The Soul of the Organization David B. Zenoff, 2014-03-01

Given the opportunity to describe Apple as a company in just a word or two, most would respond with adjectives like Innovative, Design-conscious, Iconic. Some would probably even say Secretive. But here's another: Soulful. Yes, Apple has a soul, and it is not alone in that respect. A select few organizations can similarly be said to exhibit similar qualities of soul that inspire passion in their employees and set them on the path to high levels of sustained organizational performance. But given that most organizations are plagued by low levels of employee engagement and lackluster organizational performance, how do high-performing organizations do it? How do they ignite and sustain employee engagement and boost individual and overall organizational productivity? That is exactly the question that organizational expert David B. Zenoff sets out to answer in *The Soul of the Organization*. Based on the author's extensive experience consulting to and observing some of the best-known organizations in the world, *The Soul of the Organization* (www.souloftheorganization.com) journeys into eleven high-performing organizations operating in both the for-profit and not-for-profit worlds to determine the underlying elements of soul that foster strong employee engagement at all levels. What Zenoff finds in his inquiry is that organizations as different as home goods retailer Williams-Sonoma and not-for-profit group Larkin Street Youth Services all share in common five key elements of soul that taken together are powerful forces for fostering employee engagement, satisfaction, and meaning. And he doesn't stop once he has identified the five core elements of an organization's soul. Instead, he goes on to offer both a conceptual framework and a practical primer on how to leverage these key ingredients to create, sustain, and nourish a soul in your organization. Organizations of all stripes and in all industries and domains have great difficulty motivating their workforces to demonstrate a strong commitment to giving their all in the workplace. As a result, these organizations' overall productivity and growth are compromised, and their employees cannot find meaning or satisfaction in their work. If your organization struggles with sub-par employee loyalty, commitment, and drive, you will find the guidance you need in *The Soul of the Organization*, a guide to infusing into your workplace that special something that engages employees, drives their productivity, and taps into their collective well of potential so that your organization can make its mark on the world.

Sufism-The Soul of Islam Sultan ul Ashiqeen, Sultan Mohammad Najib ur Rehman, 2020-10-30

Sufism is a journey. A miraculous one. Filled with hurdles, yet easy for those who are born pure and those who choose. It is the choices, and not always the actions, as they could be deceptive. Sufism is the spiritual and mystical aspect of Islam. The esoteric cosmos has every spiritual blessing, notion, and trial. In the universe of Sufism, the destination is being One with the Divine Essence, tawhid, and the dear friend and leader on this path is the spiritual guide. Motivation and power to accomplish comes from loving Allah only, as Sultan Bahoo has famously said: Only Allah. Everything other than Allah is lust. The names Allah and Mohammad, *Ism e Allah Zaat* and *Ism e Mohammad*.

Wisdom for the Soul of Black Folk Roderick Terry, 2007. Another book of quotations. Indeed there are numerous excellent extant anthologies of quotations but these tend to be very broad with a bias toward classical and well known authors. Those works which document the contributions of Black authors have tended to focus on African Americans. Considerable as their output is, undeniable recognition of this prevalence is reflected in the title of the present volume which pays homage to W. E. B. Du Bois' classic work and in the preponderance of entries from American sources. Nevertheless, effort has been made to cast a wider net to capture under-represented and unfamiliar voices. Khemetic texts preserved in papyri and stelae are the earliest literature to have survived, followed by the writings of North African Romans and Ethiopian philosophers and clerics and the lately recovered Timbuktu manuscripts from their repositories in the desert sands of Mali. The Transatlantic slave experience gave rise to the slave narratives and abolitionist literature from both sides of the Atlantic which remained predominant right up to the 20th century. Post Emancipation, under colonial rule and white domination, Black poetry and prose emerged adhering to prevailing standards evidenced typically in the work of Phillis Wheatley and the sonnets of Claude McKay. With the Civil Rights and Black Power movements would come iconoclastic expressions of protest and identity. There is a sizeable body of literature by Black authors from Africa and the diaspora who speak to universal values and eternal verities. This anthology of their work focuses on the inner life, on personal development and self-actualization. 3000 quotations have been selected to inspire, enlighten and encourage; they have been arranged in 200 psycho-spiritual categories and in chronological order. The resulting timeline of thought in itself is useful and

instructive as it demonstrates very clearly the evolution of consciousness evident in the contemporary thinking on particular subjects Like its predecessor Wisdom for the Soul Five Millennia of Prescriptions for Spiritual Healing this volume contains a full biographical index and bibliographical references Much of the material is anthologized here for the first time

Breaking the Soul of a Folk Jonathan Burey, Shirley Burey, 2012-09-26 This book play was written to give those who seek their purpose in society some hope to cope in a world that is so unevenly divided Life becomes difficult for those who understand their footprints must be left in the sands to remain hopeful We wrote Breaking the Soul of a Folk from our own experience This book play gives a face to the homeless and explains why we as a civilized nation should care We added our poetry and illustrations to give our readers a fuller picture of the concepts that we are trying to convey Finally we want our readers to UNDERSTAND that equality is for every woman and man as we continue to fight until leaders set their standards and qualifications to advance all races regardless of their previous economic condition So we included our play entitled In Search of My Soul to show our readers why we feel that we must stop designing standards to exclude the homeless and stop allowing programs funding that treat them as if they are criminals What our ancestor wrote earlier still holds true today This is that the homeless deserve the right to be treated with dignity and be afforded the right to seek their individual purpose You see even the homeless will have to come and be judged for one thing is for certain and that is DEATH which is everyone's FINAL CURTAIN
