**Dictionary of National Biography** Leslie Stephen,1885 *The challenge of the sublime* Hélène Ibata,2018-02-05 This book examines the links between the unprecedented visual inventiveness of the Romantic

period in Britain and eighteenth century theories of the sublime Edmund Burke s *Philosophical Enquiry into the Origin of our Ideas of the Sublime and Beautiful* 1757 in particular is shown to have directly or indirectly challenged visual artists to explore not just new themes but also new compositional strategies and visual media such as panoramas and book illustrations by arguing that the sublime was beyond the reach of painting More significantly it began to call into question mimetic representational models causing artists to reflect about the presentation of the unrepresentable and drawing attention to the process of artistic production itself rather than the finished artwork      *Notes on the Reply of the Rev.
