Welcome to the Essential Novelists book series where we present to you the best works of remarkable authors. For this book, the literary critic August Nemo has chosen the two most important and meaningful novels of Bret Harte which are *Gabriel Conroy* and *Clarence*. Bret Harte was the first American writer from the West Coast to gain an international reputation. He was instrumental in introducing frontier literature to eastern audiences. His stories established many of the basic characteristics of the western genre: rough, sarcastic humor, rustic dialect, and character types such as good-natured gamblers, greedy bankers, and prostitutes with hearts of gold. Novels selected for this book: *Gabriel Conroy*, *Clarence*. This is one of many books in the series *Essential Novelists*. If you liked this book, look for the other titles in the series; we are sure you will like some of the authors.    **The American** Robert Ellis Thompson, Wharton Barker, 1882. *Documents of the Senate of the State of New York* (State).
