Love's Wounds Cynthia N. Nazarian, 2017-01-10 Love's Wounds takes an in depth look at the widespread language of violence and abjection in early modern European love poetry Beginning in fourteenth century Italy this book shows how Petrarch established a pattern of inequality between suffering poet and exalted Beloved rooted in political patriarchy Sixteenth and early seventeenth century French and English poets reshaped his model into an idiom of extravagant brutality coded to their own historical circumstances Cynthia N Nazarian argues that these poets exaggerated the posture of the downtrodden lover adapting the rhetoric of powerless desire to forge a new countersovereignty from within the heart of vulnerability a potentially revolutionary position through which to challenge cultural religious and political authority Creating a secular equivalent to the martyr early modern sonneteers crafted a voice that was both critical and unstoppable because it suffered Love's Wounds tracks the development of the countersovereign voice from Francesco Petrarca to Maurice Scève Joachim du Bellay Théodore Agrippa d'Aubigné Edmund Spenser and William Shakespeare Through interdisciplinary and transnational analyses Nazarian reads early modern sonnets as sites of contestation and collaboration and rewrites the relationship between early modern literary forms

Fantasy in the Grotto: Otherworldly Adventures in Classical Chinese Literature Timothy Wai Keung Chan, 2025-02-20 In a fourth century tale two farmers get lost in a pleasure grotto and unwittingly sever their fragile ties

Imagination and Fantasy in the Middle Ages and Early Modern Time Albrecht Classen,2020-08-24 The notions of other peoples cultures and natural conditions have always been determined by the epistemology of imagination and fantasy providing much freedom and creativity and yet have also created much fear anxiety and horror In this regard the pre modern world demonstrates striking parallels with our own insofar as the projections of alterity might be different by degrees but they are fundamentally the same by content Dreams illusions projections concepts hopes utopias dystopias desires and emotional attachments are as specific and impactful as the physical environment This volume thus sheds important light on the various lenses used by people in the Middle Ages and the early modern age as to how they came to terms with their perceptions images and notions Previous scholarship focused heavily on the history of mentality and history of emotions whereas here the history of pre modern imagination and fantasy assumes center position Imaginary things are taken seriously because medieval and early modern writers and artists clearly reveal their great significance in their works and their daily lives This approach facilitates a new deep structure analysis of pre modern culture

You James Dazouloute, 2019-09-15 When it comes to Poetry you might ask What s In A Word Well Beloved a word is the most powerful weapon that has ever existed in the entire universe and a Word is so so powerful and invincible that even God The Creator had to use it to speak Let There Be Light And then continue on to create the entire universe including you and me On top of that you have been told many times that you were given the power over life and death in the tongue where everything you speak takes power over life and death not only in your life but in the life of everyone you speak your words to Such as a child who you tell that he or she is worthless and that kid ends up growing up with self esteem issues Or a grown up whom you verbally abuse and that person ends up having psychological problems long after you are gone So as you are starting to realize the power of words is invincible and just imagine if you USE WORDS TO SPEAK LOVE IN YOUR RELATIONSHIP
