Hollywood on the Veld Ted Botha,2025-04-16 In 1913 a secretive American millionaire who lived on the top floor of the famous Carlton Hotel had a crazy idea to make movies in Johannesburg And not just any movies but the biggest in the world huge spectacles with elaborate sets thousands of extras and epic story lines Isidore Schlesinger better known as IW built a studio on a farm called Killarney where he set out to challenge a place in America that was in its infancy Hollywood The glamour gossip and high drama of IW s studio fitted perfectly into a city experiencing an intoxicating golden age There was as much action on the movie sets as there was on screen from political intrigue and the clashing of massive egos to public outbursts fiery judicial inquiries disaster and death Behind this mad enterprise was a maverick a tycoon a recluse a friend of the famed and the connected Schlesinger could have held his own in California but he chose as his base the City of Gold and his indomitable ambition saw his Hollywood on the Veld soar This is the untold story of the rise and fall of the strangest and most unique movie empire ever **I Don't Believe That Either . . . However** Tucker E. Dawson,2024-01-24 This book is written for the thinking person who is struggling to believe It does this by presenting Christianity as a matter of relationships Good behavior and correct belief do not build relationships but grow from them The Bible tells the unfolding story of a relationship given lost and reoffered again and again This is more clear when we begin here below where we are accentuating God s immanence over his transcendence In such an approach optional understandings of church teachings become evident options that are biblically and theologically sound but are seldom offered There is more than one way to skin a dogma These alternatives to many teachings provide hope to those outside the church who wish for something more than competition for material possessions and for those inside the church and struggling to stay We are socialized into a scientific world view in which there is little room for spirituality This tension between science and religion is addressed by the presentation of Christianity that is not anti intellectual rigid or defensive This book shows that we do not need to choose

between our worldview and our faith **Five Classic Spenser Mysteries** Robert B. Parker, 2013-06-17 Robert B Parker has taken his place beside Dashiell Hammett Raymond Chandler and Ross Macdonald The Boston Globe once wrote But over the course of a legendary literary career Parker single handedly reinvented American detective fiction for the modern world with his irreverent idealistic protagonist Spenser This exclusive eBook bundle brings together five of the best early Spenser mysteries including the first three in the series THE GODWOLF MANUSCRIPT Book 1 GOD SAVE THE CHILD Book 2 MORTAL STAKES Book 3 EARLY AUTUMN Book 7 A CATSKILL EAGLE Book 12 From a murdered student at an elite university to a star Red Sox pitcher accused of throwing games from the affluent Massachusetts suburbs to the backstreets of Boston and the backwoods of Maine these immersive novels are grounded in place peopled by a diverse cast of characters and bursting with Spenser s signature humor and attitude Praise for Robert B Parker s Spenser novels Crackling dialogue plenty of action and expert writing Unexpectedly literate Spenser is in many respects the very exemplar of the species The New York Times They just don t make private eyes tougher or funnier People Parker has a recorder s ear for dialogue an agile wit and strangely enough a soup on of compassion hidden under that sardonic flip exterior Los Angeles Times A deft storyteller a master of pace The Philadelphia Inquirer Spenser probably had more to do with changing the private eye from a coffin chaser to a full bodied human being than any other detective hero The Chicago Sun Times Spenser is tough intelligent wisecracking principled and brave The New Yorker

Destination Bermud Laura L. Sarver, 2011-07 Lucinda McCaine was a beautiful and successful CEO of her own advertising agency in California When the deal was set to buy an agency in Chicago where her brother Mason was working as an undercover police officer she tried to contact him The news of his death was a complete shock Lucinda had to find the truth he deserved to rest in peace not in this dark cloud of mystery What really happened the night Mason died Was it a drug bust gone bad like the police report stated or was it murder The only man that had the answers she needed was James Cole Mason s former police partner She had no choice but to find him The moment Lucinda and James crossed paths all their plans and deceptions became intertwined into a fight for their lives The moment their eyes met the sensual energy created an impact that neither of them expected that neither of them were prepared to face How could Lucinda trust him when he may be a killer Fate had stepped in to dramatically change both of their lives

The First King of Hollywood Tracey Goessel, 2015-10-01 Theatre Library Association s Wall Award Finalist Silent film superstar Douglas Fairbanks was an absolute charmer Irrepressibly vivacious he spent his life leaping over and into things from his early Broadway successes to his marriage to the great screen actress Mary Pickford to the way he made Hollywood his very own town The inventor of the swashbuckler he wasn t only an actor he all but directed and produced his movies and in founding United Artists with Pickford Charlie Chaplin and D W Griffith he challenged the studio system But listing his accomplishments is one thing and telling his story another Tracey Goessel has made the latter her life s work and with exclusive access to Fairbanks s love letters to Pickford she brilliantly illuminates how Fairbanks conquered not just the

entertainment world but the heart of perhaps the most famous woman in the world at the time When Mary Pickford died she was an alcoholic self imprisoned in her mansion nearly alone and largely forgotten But she left behind a small box in it worn and refolded were her letters from Douglas Fairbanks Pickford and Fairbanks had ruled Hollywood as its first king and queen for a glorious decade But the letters began long before when they were both married to others when revealing the affair would have caused a great scandal Now these letters form the centerpiece of the first truly definitive biography of Hollywood's first king the man who did his own stunts and built his own studio and formed a company that allowed artists to distribute their own works outside the studio system But Goessel's research uncovered more that Fairbanks's first film appearance was two years earlier than had been assumed that his stories of how he got into theater and then into films were fabricated that the Pickford Fairbanks Studios had a specially constructed underground trench so that Fairbanks could jog in the nude that Fairbanks himself insisted racist references be removed from his films intertitles and the true cause of Fairbanks's death Fairbanks was the top male star of his generation the maker of some of the greatest films of his era The Thief of Bagdad Robin Hood The Mark of Zorro He was fun witty engaging creative athletic and a force to be reckoned with He shaped our idea of the Hollywood hero and Hollywood has never been the same since His story like his movies is full of passion bravado romance and desire Here at last is his definitive biography based on extensive and brand new research into every aspect of his career and written with fine understanding wit and verve **The Dead Straight Guide to Queen** Phil

It is a barren part of space No star systems certainly no planets and nothing that could sustain life Why then are people attracted here and why do they start acting in strange ways when they arrive Is there something here after all This is a science fiction novel describing a series of separate tales of mysterious behaviour including murder assault and sabotage but they are all linked together in a common theme surrounding this peculiar part of space
