How the World's News Media Reacted to 9/11 Tomasz Płudowski,2007 How Did the World s News Media React to 9 11 Not surprisingly most of the world s news media criticized the terrorists and offered sympathy and support to the United States in the days right after the September 11 2001 attacks But this phase didn t last long With a week or two many of the world s news media even some in Western countries were putting some of the blame for the attacks on the United States citing its history of heavy handed politics around the world Many hoped the attacks would wake up the United States to this fact But the subsequent U S led wars in Afghanistan and Iraq dashed these

hopes Today much of the sympathy and support generated from the tragedy has dissipated a replaced instead by a widespread belief that political leadership in the United States is more arrogant intransigent and self absorbed than ever This is the major theme of *How the World's News Media Reacted to 9/11* which contains 22 chapters written by scholars and experts from around the world that examine news media coverage of 9/11 from more than two dozen countries The arrogance theme isn't one that many U.S. politicians journalists and citizens want to hear But it's the message that the world's news media have been sending and the question now is Will U.S. media and politicians listen Other key highlights in this book American TV news channel news executives deliberately excluded controversial U.S. guests and opinions from their news coverage of 9/11 Chapter 20 Media in Australia Canada and other countries demonized Muslims and Arabs after 9/11 Chapters 18 and 21 Ordinary Arabs and Muslims in the Middle East have distorted views of the United States partly because their media do not provide all of the facts Chapter 15 but Americans too misunderstand Muslims and Arabs because U.S. media have failed to help Americans understand why much of the world hates their political leadership numerous chapters
