The Real Enid Blyton Nadia Cohen,2018-08-30 She is the most prolific childrens author in history but Enid Blyton is also the most controversial A remarkable woman who wrote hundreds of books in a career spanning forty years even her razor sharp mind could never have predicted her enormous global audience Now fifty years after her death Enid remains a phenomenon with sales outstripping every rival Parents and teachers lobbied against Enids books complaining they were simplistic repetitive and littered with sexist and snobbish undertones Blatant racist slurs were particularly shockingly foreign and working class characters were treated with a distain that horrifies modern readers But regardless of the criticism Enid worked until she could not physically write another word famously producing thousands of words a day hunched over her manual typewriter She imaged a more innocent world where children roamed unsupervised and problems were solved with midnight feasts or glorious picnics with lashings of ginger beer Smugglers thieves spies and kidnappers were thwarted by fearless gangs who easily outwitted the police while popular schoolgirls scored winning goals in nail biting lacrosse matches Enid carefully crafted her public image to ensure her fans only knew of this sunny persona but behind the scenes she weaved elaborate stories to conceal infidelities betrayals and unconventional friendships lied about her childhood and never fully recovered from her parents marriage collapsing She grew up convinced that her beloved father abandoned her for someone he loved more and few could ever measure up to her impossible standards A complex and immature woman Enid was plagued by insecurities and haunted by a dark past She was prone to bursts of furious temper yet was a shrewd businesswoman years ahead of her time She may not have been particularly likeable and her stories infuriatingly unimaginative but she left a vast literary legacy to generations of children
