insight into both the national character and emotional nature **The Film Daily Year Book of Motion Pictures** , 1938

Film Year Book ,1938 Visions of Agapé Craig A. Boyd,2017-03-02 This book brings together philosophical and theological perspectives on agapistic love The aim of the text is to illuminate the nature of unlimited love by distinct and integrative approaches to the intersection of the divine and the human Various scientific approaches to human forms of love seem to shed light on our nature as social beings But to what extent are the natural desires for affection sexual love and friendship augmented revised perfected or replaced by the gift of grace In other words we can ask how is it that agap modifies or shapes the natural loves Diverse theological and moral traditions address the question in quite startling contrast Thomists follow the dictum that Grace does not destroy nature but perfects it Lutherans draw a sharp contrast between law and Gospel while Wesleyans see charity as the sanctifying power of the Holy Spirit Some feminist theorists see the idea of self giving love as contrary to genuine self fulfilment while the neo Kantians see love as a duty to others and some Kierkegaardians see the command to love as an unusual manifestation of divine command ethics These diverse approaches in light of contemporary research in the natural and social sciences can provide fertile ground for the exploration of the intersection of human and divine love To date there is no text available that brings scholars from various theological and philosophical backgrounds together to engage in interdisciplinary dialogue on this important and much neglected aspect of research into the human and divine loves This book offers a significant attempt to remedy the situation **Dream Catchers Anthology** Excel High School,2015-05-21 This is an anthology of original stories poem and essays written by students in the

creative writing program at Excel High School a public high school in South Boston during the 2014 2015 academic year

A Classical Response to Relational Theism Brian J. Orr, 2022-02-17 The classical doctrine of God expresses that the God of the Bible is triune a se simple immutable impassible eternal and the sovereign Lord over his creation which he created from himself Modern streams of theology within the evangelical circle continue to promote a doctrine of God that sharply contrasts the classical view the traditional view of God in Christian theism Therefore a critical response to such a theology is needed This study is a comprehensive analysis and sustained critique of Thomas Jay Oord s open relational doctrine of God Oord s model substitutes process metaphysics for classical metaphysics while attempting to retain foundational Christian doctrines that were established within a classical metaphysical framework **The Smart Set** ,1914

Theology and the Science of Moral Action James A. Van Slyke, Gregory Peterson, Warren S. Brown, Kevin S. Reimer, Michael Spezio, 2012-11-12 The past decade has witnessed a renaissance in scientific approaches to the study of morality Once understood to be the domain of moral psychology the newer approach to morality is largely interdisciplinary driven in no small part by developments in behavioural economics and evolutionary biology as well as advances in neuroscientific imaging capabilities among other fields To date scientists studying moral cognition and behaviour have paid

little attention to virtue theory while virtue theorists have yet to acknowledge the new research results emerging from the new science of morality Theology and the Science of Moral Action explores a new approach to ethical thinking that promotes dialogue and integration between recent research in the scientific study of moral cognition and behaviour including neuroscience moral psychology and behavioural economics and virtue theoretic approaches to ethics in both philosophy and theology More particularly the book evaluates the concept of moral exemplarity and its significance in philosophical and theological ethics as well as for ongoing research programs in the cognitive sciences *Motion Picture and Television Almanac*, 1935
