**Mr. Bumps and his Monkey** Walter de la Mare, 2022-08-01 Walter de la Mare's *Mr Bumps and his Monkey* is a quintessential example of his ability to weave the fantastical with the ordinary creating an enigmatic tapestry that captivates the imagination As much a piece of literary artwork as it is a narrative the book exemplifies de la Mare's distinctive use of poetic language ensuring that it occupies a unique place in literary context DigiCat Publishing has taken great care to preserve the integrity of de la Mare's vision presenting this special edition that maintains the original text while providing accessibility for contemporary readers both in print and digital formats Born in 1873 Walter de la Mare was a prolific British poet short story writer and novelist known for his contributions to supernatural and psychological thrillers His nuanced understanding of the human psyche combined with an innate ability to portray it through an otherworldly lens is reflective of his own fascinations and lifelong exploration of the boundaries between reality and the mystical *Mr Bumps and his Monkey* is often seen to be a culmination of de la Mare's preoccupations channeled into an allegorical form that continues to resonate with readers of all ages This volume is recommended for readers who seek a journey into the surreal through the power of expertly crafted prose Scholars and enthusiasts of early 20th century literature will particularly appreciate the fusion of everyday life and the supernatural elements that are the hallmark of de la Mare's work *Mr Bumps and his Monkey* is not merely a book but an experience a literary adventure that enchants and challenges making it a worthy addition to the collections of those who cherish the legacies of world literature

**Mr. Bumps and His Monkey ... Illustrated by Dorothy P. Lathrop** Walter De la Mare, Dorothy Pulis Lathrop, 1942 **Catalog of Copyright Entries. Third Series** Library of Congress. Copyright Office, 1967 Includes Part 1 Number 1 Books and Pamphlets Including Serials and Contributions to Periodicals January June , **Short Stories for Children** Walter de la Mare, 2012-07-18 The publication of *Short Stories for Children* celebrates the fiftieth anniversary of Walter de la Mare's death It is also the culmination of a major literary enterprise For many people Walter de la Mare 1873 1956 is as great a writer of fiction as of poetry But the majority of his short stories of which there are a hundred have long been unavailable *Short Stories* brings them all together in three volumes in the first comprehensive collection to be published The third and last volume *Short Stories for Children* starts with *Broomsticks and Other Tales* of 1925 with its twelve stories and continues with *The Lord Fish* of 1933 with seven stories It includes three distinctive stories *Pigtails Ltd* *The Thief* and *A Nose* that have never been reprinted since they originally appeared in *Broomsticks* Quirky disparate unpredictable acutely observed sometimes frightening and often preoccupied with states of mind and personal identity these stories have much in common with the adult stories Some of them are peopled with giants witches kind elves evil and spiteful fairies and imprisoned maidens in castles but most are not We find ourselves in railway trains a mansion in the City of London another Elizabethan one in a mysterious tract of country a remote farm house near the sea a waterlogged forest a drawing room being watched by a fly

and among other things we encounter a wise monkey a haunted cat a fish magician a baron transmogrified into a donkey a thief desperate to be burgled a man who believes he has a wax nose and a godmother celebrating her 350th birthday As in de la Mare's poems everyday reality may at any time become undercut by disturbing uncertainty and dark though not always malign forces A full understanding of the poems and stories is impossible without knowledge of both Vivid and timeless Bold's original woodcut designs and Rex Whistler's original engravings have been used to illustrate the two parts of the book

Punch on the children's stories Whether Walter de la Mare is writing of scarecrows or piccaninnies cats fish very old ladies an admiral with a magic jacket or a godmother who could offer three centuries of life he is enchanted and enchanting There is a wisdom as well as magic or perhaps one should say a magical wisdom

TLS on Short Stories 1895 1926 and Short Stories 1927 1956 What strikes one most about them is how truly peculiar they are it is good to see these dark and disquieting stories back in print

Martin Seymour Smith in Scotland on Sunday on Short Stories 1895 1926 He was so great that like all the greatest his greatness functions as an assumption that goes hardly even recognized the chief emotion is as it should be one of immense gratitude

Lord David Cecil Beautiful enigmatic and disquieting stories Angela Carter De la Mare is a master of mise en scene Prose with the most vivid and unsettling intensity which resembles some of what the surrealists were producing in France

*Making Americans* Gary D. Schmidt, 2013-12-01 American children need books that draw on their own history and circumstances not just the classic European fairy tales They need books that enlist them in the great democratic experiment that is the United States These were the beliefs of many of the authors illustrators editors librarians and teachers who expanded and transformed children's book publishing between the 1930s and the 1960s Although some later critics have argued that the books published in this

era offered a vision of a safe secure simple world without injustice or unhappy endings Gary D Schmidt shows that the progressive political agenda shared by many Americans who wrote illustrated published and taught children s books had a powerful effect Authors like James Daugherty Laura Ingalls Wilder Lois Lenski Ingri and Edgar Parin D Aulaire Virginia Lee Burton Robert McCloskey and many others addressed directly and indirectly the major social issues of a turbulent time racism immigration and assimilation sexism poverty the Great Depression World War II the atomic bomb and the threat of a global cold war The central concern that many children s book authors and illustrators wrestled with was the meaning of America and democracy itself especially the tension between individual freedoms and community ties That process produced a flood of books focused on the American experience and intent on defining it in terms of progress toward inclusivity and social justice Again and again children s books addressed racial discrimination and segregation gender roles class differences the fate of Native Americans immigration and assimilation war and the role of the United States in the world Fiction and nonfiction for children urged them to see these issues as theirs to understand and in some ways theirs to resolve Making Americans is a study of a time when the authors and illustrators of children s books consciously set their eyes on national and international sights with the hope of bringing the next generation into a sense of full citizenship
