Terrorists have staged an unprecedented attack on the mainstream of America's economic might, destroying the backbone of the nation's communication centers. Anarchy and social disorder have turned the tides of peace. Enslaved in fear, Americans have turned their rage and violence against each other. Warfare erupts in the streets as The President of the United States is forced to do the unthinkable: he must deploy military troops into the heart of our own cities. America's only hope of survival is Marc Bishop, a man with a bounty hanging over his head, branded a traitor by his own government, a man who has been running for his life for the past three years. As Bishop is catapulted back into a world of espionage, he must race against time to save America and himself. But it's a journey of betrayal as Bishop uncovers a secret web of ingenious conspirators that plan to bring America and the rest of the world to its knees.
