Mozart On The Stage Music Index:

Mozart on the Stage Frederick C. Benn,2013-03-01 Bonded Leather binding **The Music of Wolfgang Amadeus Mozart, the Symphonies** Robert Dearling,1982 Giving special attention to contemporary recordings and performances which show Mozart's symphonies in their best light this study explains how his individual sound is achieved considers problems of eighteenth century instrumentation and advances new theories on the composer's life **A dictionary-index of musicians (eds. F. H. Martens, M. W. Cochran, and W. D. Darby)** Daniel Gregory Mason,1917 Mozart's Operas Edward Joseph Dent,1913 Music Practices Across Borders Glaucia Peres da Silva,Konstantin Hondros,2019-06-04 Connecting migration studies and the theory of valuation this collection offers an interdisciplinary approach to the study of transnational music practices Conceiving music as a practice not confined to audibility the contributions reveal how music emerges in concrete situations through people objects techniques meanings and emotions in different parts of the world and during different historic periods Values are thereby created and shared and creative processes are evaluated in terms of diversity space and exchange This book presents cases of contemporary popular and traditional music festivals and trade fairs albums and band projects shedding light on the tensions between the transfer reconstruction and creation of music in different contexts Reader's Guide to Music Murray Steib,2013-12-02 The Reader's Guide to Music is designed to provide a useful single volume guide to the ever increasing number of English language book length studies in music Each entry consists of a bibliography of some 3-20 titles and an essay in which these titles are evaluated by an expert in the field in light of the history of writing and scholarship on the given topic The more than 500 entries include not just writings on major composers in music history but also the genres in which they worked from early chant to rock and roll and topics important to the various disciplines of music scholarship from aesthetics to gay lesbian musicology *Mozart* Tim Carter,Distinguished Professor of Music Emeritus Tim Carter,2025-09-10 Why do Mozart's musical works in major and minor keys sound so different from each other and what creative insights might these differences reveal In *Mozart A Tale of Two Keys* Tim Carter explores the composer's instrumentation tuning and temperament techniques offering new insights into his symphonies and sonatas Mozart's Music of Friends Edward Klorman,2016-04-21 This study analyzes chamber music from Mozart's time within its highly social salon performance context **The Letters of Wolfgang Amadeus Mozart (1769-1791)** Wolfgang Amadeus Mozart,1865 **Mozart and Enlightenment Semiotics** Stephen Rumph,2012 In *Mozart and Enlightenment Semiotics* Stephen Rumph shifts the ground of interpretation for late eighteenth century European music by reinstating the semiotics and language theory of the period In so doing Rumph challenges and reappraises current orthodoxies These challenges are extremely valuable bravely offered and intuitively right as well as convincingly argued Matthew Head author of *Orientalism Masquerade and Mozart's Turkish Music* Stephen Rumph's book is to my knowledge the first successful attempt to ground classical music in its contemporaneous intellectual context In this respect Rumph's book is a great

achievement It is an imaginative tour de force bursting with dazzling insights and with an apparently encyclopedic range of intellectual reference in several languages Michael Spitzer author of *Metaphor and Musical Thought* By keeping so many things in focus at the same time Stephen Rumph has really written several books in one an introduction to Enlightenment theories of the sign for scholars of music a much needed historical context for modern musical semiotics a sensitive new exploration of the circulation of meanings in and through Mozart's music and an important contribution to the ongoing integration of musicology into cultural studies I suspect that in the course of several readings one would come away each time with a different set of equally valuable revelations Elisabeth LeGuin author of *Boccherini's Body An Essay in Carnal Musicology* [The New Encyclopedia of Music and Musicians](#) Waldo Selden Pratt,1924 **The Musical World** ,1838 [The Gramophone Classical Catalogue](#) ,1994-12 [Life of Mozart: Volume 3](#) Otto Jahn,2013-09-05 The 1882 three volume English translation of the 1867 second edition of a landmark biography of Wolfgang Amadeus Mozart 1756-91 **The Letters of Wolfgang Amadeus Mozart (1769-1791) Tr. from the Collection of Ludwig Nohl** Wolfgang Amadeus Mozart,1865 *Dedicating Music, 1785-1850* Emily Green,2019 Why dedicate music What did dedications mean to their readers and writers especially after 1785 when more works were offered to fellow composers as well as to patrons Borrowing from book history and sociological theory *Dedicating Music 1785-1850* is a large scale study of patterns of dedications Emily H Green argues that the kinds of offerings printed in the late eighteenth through mid nineteenth centuries reflect a changing financial and aesthetic landscape in which patronage was waning and independent artistry surging Dedications labeled written music as a gift while presenting composers with an opportunity for self promotion They also contributed to a new kind of branding of music by communicating composers friendships and artistic allegiances *Dedicating Music* considers dedications issued in print between 1785 and 1850 in sets of overlapping corpuses offerings to peers as in Mozart's string quartets dedicated to Haydn to patrons as in Ignaz Pleyel's string quartets for Count Erd dy to friends as in Ferdinand Ries's offerings for Beethoven and dedications issued by publishers as in Beethoven's song *In questa tomba oscura* included in publisher Tranquillo Mollo's collection offered to Prince Lobkowitz The result is a synchronic study that highlights the importance of printed packaging rather than notes on the page to the complex relationship between composers publishers and consumers of music EMILY H GREEN is Assistant Professor of Music at George Mason University The University of Rochester Press gratefully acknowledges generous support from the Claire and Barry Brook Endowment of the American Musicological Society and the AMS 75 PAYS Endowment of the American Musicological Society both funded in part by the National Endowment for the Humanities and the Andrew W Mellon Foundation **The Letters of W. A. Mozart (1769-1791) Translated, from the Collection of L. Nohl, by Lady Wallace. With a Portrait and Facsimile** Wolfgang Amadeus Mozart,1865 **Music News** ,1924 **Opera** Guy A. Marco,2002-05-03 *Opera* is the only guide to the research writings on all aspects of opera This second edition presents 2 833 titles over 2 000 more than the first edition of books parts

of books articles and dissertations with full bibliographic descriptions and critical annotations Users will find the core literature on the operas of 320 individual composers and details of operatic life in 43 countries All relevant works through to November 1999 have been considered covering more than fifteen years of literature since the first edition was published

A Brief History of Music in Western Culture Mark Evan Bonds,2004 Suitable for all courses in music history This brief and accessible text provides undergraduates with a conceptual framework for understanding stylistic and social developments in the history of music from classical antiquity to the present This text allows the student to grasp the richness and importance of musical history in two important ways It combines narrative with primary sources in a lively and engaging manner and it traces key concepts of musical style and the uses of music across time
