fictional abuse of animals a snarky analysis of chick lit and a technical review from the belly dancing critic of a YA novel featuring that ancient art On a more serious note Campbell pleads for what she calls Godsearch in books for teens and pays tribute to her late friend Robert Cormier Without question the essays in Campbell's Scoop provide readers with the unique insights of an advocate who is passionate about young adult literature and its future *Learning Curves* Beth

Younger, 2009-07-09 Adolescence is a time of growth change and confusion for young women During this transition from childhood to adulthood sex and gender roles become more important Meanwhile depictions of females—from the hyper sexualized girls of music videos to the chaste repression of Purity Balls—send mixed messages to young women about their bodies and their sexuality Over the last several decades authors of young adult novels have been challenged to reflect this concern in their work and have responded with varying degrees of success In *Learning Curves* Body Image and Female Sexuality in Young Adult Literature Beth Younger examines how cultural assumptions and social constraints are reinforced and complicated through common representations of young women Each chapter analyzes a recurrent theme in the history of young adult literature including issues of body image pregnancy abortion lesbianism and romance By examining selected novels for their sexual content situating them within their social and historical context and analyzing their discursive qualities the author reveals the multitude of complex ways that society depicts teenagers and their sexualities and offers a critique of patriarchal culture that gives value to the female experience **Young Adult Literature** Michael

Cart, 2010-09-01 This insightful and often humorous work presents the evolution of YA lit in an appealing way making it equally useful for students of literary studies *Becoming a Woman Through Romance* Linda K. Christian-Smith, 2019-10-01

A woman is incomplete without a man motherhood is a woman's destiny and a woman's place is in the home These conservative political themes are woven throughout teen romance fiction's sagas of hearts and flowers Using the theory and interpretive methods of feminism and cultural studies Christian Smith explores the contradictory role that popular culture plays in constructing gender class race age and sexual meanings Originally published in 1990 *Becoming a Woman through Romance* combines close textual analyses of thirty-four teen romance novels written in the United States from 1942-1982 with a school study in three midwestern American schools Christian Smith situates teen romance fiction within the rapidly changing publishing industry and the important political and economic changes in the United States surrounding the rise of the New Right By analysing the structure of the novels in terms of the themes of romance sexuality and beautification and the Good Bad and Strong Weak dichotomies she demonstrates how each has shaped the novels' versions of femininity over forty years She also shows that although romance fiction is presented as a universal model it is actually an expression of white middle class gender ideology and tension within this class This highly readable comprehensive and coherent work was the first to combine in one volume three vital areas of cultural studies research the political economy of publishing textual analysis and a study of readers The first full scale study of teen romance fiction *Becoming a Woman through Romance*

establishes the importance of the study of popular culture forms found in school for understanding the process of school materials in identity formation

Peep Show Joshua Braff, 2010-06-01 David Arbus will be graduating from high school in the spring of 1975 His divorced parents offer two options embrace his mother's Hasidic sect or go into his father's line of work running a porn theater in the heart of New York's Times Square He joins the family business What else would a healthy seventeen year old with an interest in photography do But he didn't think it would mean giving up his mother and sister altogether Peep Show is the bittersweet story of a young man torn between a mother trying to erase her past and a father struggling to maintain his dignity in a less than savory business As David peeps through the spaces in the screen that divides the men and the women in Hasidic homes we can't help but think of his father's Imperial Theatre where other men are looking at other women through the peepholes As entertaining as it is moving Peep Show looks at the elaborate ensembles rituals assumed names and fierce loyalties of two secret worlds stripping away the curtains of both

Girl Land Caitlin Flanagan, 2012-01-12 The physical emotional and social milestones of every girl's life what we've lost and gained in the 21st century The physical emotional and social milestones of every girl's life what we've lost and gained in the 21st century Caitlin Flanagan's essays about marriage sex and families have sparked national debates Now she turns her attention to girls the biological and cultural milestones for girls today and how they shape a girl's sense of herself The transition from girl to woman is an experience that has changed radically over the generations everything from how a girl learns about her period to how she expects to be treated by boys and men Girls today observe these passages very differently and yet the landmarks themselves have remained remarkably constant proof Flanagan believes of their significance In a world where protections of girls privacy and personal freedom seem to disappear every day the ultimate challenge modern parents face is finding a way to defend both

Cementville Paulette Livers, 2014-03-18 Cementville has a breathtaking set up 1969 A small Kentucky town known only for its excellent bourbon and passable cement direct from the factory that gives the town its name The favored local sons of Cementville's most prominent families all joined the National Guard hoping to avoid the draft and the killing fields of Vietnam They were sent to combat anyway and seven boys were killed in a single horrific ambush The novel opens as the coffins are making their way home along with one remaining survivor the now maimed town quarterback recently rescued from a Vietnamese prison camp Yet the return of the bodies sets off something inside of the town itself a sense of violence a political reality a gnawing unease with the future and soon new bodies start turning up around town pushing the families of Cementville into further alienation and grief Presented as the Our Town of its time we'll meet Maureen the young sister of a recently returned soldier who attempts to document the strange changes going on in her town Harlan O'Brien a war hero just rescued from three years in a POW camp whose PTSD starts bending his mind in terrifying ways Evelyn Slidell the wealthy icon and oldest woman in town a descendent of the town's founders and no stranger to what grief does to a family Giang Smith the war bride who flees the violence of Vietnam with her new American husband only to

encounter echoes of it in her new home and the notorious Ferguson clan led by the violent Levon and his draft dodging younger brother Byard who carry a secret that could further tear the town apart With the Civil Rights Act only a few years old a restless citizenry divided over the war and the Women s Movement sending tremors through established assumptions about family life Cementville provides a microcosm of a society shedding the old order and learning how to live with grief a situation with resonant echoes concerning war and community still being confronted today *First Opinions, Second Reactions* Janet Alsup,Christy Wessel-Powell,2025-07-01 First Opinions Second Reactions A Collection of Innovative Online Reviews of Literature for Children and Young Adults features selected pieces from the journal First Opinions Second Reactions which reviews children s and young adult books The journal and this book consist of reviews of books written by scholars of children s and YA literature followed up with responses from those who share the books with their intended audiences children and teens The editors have selected twelve issues classified under four thematic categories social and political issues diversity and inclusion identification and empathy and genre study to represent the depth and breadth of publication since the journal s founding Also included are ideas for classroom activities that engage with these works
