Burying the Lead Mal Jay Hyman, 2019-03-01 The Cold War ushered in a time of secrecy and willing media cooperation to keep those secrets But even after winning that war the vault of secrets remains firmly locked especially surrounding John F Kennedy's murder Even for those who fundamentally oppose the current presidential administration notions of a national security state and fake news must be examined to maintain a functional democracy This book explains the rapid decline in confidence in government that started after the assassination of JFK The mainstream media failed to go beyond repeating the official story and by 1991 they along with academe and the government had stopped investigating altogether It was filmmaker Oliver Stone whose film fueled public outrage and led to the JFK Act to declassify all of the remaining documents Almost four million pages of documents were then released that even Congress had not yet seen The JFK Act stated that all files must be released by October 2017 yet thousands are still withheld on the grounds of national security This volume examines the tight alliances that have allowed this cover up for more than 50 years President Kennedy declared in October 1963 that men who create power make an indispensable contribution to a nation's greatness but the men who question power make a contribution just as indispensable especially when they are disinterested for they determine whether we use power or power uses us

Grant's life is only slightly less tumultuous. Her enemies force her to leave the Republican Party. Erna Godfrey implicates her husband Reverend Burke Godfrey in the killing of Patti's first husband Andrew Hudson Grant. But Reverend Godfrey refuses to go down without a fight. FIND AN ENEMY CHOOSE A WEAPON START THE CLOCK

In a new world order, old enemies are now allies, old weapons are obsolete, and the most powerful device in the world has just fallen into the wrong hands. The White House and the NSA know Frank Hall can fix problems, whether they are two miles beneath the sea or buried within our own borders. A former Navy SEAL who has made a career of taking chances, Hall has been sent to Washington State on a mission that will start the minute he hits the streets. Someone has hijacked one of America's most important military secrets. For Hall, finding out what happened to RONE II and to the genius who disappeared with it means launching an all-out chase from the snowy Olympic Mountains to the storm-lashed Pacific Ocean. In an age when international battle lines are blurred and old rules no longer apply, Hall and his team are ripping apart a deadly international conspiracy linking the United States Militia Corps to China and beyond, setting up the most terrifying endgame of all the one America cannot win.

A fascinating story of Jane Wyman, Ronald Reagan, and Nancy Davis.

The Hunting of the President Joe Conason, Gene Lyons, 2001-02-03

When Hillary Clinton spoke of a vast right-wing conspiracy determined to bring down the president, many people dismissed the idea. Yet if the first lady's accusation was exaggerated, the facts that have since emerged point toward a covert and often concerted effort by Bill Clinton's enemies, abetted by his own reckless behavior, which led inexorably to impeachment. Clinton's foes launched a cascade of well-financed attacks that undermined American democracy and nearly destroyed the Clinton presidency. In vivid prose, Joe Conason and Gene Lyons, two award-winning veteran journalists, identify the antagonists, reveal their tactics, trace the millions of dollars that subsidized them, and examine how and why mainstream news organizations aided those who were determined to bring down Bill Clinton. *The Hunting of the President* may very well be the *All the President's Men* of this political regime.
